

SERVICES TO FACILITATE EXPORTS

(To be completed only by those firms providing services to Canadian exporters)

- 13 **Service-oriented firms:** Firms assisting with or providing export support through financing, transportation, market promotion or the provision of any related service should describe contributions vital to the export success of Canadian companies with which they have been associated.

- a) Were these services existing or newly created? If newly created, when were they first offered and why? If more than one service is involved, please answer separately for each.

- b) How has the use of the service(s) by Canadian exporters grown over the past three years?
