JOURNAL OF COMMERCE Harbor improvements in Canada now under way will cost upwards of fifty million dollars is the claim made by the Journal of Commerce, Montreal, in this week's issue. The article points out that this large expenditure is made necessary by the building of the Panama Canal, the deepening of the Welland and by the remarkable internal development going on in the dominion. An article from the reparations being made by the Pacific at cities to take advantage of the insed business which will result from the pen of Mr. Sexton, Director of Technical Education in Nova Scotia should be read by, every business man in the Dominion. Other notable article are contributed by Prof. Skelton of Queen's who writes on "The General Strike," and E. S. Bates who treats of "The Textile Industry" of Great Britain. The Journal of Commerce is given in the pen of Mr. Sexton, Director of Technical Education in Nova Scotia should be read by, every business man in the West." An exhaustive analysis of the Report of the Commission on Technical Education in Nova Scotia should be read by, every business man in the Dominion. Other notable article are contributed by Prof. Skelton of Technical Education in Nova Scotia should be read by, every business man in the Dominion. Other notable article are contributed by Prof. Skelton of Technical Education in Nova Scotia should be read by, every business man in the Dominion. Other notable article are contributed by Prof. Skelton of Technical Education in Nova Scotia should be read by, every business man in the Dominion. Other notable article are contributed by Prof. Skelton of Technical Education	One year ago we opened a Neal Institute treating the drink habit at 46 Crown street, St. John (N. B.), to demonstrate to the public that we had a treatment that would cure all desire and craving for alcohol in three days time. Some few call it a "fake" while others tried it with the remarkable result we cured several score of men and women. St. John was only one of our sixty
TENTS For Hunting, Fishing, Camping and Lawns	branches that we have established throughout Canada, U. S. A., and foreign countries. After running it at a big expense for one year we closed our eastern branch as well as several other places where there was a danger of it becoming known that certain prominent people had taken the drink treatment. For the self-same reason we established a large central hospital at the Capital City Ottawa some two years ago, where we have every convenience, thoroughly trained male nurses and graduate female nurses for women. Our twenty-two private rooms with electric fans, bath and every, modern convenience guarantees to the outside patient com-

While the ride may seem rather long when starting, it is well for the public to know that it is not necessary for the patient to arrive here perfectly sober, inasmuch as we never cut a patient straight off from liquor. Another feature that adds to taking treatment away from home is the fact that a good long ride after completing the Neal treat-

Great Success Attends The Boston Convention

DELEGATES ENTERTAINED

Marked Growth of the Order Reported -High Mass in Cathedral of Holy Cross-S. J. Nevins Has Newfoundland Delegates

Boston, Aug. 5—It would hardly be an exaggeration to say that the Knights of Columbus own Boston just now. The annual supreme convention being held here this week has attracted great numbers from all parts of the United States and Canada, and they have not had a dull moment since their arrival. The plans of the committees for the reception of the delegates and their friends have thus far been most successfully carried out, and what remain call for a continual round of activity both from a business and social viewpoint.

It took more than an hour for the large party of excursionists to fill the long line of automobiles in front of the Hotel Somerset, the headquarters of the Columbians during their stay, yesterday, as they were being taken to the steamer for an outing along the North Shore. Flags attached to the windshields, and K. of C. pennants floating from the sides of the cars, gave a gala appearance to the column of fast moving cars as they proceeded through Boston on their way to the boat piers.'

The return to the city was made at 4.30 in the afternoon to enable delegates to be present at the exemplification of the fourth degree, Several St. John candidates were amongst the number.

The plans as carried out by Dr. Timothy Hanrahan, vice supreme master, were the most elaborate ever attempted for the exemplification of this degree, and fourth degree officials are highly pleased with the success attained.

The cexemplification was notable from the fact that at least half a dozen state deputies of the order, as well as some of the national directors were among those upon whom the fourth degree was conferred.

The degree was exemplified in Mechanic hallding to which the unrease.

The degree was exemplified in Mechanic's building, to which the supreme officers and national directors were escorted by a column of fourth degree members under supervision of Chiet Marshal D. G. Slattery.

The celebration of solemn high mass in the Cathedral of the Holy Cross this morning in honor of the Columbians' visit was attended by more than 8,000 delegates and their friends. Right. Rev. Joseph G. Anderson, auxiliary bishop of Boston, preached an impressive and eloquent sermon. The sanctuary of the cathedral was elaborately decorated. Floral decorations were installed to beautify the sanctuary, and the usual decorations when Cardinal O'Connell is at home and presiding in the sanctuary were in place as a special tribute to the convention.

Bishop Anderson read a cablegram om Cardinal Merry Del Val, the papal cretary of state, conveying the felicitans of Pope Plus X. An interesting social feature in connections of Pope Pius X.

The supreme convention of the Knights of Columbus, was later formally opened on board a harbor steamer, while the delegates sailed along the north shore. Mayor Fitzgerald and State Deputy Louis Watson welcomed them and Supreme Knight James A. Flaherty, of Philadelphia, responded. The growth of the order since the 1912 convention was related by the supreme secretary. William McGinley, of New Haven (Conn.), who reported that on June 30 last the total membership was 802,074 made up of 98,783 insurance and 203,291 associate members, comprised in fifty-two states and three territorial fifty-two states are formal-nection with the convention was a yachting trip on the harbor tendered by Mr. and Mrs. S. J. Newfoundland, when they spent the day amongst the islands of the harbor and Quincy Bay. Several young ladies from about Boston were in the party which included. William Ellis, Mayor of St. Johns; Colonel Charles O'Neill Conroy and Mrs. Conroy, Inspector General John Sullivan, Captain Augustus O'Brien, John Barron, D. D. and Thomas Armstrong.

The best historic drama offered in St. John, "Mary Stuart," at Gem today and tomorrow.
