

ARTICLE 5

Exchange of Information upon Request

1. The competent authority of the requested Party shall provide upon request information for the purposes referred to in Article 1. Such information shall be exchanged without regard to whether the conduct being investigated would constitute a crime under the laws of the requested Party if such conduct occurred in the territorial jurisdiction of the requested Party.
2. If the information in the possession of the competent authority of the requested Party is not sufficient to enable it to comply with the request for information, that Party shall use all relevant information gathering measures to provide the applicant Party with the information requested, notwithstanding that the requested Party may not need such information for its own tax purposes.
3. If specifically requested by the competent authority of the applicant Party, the competent authority of the requested Party shall provide information under this Article, to the extent allowable under its domestic laws, in the form of depositions of witnesses and authenticated copies of original records.
4. Each Contracting Party shall ensure that its competent authority for the purposes specified in Article 1 of this Agreement, has the authority to obtain and provide upon request:
 - (a) information held by banks, other financial institutions, and any person acting in an agency or fiduciary capacity including nominees and trustees;
 - (b) information regarding the ownership of companies, partnerships, trusts, foundations, "Anstalten" and other persons, including, within the constraints of Article 2, ownership information on all such persons in an ownership chain; in the case of trusts, information on settlors, trustees and beneficiaries; and in the case of foundations, information on founders, members of the foundation council and beneficiaries. This Agreement does not create an obligation on the Contracting Parties to obtain or provide ownership information with respect to publicly traded companies or public collective investment funds or schemes unless such information can be obtained without giving rise to disproportionate difficulties.
