CITY HALL NOTES

For the first time in many months, the board of control held a peaceful and business-like meeting yesterday morning. There was no unnecessary argument, no bad temper, no calling of nasty names, and no vote-catching episodes to record. The result of all this was that some genuine business was transacted that tends towards the citizens' best interests. It is a pity that a kind of Marconi photo could not have been taken of the meeting. To have such a print in the board of control meeting room would act as a guide to future controllers in the matter of decorum.

The mayor yesterday received two letters of complaint from the Chinese consul-general. The first letter, dated from Ottawa, makes complaint that at about 11:20 p.m. of the 27th he was with a friend on York street, when he saw a city constable stop a Chinaman carrying a grip. The constable tried to open the locked grip, and on his failure, began to talk excitedly to the Chinaman. The consul, believing he could be of service as an interpreter, offered his good offices. He alleges he was abused by the police officer for his interference, even after he disclosed his official rank. He mentions the constable's number in his letter. The second letter has reference to the riots of Nov. 17, and the consul, in enclosing some statements of claims for damage, says the city ought to reimburse the Chinese for their losses, but should arrest the ringleaders of the riots and prosecute them to trial and conviction. The mayor has referred both letters to the chief of police for report.

It was generally concluded at the city hall yesterday that the board of control acted outside the law when on Thursday they voted certain moneys to be used for the construction of the Bloor street car line. On reference to the minutes of the council for 1914, it is revealed that the particular sum in question was voted for the Mount Pleasant and Lansdowne avenue lines. The report on which the bylaw was voted upon says: "To authorize raising \$220,000 for construction and equipment of car line commencing near intersection of Broadway avenue and Mount Pleasant road, and extending southerly and westerly to a connection with Yonge street."

Many aldermen yesterday expressed surprise at the board of control voting as they did on the Bloor street proposition. It was against the advice of their officials, and yesterday they had to take it all back. As one alderman remarked yesterday: "Some of the members of the board of control say in effect, 'Hang legality! Get the Bloor line at all costs.' If the board of control had not seen the errors of their ways it would have been easy for any citizen to have obtained a mandamus to prevent the Mount Pleasant money being expended on Bloor street."

Another complication raised by the hasty action of the board of control was that the council last Monday ordered the Bloor street financing to be taken out of some other fund, and that resolution naturally takes precedence of the later decision.

But all's well that ends well. The board of control yesterday threw the whole transportation question into the melting pot and out of it have constructed an entirely new program, by which both Mount Pleasant and Bloor street railways will be constructed immediately.

There is likely to be a spirited debate at Monday's meeting of the council on the early-closing bylaw for

UNITARIANISM.

It is the religion of reason and the human heart. It is the religion of the Lord's Prayer, the Golden Rule, and the two Great Commandments of Love to God and Love to Man. It stands for deeds, not dogmas; for hope and trust and worship, for freedom of thought and progress, not for bondage to the past; for earnest and united effort to build up the Kingdom of Heaven on earth. It teaches that the truest service of God is service of Humanity. First Unitarian Church, Jarvis St., near Dundas. Morning service, 11. Rev. James C. Hodgins, Minister.
