MONTHLY SUMMARY.

In addition to the Grammar and Common School Improvement Act and new Roman Catholic Separate School Act passed during the last Session of the Legislature, an Act has also been passed "to provide means for the sale of lands held for the purposes of Educational Institutions in Upper Canada, when such lands cannot be conveniently used for such purposes."... A correspondent sends us the following:—"A meeting of the Teachers of the Counties of Wentworth and Halton, convened by public notice, was held in the Central School, Hamilton, on Saturday the 9th inst., for the purpose of forming a Teachers' Institute. Though the attendance was not so large as was expected, yet a great deal of business was transacted. The President (the Rev. Mr. McClure) and the usual officers attached to similar associations were duly elected. The various Teachers to write and read essays, to teach lessons and give lectures at the next meeting were appointed, also the matters for discussion named, so that on the whole everything promises well, and it is to be hoped that the Teachers of the two Counties will attend the next convention to be held at the same place on Friday and Saturday the 6th and 7th proximo.
