

## EXPERTS GIVING EVIDENCE TO HELP COMPANY'S CASE

Do Not Think That Simultaneous  
Crossing of Cars at Intersec-  
tions Will Help.

The whole time of the Ontario railway board was yesterday taken up with the examination of three expert witnesses brought from large American cities by the Street Railway Company, in an effort to strengthen their case with respect to the overcrowding of cars at intersections.

J. T. Ross, consulting engineer of the Cleveland Railway Company, occupied the morning session, and his testimony was given under the direction of Mr. Fullerton, a member of the board. Mr. Ross stated that he had been in Cleveland for some time, and that he had been in the city during the winter of 1936-1937, when the cars were overcrowded.

Local conditions, declared the Cleveland expert, must be governed entirely by the state of the traffic and the number of people desiring to board the cars. The fact that the cars were overcrowded in Cleveland, he said, would be possible to pass cars going east and west or north and south at the same time. It was done in Cleveland, but the conditions were more favorable, as the devil-strip was wider and the flagman stood in the middle of the intersection.

Mr. Ross stated that the company here stopped at points designated, this Mr. Fullerton disputed, but Chairman Lettich interposed to say that the board had the night before personally made a tour and found that where possible the company respected orders of the city with regard to stopping places.

Blames Passengers.  
Toronto people, went on Mr. Ross, delayed traffic greatly when a car of cars were bunched together, not waiting until each drew up. Mr. Ross doubted the statement advanced by Mr. Fullerton that 974 cars have passed the corner of Broadway and 4th-street, New York, but admitted that as high as 720 could be put over a given corner if the only object was speed.

Chairman Lettich stated that the comparison between New York and Toronto was not a fair one, and that the policy of the board would not be to favor congestion. "I don't care what the policy of the board may be," said Mr. Fullerton, "I propose to lay the facts before you; in the meantime I ask the board to withhold their judgment."

"To keep an open mind," said the chairman, to which Mr. Fullerton responded, "just so."

Divisional Superintendent Ratcliffe of the Cleveland Street Railway Co., also gave evidence concerning the bunching of cars. He stated that the schedule of cars at a given point, Mr. Ross strongly objected. Mr. Fullerton then called for the intervention of the board, that the schedule asked for was forthcoming, but was unsuccessful. The board decided that the defense need not produce it.

Dangerous, Witness Thinks.  
Simultaneous crossings at intersections in Toronto would be dangerous, said witness, owing to the narrow streets. About 10 miles an hour in the business districts and six in the congested areas would give best results. With a population of 500,000, Cleveland has a trackage of 250 miles, a maximum of 700 cars, with a mileage per day of between 60,000 and 70,000 miles.

On Yonge-street would be to run a parallel line.

On Yonge-street would be to run a parallel line.

On Yonge-street would be to run a parallel line.

On Yonge-street would be to run a parallel line.

On Yonge-street would be to run a parallel line.

On Yonge-street would be to run a parallel line.

day. He combated Mr. Fullerton's contention that two cars crossing an intersection simultaneously would help traffic.

Mr. Oiler stated that he would produce evidence to show that the amount paid by the Toronto Street Railway in damages was less than any city of its size in America, but to this Mr. Fullerton objected, and the matter went over.

On Friday morning the board will sit again when it is expected the remaining evidence will all be submitted.

## NOT SO COLD IN THE WEST.

Saskatchewan Man Writes That Reports Have Been Exaggerated.

W. A. Sheppard of Borden, Sask., writes The World that he is in a position to state positively that "every line" of the reports of excessive damage and hardship wrought by the weather in the west "were simply dreams" resulting from a get-over drunk in the early hours on a frosty morning of some poor Cockney penny-a-line scribbler.

"The weather has been unusually cold in some parts of Manitoba, for instance, during the Great Lakes and Manitoba and Winnipeg, but generally over the province not much colder than usual. There have been no cases of suffering or death caused by cold, and in the matter of fuel there are hundreds who came in on the same train as I did who will verify my statement that there were thousands of cords of wood standing along the tracks in the west. In Winnipeg that was not during this winter in demand, and I find that there was but one point in the west where there was a temporary shortage, that is on the Regina and Prince Albert branch, near Davidson."

## THE GOVERNMENT AND ZAM-BUK.

Survey Out From Fort William  
Takes Supply of This Useful Balm.

Zam-Buk, the favorite household balm and salve, is now adopted as "the Doctor" by leading parties engaged in surveying various parts of the Dominion lands.

Mr. Henry Hall, writing from Fort William, says: "Having proved how beneficial Zam-Buk is in cases of cuts, burns, bruises, and insect bites, I determined to keep a supply handy. Being engaged to go on a survey, I thought it would be a most useful thing to take along with me. I have found it very fine for skin disease, and I can strongly recommend it as a household balm."

Mr. Lancelotti Scott, one of the leading government analysts, says: "I have no hesitation in certifying the entire purity of Zam-Buk, which in my opinion is excellently adapted for skin injuries and diseases. Zam-Buk cures cuts, scalds, burns, bruises, eczema, scalp sores, ringworm, ulcers, abscesses, chapped places, spring pimples, blood poison, chronic abscesses, etc., as an emollient, it relieves rheumatism, neuralgia and sciatica. All druggists and stores sell at 25c a box, or from Zam-Buk Co., Toronto, for price, 5 boxes sent for \$2.50. Send 10 stamps and we will mail you free sample box."

## WILL DEEPEN EASTERN GAP.

This Was Decided Upon by Harbor Commissioners Yesterday.

Yesterday the harbor commission awarded to Frank Simpson the contract for dredging the harbor. The large 11-acre lot at the Queen's Wharf has not been taken by the Canadian Shipbuilding Co. The commissioners confirmed the lease of one-tenth of an acre to the C. P. R. at Queen's Wharf, and had a consultation with J. G. Stang, government engineer, which resulted in the decision to deepen the existing eastern entrance at being less costly than any other, the rock being soft and requiring no explosives to remove.

A. C. Macdonnell M.P. was given a resolution of thanks for his services in the House of Commons, and for his work in the interests of Ontario harbor.

ARMCHAIR TOOK FIRE.  
An armchair and a lamp and an alarm to bed in yesterday afternoon for 151 Hamilton-street. The woman of the house extinguished it with a bucket of water before the firemen arrived.

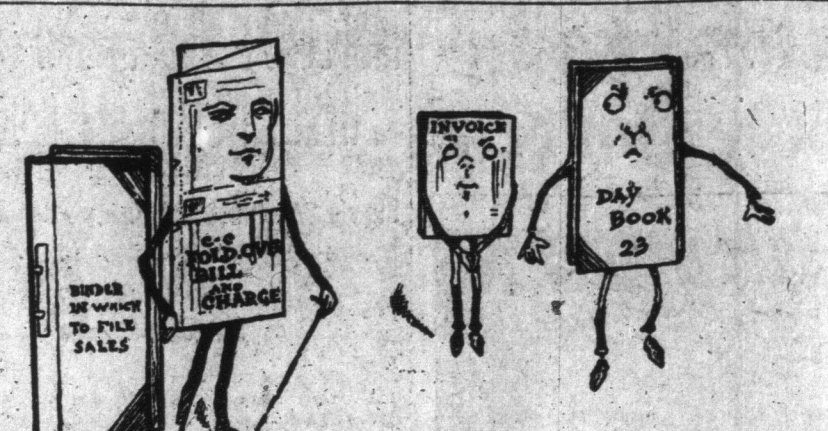

WINDSOR DELEGATION COMING.  
Windsor, March 5.—Mayor Wigle and Aldermen Bridges, Tindal and Borden and a committee from the board of trade will appear before the legislature at Toronto in support of the industrial law of Windsor on Friday.

CEAR'S MOTHER IN ENGLAND.  
St. Petersburg, March 5.—The daughter of the Russian Czar, Grand Duchess Olga, is expected to visit her mother, Queen Alexandra, in England.

## FOLDOVER BILL AND CHARGE

"In me you see, gentlemen, a very ingenious creation for a wholesale business. I do the work of you two old codgers in a simple, correct and rapid manner. I do it also in one-third the time you take and preclude the possibility of errors. I will help your boss in his business." Write Copeland-Chatterton, of Toronto, for catalogues.

## PRESBYTERIANS ORGANIZING SUNDAY SCHOOL IN ROSDALE

Prospects Are Good—Rev. J. C. Tibb Receives Call to Webwood.

A call from the Webwood congregation was presented to the Toronto Presbytery yesterday, inviting the Rev. J. C. Tibb, retiring moderator, to the pastorate at a stipend of \$800 and manse.

An application will be made to the assembly by Rev. W. Smith, recently a missionary of the United Free Church in Jamaica, with Rev. Tibb, as moderator.

A committee, with Rev. Tibb as moderator, was appointed to consider the question of asking the assembly to appoint someone to be in charge of the temperance and moral reform work of the Presbyterian Church.

It was reported that a meeting had been held with residents of Rosedale to consider the establishment of a church there and application has been made for leave to begin Sunday school work. The neighboring sessions will be consulted, and if no objection is made, the work will be begun at once.

There are 142 Presbyterian families in Rosedale. A new mission station at Runnymede, near Lambton Mills, will be organized by St. James's Church.

Mr. Lancelotti Scott, one of the leading government analysts, says: "I have no hesitation in certifying the entire purity of Zam-Buk, which in my opinion is excellently adapted for skin injuries and diseases. Zam-Buk cures cuts, scalds, burns, bruises, eczema, scalp sores, ringworm, ulcers, abscesses, chapped places, spring pimples, blood poison, chronic abscesses, etc., as an emollient, it relieves rheumatism, neuralgia and sciatica. ## BENGOUGH'S PROPOSITIONS DEFEATED ON THE VOTE

Tax Exemption and Reduced Hours  
For Liquor Selling Not Endorsed by Committee.

CITY HALL TO-DAY.

10.30 a.m.—City council will assemble, to attend funeral of Dr. Oronyatekha.

3 p.m.—Local board of health.

The absence of Ald. McMurrich at yesterday's meeting of the legislation and reception committee, resulted in the votes being recorded on motions by Ald. Bengough that application be made to the legislature to exempt dwelling houses to the extent of \$700, and that permission be given for the taking of a referendum on the reduction of the hours for the sale of liquor. Both motions were, accordingly, declared lost.

Ald. Bengough stated that the matter of taxation, being of purely local import, should be dealt with by municipalities without their being obliged to go to the legislature. The people, who had voted two to one for exemption, had not been treated with proper respect by the council, which should have been willing to place their responsibility on the legislature. It was a sound principle to allow taxation to fall on monopoly values.

Ald. Chisholm pointed out that it was too late to make application to the legislature this year, and Ald. Church, moved in amendment, that a second referendum be taken, but that the question be voted upon only by those qualified to vote on money bylaws. Ald. Chisholm supported this motion, which was voted against by Controller Ward, Ald. Bengough and Ald. Keeler.

Ald. Bengough's motion was supported by Controller Ward and Ald. Church, and was carried. Ald. Chisholm, Church and Keeler opposed.

Ald. Bengough, in backing up his motion regarding reduction in the hours for a sale of liquor, declared that it would be for the will of the people to declare itself and that it would be a "very advisable temperance measure."

Ald. Church pointed out that the time for presenting private bills to the legislature had passed, and charged Ald. Bengough with trying to embarrass the government, which the latter denied. The vote was: For, Ald. Bengough, Graham and Keeler.

Against: Controller Ward, Ald. Chisholm and Ald. Church.

Who Can Vote?  
The declaration that many persons unqualified as taxpayers to vote did actually mark their ballots in municipal elections was made in a communication from a writer, who desired to remain anonymous.

It was decided to have a report from the city treasurer as to the number of defaulters in the payment of taxes. Should the city buy more gas stock? This is a question that the board of control will shortly wrestle with. Mayor Coatsworth as a director of the Consumers' Gas Co., having received advice that 6000 new shares of stock at a par value of \$300,000 will be offered for sale by public auction on June 1.

The mayor says that whether the city is, or is not, to purchase will depend upon whether a broadened policy of dealing with the company is to be adopted. At the present time the city's representation on the board of directors, and its powers would not be increased materially by any further purchase.

Manager W. H. Pearson says that the added capital subscribed is to be used for the purpose of increasing the city's representation on the board of directors, and its powers would not be increased materially by any further purchase.

Representatives of several fraternal societies waited upon the special committee of the legislature yesterday in reference to the bill introduced by W. Macdonnell, M.P., asking several amendments to the act.

The committee is composed of Hon. J. F. Poy, W. H. Hoy, Hugh Mack, P. Graham, E. J. B. Pense and T. H. Preston, with Dr. Hunter, provincial inspector of insurance.

The bill allows insurance companies to purchase school as well as municipal debentures and gives them further protection against the payment of claims on insufficient evidence of death. It allows the insurer to dispose of a policy by will, and also allows friendly societies to register in Ontario to hold their meetings outside the province.

The societies represented were the Canadian Life Association, J. A. Patterson, K.C., North American Life and Marine Insurance Co., G. F. Lawrence, A.O.U.W.; Ald. H. Hoy, representing the Ontario and Western Life Insurance Co., C.H.C. They supported the bill.

GEN. BOOTH IN TORONTO.  
Will Reach the City at Noon Saturday—Reception at 4.30.

Gen. Booth of the Salvation Army will reach Toronto at noon Saturday. There will be no reception ceremonies at the Union Depot, but Commissioner Coombs, representing the army, and Capt. Macdonald, A.D.C. to his honor the Lieutenant-governor, will welcome the aged commander.

During his stay in the city, Gen. Booth will be a guest at Government House.

On Saturday afternoon a civic reception will be tendered at the city hall, and in the evening the army officers will meet the general in Bond-street Congregational Church.

On Sunday services will be held at Massey Hall at 11 a.m., 3 p.m., and 7 p.m. In response to an invitation extended by Commissioner Coombs, Prime Minister Whitney, Hon. Messrs. Foy, Poy, Montell, and G. P. Graham have promised to be present at the afternoon meeting.

Next Thursday afternoon Gen. Booth will address the students in Wyretha Convocation Hall, and in the evening will be the guest of the Canadian Club.

Measures Up to Every Expectation.  
The real test of a piano is not what it is, but equal to under the average occasion, when the choice of concert measure up to the highest expectations of a severe test. This has been the secret of the success of the piano made by the old firm of Heintzman & Co., 115-117 West King-st., Toronto. It is always the piano of the home, whether in the parlor of the humble or the drawing-room of the cultured, wherever musical tastes exist. It is the choice for concert purposes, for there is no visiting artist reaching Canadian borders who is not able to find in the Heintzman & Co. concert grand piano the instrument that completely meets their need. As Heintzman's own world-famed artist, Albeniz, has said: "The Heintzman & Co. excels any piano I have ever used," and Albeniz has traveled the world over.

## A FREED'S ADVICE

SAVED SUFFERING AND BROUGHT BACK HEALTH—DR. AGNEW'S GREAT HEART CURE AND CATARRHAL POWDER DEFY DISEASE AND NEVER FAIL IN THEIR MISSION OF HEALING

"I feel so thankful at the restored health of my daughter that if any use can be made of this I shall be pleased." This is what Mr. George Weale, of Elora, Ont., says in giving his testimony to the wonderful curative qualities of Dr. Agnew's Cure for the Heart. Mr. Weale's daughter was a great sufferer from heart disease and nervousness. She was unable to lie on her left side. She ran down in health and her recovery was a source of anxiety. Induced by friends who had proved its worth, she obtained Dr. Agnew's Cure for the Heart and before one bottle had been taken was able to lie in any position she desired, and when two bottles had been taken, an absolute cure was pronounced. Yes, this great remedy is a cure for all ailments of the heart, stomach and nerves, and the instantaneous relief given by it has matched by thousands of others. Don't trifle a minute if you have the slightest evidence of heart disorders, such as palpitation, fluttering or uneasiness. This remedy will relieve such troubles immediately and will cure the stomach and nerves.

"When I know a thing is worthy of a recommendation I consider it my duty to tell of it." The Rev. James Macleod, of Harrisburg, Pa., says this after having been cured of a very malignant form of catarrh by Dr. Agnew's Catarrhal Powder. We can say of its healing powers thousands of others have said and can say of it. Don't neglect "only a little cold" in the head. It may lead to chronic catarrh. Dr. Agnew's Catarrhal Powder relieves in 10 minutes and is easily applied. Keep it near you if you are a "cold in the head" subject.

DR. AGNEW'S OINTMENT cures all skin troubles.  
DR. AGNEW'S PILLS—40 doses 10 cents.

used in paying for various new works and extensions of mains made necessary by the increase in the consumption of gas. A number of the works have already been completed.

The company, which is authorized to issue \$2,500,000 of stock, has issued already \$2,500,000, which, with the new allotment, will make the total \$2,500,000.

Railway's Boldness.  
The flying in the registry office by the C.P.R. of a plan for a new branch line from a point near Beach-street, along the south side of Front-street to St. Lawrence Market, was brought to the attention of the board of control yesterday. The board was somewhat taken aback by the boldness of the proposition. The application, which comes before the railway commission on April 4, will be vigorously opposed.

It is probable that the Canadian Northern Railway will change its plans for freight yards in the Don Valley above Winchester-street.

Unless the Grand Trunk agree to depress its proposed extra tracks, the city will oppose the plan.

That Dr. Sheard disregarded the contract with the McCann Milling Co. by purchasing quantities of feed elsewhere for horses in the streets department, is charged by the company, and he will be asked to explain.

As a result of Sunday's drowning accident at the foot of Brock-street, death, Rev. St. Clair urged upon all parents the necessity of safeguarding the morals of their children. There had been too much laxity in explaining the true condition of affairs before the eyes of the child should come to the age of accountability.

## DEMANDS LAW ENFORCEMENT

Lord's Day Alliance Will Confer With Premier McBride.

Vancouver, B. C., March 5.—Premier McBride has invited the local Lord's Day Alliance to meet him in conference on the subject of the enforcement of the Dominion Liquor Act. He is as to the right of the attorney-general to grant or withhold his sanction of the prosecution of offenders.

Lord's Day champions contend he has no option, and are asking the enforcement against the local journals owned by Carter-Cochran & Co. The government, which issued its usual Sunday, also against the sale of Sunday American papers in Vancouver streets, which also continue.

## NO ULTIMATUM FOR HAYTI.

Berlin, March 5.—The foreign office says it is not true that the German cruiser Panther is taking an ultimatum to Hayti, demanding the charges made against Hermann & Co.

Perfect health and strength denote the absence of disease. When you are weak it means that you lack that which is the foundation of strength—of life itself—ELECTRICITY. You may be afflicted with Rheumatism, Sciatica, Lumbago, Backache, Kidneys, Nervous Debility, Constipation or any of the numerous diseases which lead to an early breaking down of the system. If you have any of these troubles they should be attended to at once. You have tried drugs, and found that if they even stimulated you they did not cure, but left you with some new trouble as a result of the poison put into your system.

It is pitiable to think of the vast number of men who go on from day to day suffering mental and physical torture as a result of their weakness, while right at their doors other men are being cured of the same disease. One who has not known himself cannot realize the feelings of a man in an advanced stage of Nervous Debility, nor does he hear it, for these men do not talk of their troubles. Even when they are fortunately led to use the remedy which is now so well known as Dr. McLaughlin's Electric Belt, and are cured of this trouble, and the means of cure are appreciated only by those who have had experience. And yet I have thousands upon thousands of grateful patients who are willing to testify to their cures by

DR. McLAUGHLIN'S ELECTRIC BELT

and who would be glad to share their knowledge with others if written to. I send the names of these men to any one who requests them. There is not another remedy in the world to-day that has proved as effective. Its cure method enables me to offer to any man or woman who will offer me reasonable security to use the Belt at my risk and

PAY WHEN CURED.

If I don't cure you my Belt comes back to me, and we quit friends. You are out the time you spend on it—wearing it. I have worn your Belt for six months, and it has given me great relief. I have gained fifteen pounds in weight, and feel stronger and better in every way. I have more life and energy, and can do a better day's work than I have done for years. I believe the Belts are all right for what you recommend them. ROBT. TAYLOR, 186 Brunsw. Ch. Avenue, Toronto, Ont.

Dear Sir:—I have been completely cured with your Belt of the trouble I had before I tried your Belt. I have never seen another man who has received full justice for my money, and have proved to many neighbors that I was truly cured by your Belt. I consider that I am cured to stay cured, and must say that I thank you with my whole heart for the one misery you have banished from me. Thanking you again for your attention, I remain, EDWARD A. WOLFE, Chesley, Ont.

I cannot take up more space with these extracts. But if you will send me your address I will mail you free my beautifully illustrated book, along with testimonials from thousands of grateful people who have been fully restored to health and strength.

This appliance has cures in almost every town and city in the country, and if you will write me I will send you testimonials given to me by people that are probably well known to you. My Belt not only cures weakness, but Rheumatism, Sciatica, Lumbago, Backache, Kidney Trouble, Nervous Debility, Constipation, Indigestion and Stomach Trouble. I have a beautiful 80-page illustrated book, which I will mail, sealed, to any address FREE. This book is full of lots of good, interesting reading for men. Call to-day. If you can't call, send coupon for Free Book.

Put your name on this coupon and send it to  
DR. M. O. McLAUGHLIN,  
112 Yonge St., Toronto, Can.  
Dear Sir:—Forward me one of your Books, as advertised.  
Name.....  
Address.....  
Office Hours—9 a.m. to 6 p.m. Wednesday and Saturday 8.30 p.m.

## Mama, Be Warned! Protect the Little Ones!

MAMA! Don't be frightened—but be warned! Every Mother knows, or should know that the terrible Mortality among children is caused by Stomach and Bowel troubles. Colic, Sour Curd, Cholera Infantum, Summer Complaint, Measles, Rash, Scarlet Fever—even Mumps—have their first cause in constipation.

The Delicate Tissues of a Baby's Bowels will not stand rough treatment. Salts are too violent, and Castor Oil will only grease the passages, but will not make and keep them Clean, Healthy and Strong.

There is no other medicine as safe for a child as Cascarets, the fragrant little Candy Tablet, that has saved thousands of families from unhappiness.

The Nursing Mother should always keep her Milk Mildly Purgative by taking a Cascaret at night before going to bed.

No other medicine has this remarkable and valuable quality. Mama takes the Cascarets, Baby gets the Benefit.

Cascarets act like strengthening Exercise on the weak little bowels of the growing babe, and make them able to get all the Nourishment out of Baby's Natural Food.

Larger children cannot always be watched, and will eat unreasonably. The Ready Remedy should ever be at hand—Cascarets—to take care of the trouble when it comes. No need to Force or Bribe children to take Cascarets. They are always more than ready to eat the sweet little bit of Candy.

Home is not complete without the ever ready Box of Cascarets. Ten cents buys a small one at the Corner Drug Store.

Be very careful to get the genuine, made only by the Sferling Remedy Company, and never sold in bulk. Every tablet stamped "CCC."
