

AUGHRIM, Township of Brooke, Ont.,  
Lot 13, Con. 1, July 25th, 1884.

*The Massey Mfg. Co., Toronto :*

DEAR SIRS,—I have just been using one of your Light Binders that I bought from your agent in this place, Wm. Clements, and I assure you that I am exceedingly well pleased with the work it has done, in fact it has far exceeded my most sanguine expectations. I never saw one working before, yet without help from any person who knew anything about working a Binder, I started it, and have run it for two days without a single mishap, part of the time on a steep, rough side hill, yet it did its work well. It lifted the down grain well, and that too when lying from the Binder.

HENRY BROWNLEE.

MALTON, Ont.

*The Massey Mfg. Co. :*

The Toronto Light Binder I bought from you this season pleases me beyond my expectation. I have cut all kinds of grain, some of the oats were very heavy and badly down and tangled, and thought I would have to cut them with a reaper or perhaps mow them, but after trying the Binder in them I have concluded that what I cannot get with the Toronto Binder is not worth mowing; it is all I could wish it to be. Wishing you success

I remain yours, etc.,

WELKINS C. DALTON.

ST. MARY'S, ONT.

*The Massey Manufacturing Co. :*

DEAR SIRS,—The Toronto Light Binder I purchased from your agent, A. Welfare, is all that he recommended it to be. I had determined to buy the best Binder in the market; and carefully examining the different machines, and seeing all the different Binders working, I decided to buy the Toronto. After cutting a harvest of over 100 acres, I must say that I am well pleased with my bargain, and would advise all farmers to examine the Toronto before buying.

ROBERT THOMPSON.

COLINVILLE, Ont., Oct. 10th, 1884.

*The Massey Manufacturing Co. :*

GENTLEMEN,—Having purchased one of your Light 5 foot Binders, I cut 45 acres of grain, some of which was heavy and lodged, and some of the land rough, still the machine did its work well and gave good satisfaction.

Yours truly,

JAMES CRUIKSHANK, JR.

GLENALLEN, Ont., Aug. 27th, 1884.

*The Massey Manufacturing Co. :*

GENTLEMEN,—If my name appearing in your catalogue will be of any service in promoting the interests of such a worthy and reliable firm, I am willing to have it inserted and appear before the public. I have now cut over 400 acres of short barley, heavy fall wheat and oats. I must say that I am more than pleased, no breaks, no bother, only stopping to oil. I heartily recommend farmers to carefully examine the Toronto Light Binder with its attachments and the Sheaf Carrier, which is worth one man in the field. I would not buy a Binder without a Carrier.

I am, truly yours

ISAAC STAUFFER.

CROSS HILL, Ont., Sept. 2, 1884.

*The Massey Manufacturing Co. :*

GENTLEMEN,—We have now finished cutting one entire harvest with one of your Toronto Binders, which amounts to over 100 acres; part of which was very short and some very long and lodged. The Binder did its work to our entire satisfaction, and we have got through without a break or delay of any kind. We consider the Toronto Binder is the best built and most durable of any Binder made, and would advise all intending purchasers to carefully examine the Toronto before buying.

R. & T. CAMPBELL.

NASSAGAWEYA, Ont., October 11th, 1884.

*The Massey Manufacturing Co. :*

GENTS,—The Toronto Light Binder we purchased from your agent, Mr. Hartley, has given us the very best satisfaction. We have cut very heavy wheat and light barley, and nothing gives us more pleasure than to recommend it to intending purchasers. It is light of draught and evenly balanced.

Yours respectfully,

JOHN KITCHING.

TYNESIDE P. O., Ont.

*The Massey Manufacturing Co. :*

This is to certify that the Toronto Light Binder purchased from your agents, Ford & Neale, has given entire satisfaction. I have cut some of the heaviest grain this season, which turned out 46 bushels to the acre—ten acres 460 bushels. The straw was about 5½ feet high and some was badly down. I also cut short barley. I think it the machine for the farmer, and can recommend it to those wishing to purchase a Binder.

T. C. SMITH.

TILSONBURG, Ont.

*The Massey Manufacturing Co. :*

The Toronto Light Binder we purchased from you, works to our entire satisfaction. We have cut about 30 acres on side hills and among pine stumps, in fact it works any place a reaper can. We would not like to part with it.

JAS. & R. PROCUNIER.

THE REPUTATION OF

## The Toronto Binder

IN

### Manitoba and the North-West.

Continued in Supplement.

CRYSTAL CITY, N. W. T., Sep. 11th, 1884.

MR. T. J. MCBRIDE, Manager.

*The Massey Mfg. Co., Winnipeg :*

GENTLEMEN,—The Toronto Binder we purchased from your agent, Mr. Lawrence, has surpassed all expectations; we have cut over 70 acres and it has not cost us a cent. For lightness of draught I don't think it can be beaten. The "Sheaf Carrier" we think, or in fact we know, to be a first class contrivance; it saves one man's work. For ease of operating, and manner in which the work is done, we think the Toronto Binder can't be beaten.

JOHN EWEN.

THOMAS BLAKELEY.

PORTAGE LA PRAIRIE, Man., 1884.

MR. T. J. MCBRIDE,

*Of the Massey Manufacturing Company, Winnipeg.*

SIRS,—The Binder that I received from your agent, W. Mawhinney, this year, has given me great satisfaction, doing good work among the rough and tangled grain, being able to cut all around where my neighbors were having to cut on the two sides with other makes of Binders. My neighbors told me the Binder I purchased from you I should not be able to get down low enough to pick up lodged grain. But now they say the Massey machine is the best they ever saw for that purpose. After having used the machine, I and my neighbors find the raising and lowering of the Toronto Binder is all that is required, and as to draught, I can confidently say it is the lightest on horses I ever saw, having run your 6 foot machine with two horses. Therefore I would recommend any one in want of a Binder to purchase the "Toronto."

Yours truly,

JOHN WOODMAN,  
Portage La Prairie.

CARBERRY, N. W. T., Sept. 1st, 1884.

MR. T. J. MCBRIDE,

*Manager of the Massey Manufacturing Company.*

DEAR SIR,—The Toronto Cord Binder I purchased from your agent, L. J. Ostander, has given me good satisfaction. It runs light and I have no bother with it getting out of order, as most other machines in this settlement. I started my machine all alone, the agent was away from home. It went off like a charm, without a single "kick." I have now cut most of my grain, and the machine still holds good. I can cut the very shortest grain that grows and make a very good job of it. I must say I like the machine the best of any I have seen. The Sheaf Carrier is a first class article, I would not have a machine without it. Other agents reported it useless, but I am more than satisfied with the way it does its work.

Yours very truly,

THOMAS FREELAND.

WELLINGTON, Man., Sept. 10, 1884.

T. J. MCBRIDE,

*Manager of the Massey Mfg. Co., Winnipeg.*

DEAR SIR,—The Toronto Binder we purchased from your agent, Wm. Mawhinney, is giving us entire satisfaction, after cutting seventy-five acres of heavy tangled grain and some light short barley, picking it up as clean as it could be done.

We are pleased to see your agent and expert now driving through our settlement looking after our interests, and feel sure that it will tell in your business hereafter, as some of our neighbors using other Binders cannot say as much. The raising and lowering of the Toronto is the best in our estimation of any we have seen. Wishing you every success, we are,

Yours truly,

ALEX. EDGAR,  
ROBERT CLARK.

NELSON, Man., Sep. 19th, 1884.

*The Massey Manufacturing Co., Toronto :*

GENTLEMEN,—This is to say that I purchased one of your Toronto 6 foot Binders this season, and it has given the best of satisfaction. My boys and I set up the Binder and cut my 100 acres of grain without any assistance whatever from anyone. The lowering and raising apparatus is complete, and the whole machine seems to be as nearly perfect as a machine can be. I may say also that I cut the 100 acres in 6½ days. I may also state that I used the "Sheaf Carrier" all through, and would not like to be without it, because it saves the labor of one man. Any person wishing a good Binder should, by all means, get a "Toronto."

Yours, etc.,

H. G. JICKLING.

CARLING, Man., Aug. 22, 1884.

*The Massey Manufacturing Company.*

DEAR SIRS,—The Toronto 5 foot cut Binder I purchased from your agent, L. L. Atkinson, has given me good satisfaction, doing its work first-class. The Sheaf Carrier is a great saving in stooking grain. I must say the raising and lowering is perfect.

ROBERT CONNOR.

ST. PIERRE, Man., Aout 22me, 1884.

*Massey Manufacturing Cie. :*

MESSIEURS,—J'ai le plaisir de vous remercier du service que vous m'avez rendu par votre agent, F. Cloutier, en me donnant l'idée d'essayer votre Lieuse à Corde (Toronto). Depuis que j'ai acheté cette machine, je suis toujours de plus en plus enchanté des ses perfections, je n'ai rien à désirer de mieux et je suis positive à dire qu'on ne peut rencontrer sa supérieure; et je profite de l'occasion pour faire remerciements à votre agent, F. Cloutier, pour m'avoir fait perdre l'idée d'acheter d'une autre Compagnie à un prix un peu moins élève, une machine qui ne m'aurait certainement pas rendu un aussi bon service que la votre.

Je suis, Messieurs,

Votre très humble serviteur,

JOSEPH BOUROND.

STE. ANNE, Man., Aout 20me, 1884.

*Massey Manufacturing Cie. :*

MESSIEURS,—Aujourd'hui je prends la liberté de vous écrire quelques mots au sujet de votre Lieuse à Corde (Toronto) que j'ai acheté de votre agent, F. Cloutier. La Lieuse la question mutile de la, comparé avec les autres du même genre; la Lieuse coupe bien et l'ent très facile à mener nous ne pouvons jamais désirer de mieux je crois devoir vous dire, Messieurs, que l'année prochaine plusieurs Messieurs, dans mon canton, désireraient avoir une Lieuse semblable à la mienne. Veuillez acceptez les remerciements les plus sincère de la part de votre.

Votre très humble serviteur

NORBERT PERREAULT.

STE. AGATHE, Man., Sept. 7me, 1884.

*Massey Manufacturing Cie. :*

MESSIEURS,—La Lieuse à Corde Toronto que j'ai acheté de votre agent, F. Cloutier, me donne entière satisfaction; je l'ai assez essayé dans toute sorte de grains; mêlés et droit; et aussi abattu à terre; tout abattu qu'il était de la manière que le dévidie est fixe il ne peut faire autrement que de tout le ramasser. Un mot à propos du transporteur de jebes qui est d'une grande commodité et exemte beaucoup d'ouvrage et de frais. Je conseille à mes voisins et mes amis de se procurer une Lieuse pareille à la mienne. La Lieuse que je possède coupe cinq pieds de largeur et de plus le transporteur de jebes; avec le tout deux chevaux travaillés à leur aient. C'est avec beaucoup de difficultés que votre agent m'a fait donner mon ordre mais à present je lui doit beaucoup de remerciements.

Je suis, Messieurs,

Votre très humble serviteur,

PHILIAS GRATTON

STE. ANNE, Man., Aout 15me, 1884.

*Massey Manufacturing Cie. :*

MESSIEURS,—Permettez moi de à vous adresser quelques mots à propos de votre Lieuse à Corde que j'ai acheté de votre agent, F. Cloutier. La Lieuse travaille à la perfection nous ne pouvons désirer quel-que chose de mieux en fait de Lieuse nous avons assez la Lieuse dans toutes sortes de grains et toujours l'ouvrage a été convenablement fait, elle coupe bien et aussi est très aisé à mener, le meilleur conseil que j'ai à donner à mes amis et à tous ceux qui desire se procurer une Lieuse de Toronto ne pourrais jamais faire mieux d'après les connaissances que j'ai en depuis aujourd'hui. Toujours vive la Lieuse de Toronto pour donner bonne et entière satisfaction à tout le monde.

Votre, etc.,

FRANCIS NAULIN, PIERRE FALCON,  
JOS. FALCON, BAPTISTE LEMIRE.

ST. JEAN BAPTISTE, Man., Sept. 3me, 1884.

*Massey Manufacturing Cie. :*

MESSIEURS,—Si tous les cultivateurs connaissent les avantages que l'on rencontre à travailler avec un Moissonneuse-lieuse (self-Binder) ils ne vaudraient pas s'en passer plus longtemps le meilleur que je n'ai jamais en et celui qui moi a donné le plus de satisfaction à été celui qui m'a été procuré de la Compagnie Massey. Il a des avantages réels sur ceux que je m'étais déjà procurés.

Je seus, Messieurs,

Votre très humble serviteur,

XAVIER GAUTHIER.

ST. JEAN BAPTISTE, Man., Aout 29me, 1884.

*Massey Manufacturing Cie. :*

MESSIEURS,—C'est un vrai plaisir que de Moissonneuse, en utilisant un Moissonneuse-leuse (self-Binder). Je m'en suis procuré une cette année de Mr. F. Cloutier, agent pour la Compagnie Massey; c'est un instrument léger et qui moi donné la plus grande satisfaction. Je ne savais mieux faire que de la recommander aux fermiers qui veulent faire beaucoup de bon travail et en peu de temp.

Votre très humble serviteur,

JOSEPH BEAUDET.

ST. JEAN BAPTISTE, Man., Sept. 13me, 1884.

*Massey Manufacturing Cie. :*

MESSIEURS,—Nous nous sommes procurés une Moissonneuse (self-Binder) vendu par la Compagnie Massey, par l'entremise de son agent, Mr. F. Cloutier. Le travail de la machine est des plus satisfaisant, et nous croyons l'être utile à nos amis en leur conseillant de se procurer une Lieuse à Corde Toronto.

Votre, etc.,

M. LAMONTAGNE & E. CARTIER.
