VANCOUVER, B. C.

The Coldstream Estate Company, Limited

VERNON, B. C.

WE have the sale of about 700 acres subdivided into lots of from one to twenty acres of this magnificent fruit land.

An extensive irrigation system is in operation, which gives an unfailing supply of water for each lot. In addition to this there is a domestic water and telephone system. About thirty acres of the estate is used as a nursery from which the best varieties of apple and plum trees can be procured at prevailing prices. A large portion of the land we have for sale is already planted in one and two-year-old trees.

The Coldstream Estate is one of the most highly cultivated and productive fruit ranches in the Okanagan District.
