OF CANADA

## PRAYERS

The Order being read for the consideration of the Business of Supply;

Pursuant to Standing Order 58, Mr. Dionne (Kamouraska), seconded by Mr. Allard, moved,—That this House deplores the fact that the government has neglected to make legislative changes to remedy present problems at all levels of labour activity.

This neglect has resulted in:

- (1) a climate of instability and dissatisfaction for workers and the working class in general;
- (2) the toleration of a system which allows certain union figures to wield powers exceeding their responsibilities;
- (3) the toleration of illegal strikes and work stoppages initiated on any pretext which paralyze or even destroy the economy and the social progress of vast fields of activity;
- (4) a continued opposition between employees and employers instead of the development of mutual aid policies.

To remedy this situation, Parliament should:

- (1) pass measures granting fiscal advantages to employees and employers to restore their motivation;

- (2) effect stimulating measures to increase work attractiveness and professional satisfaction;

- (3) urge corporations to set up employee shareholding and profit sharing programs;

- (4) create labour tribunals made up of experts in employer-employee relations and empowered to set adequate working conditions for restoring mutual understanding and preventing conflicts.

After debate thereon, proceedings on the motion expired.
