President**

Bo-Man Store Merchandising Limited is a wholly-owned and operated Canadian company. In business since 1972, our firm specializes in glass display units and showcases for retailers in the gift and tableware industries.

We offer a complete line of modular glass displays. Glass is expertly cut and edged to our customers' precise specifications. Our clear glass units compliment merchandise, creating a strong and positive impact for today's discerning shopper.

Customers of Bo-Man can also turn to our custom built glass showcases, with each unit constructed to the particular needs of individual retail outlets.

At Bo-Man, we take pride in our work. Our highest compliment is our customers' total satisfaction. With Bo-Man units, you're truly on display.

*Glass display units and showcases ensure retailers' merchandise is sure to sell.*

**Brosseau International Sun Brush Ltd.**

7177 Barnet Street

Powell River, British Columbia

Canada V8A 1Z9

(604) 485-5429

**Contact: Maurice Brosseau,  
President**

SUN BRUSH! is a unique sun tan lotion applicator which has been invented and patented by Brosseau International Sun Brush. SUN BRUSH! offers that added touch to your tan, and minimizes pain on sun burned skin... all without getting your hands oily.

Our company also manufactures planter wishing wells, constructed in attractive British Columbia red cedar. Our planter wishing wells are known for their originality and beauty. They are designed to enhance outdoor flower beds, lawns, patios and a variety of commercial settings.

WIND SCREWS is yet another unique line produced by Brosseau International. Hand crafted from British Columbia red cedar, and rare yellow cedar, our WIND SCREWS are easy to install, and rotate gently in the slightest breeze.

We at Brosseau International Sun Brush assure wholesalers and retailers quality products at affordable prices.

*Decorative ornaments, created by hand from rare woods, catch every breeze.*

**B & K Industries**

9790 Meunier Street

Montreal, Quebec

Canada H3L 2Y8

(514) 381-8031

**Contact: Ross Peters,  
President**

In business for over 25 years, B & K Industries manufactures an original range of die casted and special epoxy finished products. Our line includes key chains, lapel pins, emblems, badges, crests, and auto escutcheons. We can plastic injection mould nameplates and escutcheons in special chrome and silver. Three dimensional effects are available in matte, gold and silver.

We produce the "no-frill" key chain and distinctive crested buckles in plastic or metal. B & K undertakes full manufacturing of its products, including its special plating processes.

Inquiries are welcomed for all types of buckles, key chains, cuff links, paper weights, money clips, tie clips, badges, nameplates, emblems and escutcheons. Products are available in quantities from 100 to 100,000, and up.

B & K produces hot stamping on all types of plastic; and, vacuum plating in gold and silver on plastic, steel, zinc and aluminum. For unusual products at affordable prices, B & K has styles that sell.
