

and a voracious one it was too; the dry, hacking cough changed into loose and violent attacks, finally disappearing altogether; pains left his side, his hand resumed its usual steadiness; and, before he finished ten bottles, his health was quite restored, and to-day not a more healthy person is to be found on our streets; and it is the opinion of all, had he not been fortunate in getting your valuable Sirup of Hypophosphites, he would now be in his grave.

He happened to be in W. H. Thompson's the day your first shipment arrived, and took at once four bottles to the Labrador, which he was very anxious to do, but had no occasion to use them himself. No other medicine will he ever prescribe, recommend, or give, but yours.

I also recommended it to another consumptive, but have not heard from him since, as he lives in a distant part of the island. Hoping this will give you some encouragement,

I remain yours, &c.,

D. H. BURRIGE.

ASTHMA.

COMMERCIAL SCHOOL,
HARBOR GRACE, NEWFOUNDLAND. }

MR. JAMES I. FELLOWS. *Dear Sir,* — I am very happy to acknowledge the benefit I have received from the use of your Compound Sirup of Hypophosphites. For upwards of twelve months I suffered most acutely from a severe cough, and a most violent asthma, for the relief of which I
