## TOURIST MEET IS PLANNED FOR BEATTY IN JUNE

N. B. Association Arranging For Annual Session There.

GOVERNMENT IS ASKED FOR \$5,000

From Vancouver Comes Project for Dominion Campaign for Tourists.

There is a project afoot to hold the 1925 convention of the New Brunswick Tourist and Resources Association in June at the Admiral Beatty Hotel here. The association is now considering the matter, so C. B. Allan, secretary-treasurer, said this morning. The association, Mr. Allan says, has received assurances that the big structure will be ready to handle the convention about the second week in June.

### Saw Government.

Mr. Allan recently returned from Fredericton where, in company with C. C. Aard, Sackville, president of the association, he appeared before the Provincial Government seeking a grant of \$5,000 to advertise the province and thus boost the tourist trade. In former years, the Government has made a grant of \$2,500, but with the success of last year in respect to tourist traffic in mind and with the opening of the Dominion Government executive felt that an extra effort should be made in this direction. "We do not look on this as a grant to the association," Mr. Allan said. "It is an investment on the part of the province that will pay rich dividends."

### Vancouver Plan.

In connection with the plans to advertise the province, Mr. Allan has received a letter from J. H. Davison, secretary of the Vancouver Publicity Bureau, advocating a scheme whereby the Dominion Government would undertake a national programme for the development of the tourist trade. The Vancouver proposal is for a co-operative effort throughout Canada by various government departments and other bodies and backed by an advertising campaign in the best papers and magazines of the United States from January 1 to May 30. The advertising copy would not only present Canada's vacation attractions, and tell of transportation, accommodation, etc., but would also tell of the country's resources and the opportunities for the farmer and for the investor in agricultural and industrial development. Such a campaign as planned would cost, they say, \$200,000 for the first year.

### Features of Project.

The plan calls for dovetailing the Dominion campaign with that of the Canadian National, Canadian Pacific, Canada Steamships, and linking up with advertising by the provincial governments, and some of the cities. The campaign as proposed would entail the establishment of information bureaus with maps, guides, etc., tourist centres, where needed, the provision of necessary ferry services, improvement of highways and parks, and arrangements for various attractions such as appeal to the tourist public.

## SUCCESSFUL TEA IN WEST ST. JOHN

Pleasant Event is Held at Residence of Mrs. Norman P. MacLeod.

Mrs. Norman P. MacLeod opened her home at 300 Watson street, West St. John, for a very successful Valentine tea on Friday afternoon, held under the auspices of the Women's Missionary Auxiliary Society of the Charlotte street Baptist church, of which Mrs. MacLeod is president. Mrs. George Mallory was general convener and assisted Mrs. MacLeod, who received the guests in her drawing room, which was decorated with valentine decorations. Miss Betty Cowan ushered the guests to the dining room, where the table was most inviting with spring flowers and jolly little Cupids, surrounded by hearts and arrows and other pretty things suitable to the season. Red and white sweet peas gave a new touch in the floral decorations for the centre of the table.

### Took Part.

Those presiding and otherwise assisting in the dining room were Mrs. Joseph Taylor, Mrs. William Belyea, Mrs. LeBaron Clark, Mrs. Freeman Gardner, Mrs. A. Bennett, Mrs. P. F. Webb and Mrs. E. Demings. Mrs. W. P. Hoyt and Mrs. John Nice replenished. The tickets were in charge of Mrs. Claude Seely. Candy was sold by Miss Ella Clark, Miss Nellie Rogers and Miss Enid Grace Hutchinson. Mrs. Hedley Blissett and Mrs. LeBaron Clark were responsible for the artistic decorations.

## Are Boosting Foods Made In Canada

The Canadian Manufacturers' Association have taken up the buy-at-home campaign and have gotten out circulars which they are sending around to merchants for display. They are attractively printed and bear the following message:  
Buy Canadian-Made Goods Give More People Work Make Better Times.  
A copy has been received at the local Board of Trade office with a request that they assist in placing the advertisements. The local board has gone on record as being in favor of first buying Maritime-made goods, then Canadian-made and then Empire-made goods.

## Postmen Find Valentine Day Observance Revives Here

Many Letters and Cards Are Added to Their Packs.

It would appear that the spirit of St. Valentine's day, observed today, had quite a revival in St. John. Postmen on their walks this morning carried thousands of pieces of love-laden correspondence. The universal postal card seemed the most popular form of celebrating the occasion though even the old-fashioned paper lace conceits had a bulky place in the mail.

### Kiddies Enjoy It.

It was amusing to note the fun the youngsters had in sending around those antiquated caricature valentines which have been somewhat coming back from almost total obscurity as a form of good-natured raillery. Twenty-five years ago gaudy grotesques were at the height of their boldness and many a person became "buffed" at some acquaintance whom he or she suspected of sending one of these "digs." Home-made valentines is a growing fad as a household art, though generally speaking an under-developed one. Among small children it is pastime encouraged by kindergarten work. It teaches ingenuity and observation as in the selecting of pictures and neatness in lettering.

Miss Gertrude Kinnear, 194 Queen street, was another youthful hostess, and following the basketball game between the Woodstock Broadway girls and the Y. W. C. A. ## SHOWS ST. JOHN AS NATIONAL PORT

Harbor Scene Busy One With Varied Character of Cargoes.

The national aspect of St. John as a shipping centre was emphasized in a scene at the Government pier, Long Wharf, yesterday afternoon when the C. G. M. M. steamer Canadian Commander was loading cattle for Great Britain on one side of the dock shed, whilst a train load of automobiles in big cases was being stowed away for Europe in the Canadian Raider on the other side of the dock. With the steamers loading at Sand Point, a sugar boat in at the refinery wharf and the usual activity in the harbor generally, it was a busy, sunlit scene and would have made a moving picture of which any seaport might be proud.

## CHILDREN'S HOUR

Hear Travel Story and Enjoy Other Features in City Centres.

More than 125 children took advantage of the story-telling hour at the armory this morning, when Mrs. W. Edmond Raymond gave a bright account of one of her trips across Canada. Fascinating pictures were shown by Dr. William MacIntosh. Mrs. Raymond gave each child a valentine and asked them to sing "The Maple Leaf Forever," "O Canada," and "God Save the King." This they did with hearty good-will. Dr. MacIntosh also received hearty thanks from Mrs. Raymond for his assistance. Miss Mary Gunn, primary teacher, was in charge of the children.

Rev. F. J. LeRoy, rector of the Church of the Good Shepherd, was the story-teller at the children's hour at the Public Library this morning. About 40 children were present. At St. Vincent's this morning Miss Pauline King was the story-teller. Miss King entertained the children with humorous recitations.
