PUBLIC AMUSEMENTS

At the Princess.
Lew Dockstader and his great minstrel company come to the Princess Theatre for the usual exhibition week attraction, opening Monday, with matinee Wednesday and Saturday. Included in the galaxy of stars are Carroll Johnson, Neil O'Brien, the Foley boys, wooden shoe "dog and buck dancers," Frank and Bert Leighton, John King, and many other well-known comedians, and such soloists as Manuel Romain, Mat Keefe, William McDonald, Gra F. Weller and a picked chorus of twenty

troupeurs carry the burden of the fun-making, supported by a clever and peculiarly attractive company. There are

more than thirty musical numbers, including a pretty Japanese specialty, "A May O' San," and some spectacular bits.

At the Majestic.

The big dock scene, showing the departure of the transport "City of Pekin," loaded down with Uncle Sam's big bill, will be the first of the new feature of the "Across the Pacific," which is one of the great scenic triumphs of the "Across the Pacific," the feature of the Majestic next week. Then there

AL. LEECH, in "Girls Will Be Girls."

is the great battle scene in the Philippines, showing a small body of soldiers, including a pretty Japanese specialty, "A May O' San," and some spectacular bits.

At the Grand.

Wm. A. Brady's big musical company in "Girls Will Be Girls," comes to the Grand Opera House next week. The play was successful on the road last season and has just closed a splendid engagement at the 14th-street Theatre, New York, where it played to crowded houses for six weeks. One of the most interesting points in the appearance of Al. Leech as a star. For ten years Leech and his "Rodeos" have been headliners in vaudeville. "Girls Will Be Girls" was written by R. McVie, Baker and Joseph Hart, with several musical numbers added by A. B. Stone, composer of "Sergeant Kitty," "The Mocking Bird," "Cupid & Co." and a host of popular airs. The piece is filled with screamingly funny lines, features with a splendid selection of songs, and closes her act with clever imitations and novelties. At Leech and the three

Shea's.

For fair week Manager Shea will give his patrons one of the biggest bills in many seasons. Heading the big bill will be Clay Clemp & Co. in an unusually good comedy sketch, "The Clever Actor," which has not been seen in Toronto for several years, and in his offering will be supported by a clever company. As an extra attraction Mr. Shea has secured Cherish Simpson, who is a great favorite here and is well remembered as the prima donna in the original production of "King Dodo" and the "Sultan of Sulu," and last season Miss Simpson appeared as the principal boy in "Woodland." She will be heard in a splendid selection of songs, and closes her act with clever imitations and novelties. At Leech and the three

Strength—Free to Men

How to Regain It Without Cost Until Cured.

Strength of body—strength of mind! Who would not possess it if they could? It is nature's greatest gift—our most valuable possession. Without this strength life is a failure, with it everything is possible. Almost every man has made strong, but few have been taught how to preserve this strength. Many, through ignorance, have wasted it recklessly or used it up excessively, leaving the body exhausted, the nerves shaky, the eyes dull and the mind slow to act. There are thousands of these weak, puny, broken-down men dragging on from day to day who might be as strong and vigorous as ever were they if they would only turn to the right source. Electricity cures these weaknesses. It gives you back the very element you have lost. It puts new life into the veins and renews the vigor of youth. For 40 years I have been curing men, and so certain am I now of what my method will do that I will give to any man who will take my medicine for the Belt to use. As I am the originator of this method of treatment and have made it a great success, there are many imitations of my Belt, but my great knowledge, based on 40 years' experience, is mine alone. My advice is given free with the Belt.

This offer is made especially to men who lack strength and vitality, who have drains, losses, impotency, varicocele, etc., but I also give my Belt on the same terms to sufferers from Rheumatism, Lame Back, Sciatica, Kidney, Liver and Stomach Troubles.

Call or write for a Belt to-day; or, if you want to look into the matter further, I have two of the best books ever written on Electricity and its medical uses, which I send free, sealed, by mail.

CITY CANNOT REPLACE TRACK WOULD HAVE TO TAKE ACTION

Contract Does Not Give the Right—Yonge St. Bridge is Again Discussed.

Controller Shaw's mind is busy these days devising expedients whereby the Yonge-street bridge might be brought a little nearer. The other day he suggested that the city build the bridge and go to the railways on a cash-on-delivery basis. This idea failing to be received with open arms by the board, the controller took a new tack yesterday. Why not go to the railway commission?

The mayor explained with a resigned air that this step had already been taken and that the commission had side-stepped the application with the statement that the matter was being dealt with by the matter Controller Shaw thought he saw a loophole. His interpretation of the act creating the railway commission was that it had the right to sweep aside such trifles as legal tangles and could order work done. The city solicitor might be interviewed on the point, he thought, and a report will be had.

City's Limited Powers.
The city cannot replace worn-out street railway tracks which the company has declined to renew. The city solicitor gave this finding to the board upon the question being raised by controller Shaw whether the city could lay new rails on certain portions of King and Queen-streets, and collect the cost from the company. The city solicitor had wrestled with the mysteries of the argument and had found that the company had the right to keep the tracks up to the standards of the city engineer, the city might take action for specific performance or, in the alternative, for damages.

Mr. Rust to whom the question of the probable effect upon the level of Lake Ontario of a dam at the outlet of Lake Erie was referred some time ago, said that, so far as he could find out, there might be some effect during dry summer, but as yet he had not gathered sufficient data to say positively. Mr. Rust will make a report upon the subject of the proposed lakeshore driveway from Bathurst-street to the Humber.

They're Delegates Now.
The board settled upon Controller

Shaw as a fit and proper person to go with Mr. Rust to the meeting of the American Society of Municipal Engineers, which opens in Montreal on Sept. 5 and lasts three days.

The recommendation of the city engineer to erect a 5-story building at 8 Berkeley-street and the Dominion Building, which is a temporary wooden structure on Lombard-street was granted. The application of the first play of its class ever presented in the city was granted. The land of the extension of the Frederick-street yard.

Humpty Dumpty Comes.
The first production of an English Drury Lane spectacle, which has been seen in this city will be that of Klav & Erlanger's "Humpty Dumpty" at the Princess for one week, beginning Monday, Sept. 4. Seventeen scenes are used. The costumes number 2000 and cost alone \$100,000 to produce. It is the first play of its class ever presented in its entirety in Canada with the original cast and ensemble. Humpty Dumpty Comes.
The first production of an English Drury Lane spectacle, which has been seen in this city will be that of Klav & Erlanger's "Humpty Dumpty" at the Princess for one week, beginning Monday, Sept. 4. An idea of the immensity of "Humpty Dumpty" as it was seen in London and New York for the past two years, and as it will be presented here, may be gleaned from the fact that more than 300 comedians, singers, dancers and pantomimists appear in it. Seventeen scenes are used. The costumes number 2000 and cost alone \$100,000 to produce. It is the first play of its class ever presented in its entirety in Canada with the original cast and ensemble. The most prominent names are: Frank Morton, Maude Lillian Berri, William Schrodte, John G. Schrodte, Nellie Daly, George Schiller, Joseph C. Smith, John McVeigh, David Abrahams, Hilarion Corbillo, Madeline Seville and the marvellous troupe of acrobats, known as The Flying Grigolats. This production will not be seen in any other Canadian city but Toronto.
