ADVENTURES OF THE TWINS

By Olive Roberts Barnes

THE BROWNIES SAVE JACK'S HOUSE.

"How do you do?" said the white crow.

"Don't you worry," said Mister Pim. "I'm the brownie man, to the twins. 'Why it wouldn't matter if you were stuck on a mountain twice as high as this one. All I have to do is to call my million brownies and your troubles will be over.'"

"It's a good thing you came, that's all I've got to say," said Nancy. "Not that Nick and I couldn't get away if we wanted to do it, but the House-That-Jack-Built would be too heavy for us to carry. It would just stick up here on this old mountain top forever."

Mister Pim took a whistle out of his pocket and blew and blew. At that a horde of tiny men swarmed up the sides of the mountain, making funny noises as they came.

And they picked up the House-That-Jack-Built on their shoulders as though it was made of card-board, and shouting and singing, they bore it down a steep path with Nancy and Nick and Mister Pim inside.

Then very gently they set it on the ground and scampered off to their hiding holes under the ground, that led to Browneland.

A PIMPLY SKIN NEEDS SULPHUR

Any breaking out of the skin on face, neck, arms or body is overcome quickly by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowles' Mentho-Sulphur and use it like cold cream.
