LECTURED ON MEXICO

Mrs. W. H. Shaw entertained the members of the St. John Art Club with a most instructive lecture on a travel through Mexico, last night at the regular meeting of the club. Her address was illustrated with fifty-one lantern pictures. Mrs. Shaw described the beautiful scenery of the country, the habits of the people, and also the architecture and art. Pictures showing the interior and exterior of the famous churches and ancient buildings were described in detail by the speaker. At the conclusion she was tendered a hearty vote of thanks by the chairman, William Spedic, on motion of Mrs. Fiske, seconded by Mrs. John Scaly, and supported by D. R. Jack.

Previous to the address, a business meeting was held. The minutes of the annual meeting were read and approved. The report of the auditors was referred to the council. The chairman called attention to twenty-seven water color sketches painted by Alexander Watson, which were on exhibition on the walls. He announced that the rooms would be open for the inspection of these pictures on Monday, Tuesday and Friday afternoons and Saturday morning.

A musical programme was carried out, including a piano selection by Miss Alecia Heales and a vocal solo by T. Guy. F. W. Skinner acted as accompanist for the latter.

The following were elected as members of the club, Mrs. John Barton of Torryburn, Mrs. John Wood and Dr. James Manning.

Famous Gospel Treasure

Vienna, Austria, Nov. 13—Now that the question of the Brunswick succession has been settled, the famous treasure of the Guelph family, is about to be removed from the Cumberland home in Gumbden, Austria, to the Brunswick residence of the Duke of Cumberland's son. The treasure is world-renowned for its costliness and magnificence; no one and beautiful works of art. The collection includes a valuable service of solid gold in addition to priceless church plate and holy relics. The inception of the treasure dates from 1172 when Henry the Lion, an ancestor of the Holy Land visited the Sultan in Constantinople and there received valuable specimens of Byzantine art.

IF YOU ARE NERVOUS

or worried or vexed at trifles,
 your vital forces are slowly but surely deteriorating.

Scott's Emulsion overcomes nervousness better than anything else because its nourishing force enriches the blood and stimulates its flow to all the tissues and bathes the tiny nerve cells in the rich plasma by which they are nourished.

Shun alcoholic substitutes that stimulate and stupefy. Take Scott's Emulsion for your nerves. Its nutritive power is the greatest help that nature affords.

167 LOST ON LAKES

Toronto, Nov. 12—That a total of at least ten vessels and 167 lives were lost in the great blizzard that enveloped the great lakes from Sunday until Tuesday, is indicated in the compilation today of reports received from various points on the lakes.

In addition, twenty-one other vessels were partially or wholly destroyed, their crews escaping.

Wreckage of the steamers Argus and Hydrus has been cast ashore. Neither of these boats has been heard from since the storm swept the lakes. The freighters Isaac M. Scott and Midland Queen are also missing. Marine men said today that there was a possibility of one or both of these boats being safe. None of their wreckage has been found; no bodies of their sailors have been washed ashore.

Thought She Would Go Mad WITH HEADACHE.

In all cases of headache the treatment should be directed to remove the cause, for with the cause removed the headache vanishes for all time. Headache powders just relieve for the time being, but what is necessary for a permanent cure is something that will go right to the seat of the trouble. For this purpose it is impossible to find a better remedy for headaches of all descriptions than Burdock Blood Bitters, acting as it does on every organ of the body to strengthen, purify and regulate the whole system.

Mrs. Althea Bowman, Hamilton, Ont., writes:—"I have suffered terribly with my head for weeks at a time till I thought I would go mad. A friend advised me to give Burdock Blood Bitters a trial, so I got a bottle and found relief. I have used four bottles in all and I am glad to say that I have had no more headaches since. I would advise all sufferers to give it a fair trial."

Youth has a beauty all its own and the dressmaker should always remember the simpler the frocks of the young girl are made, the much more artistic and stylish are they.

The tailor-made gown that is illustrated is of navy blue whippoor—a trimmed with green braid.

The coat is a simple straight kimono with folds across the front and it has a narrow high belt which does not bring it into the figure at all.

The skirt is perfectly plain with one front fold over the skirt at one side and a kind of plain peplum which is made in a point on the other side.

The waist worn with this suit is of soft white net made very full and trimmed with shadow lace in the "V" shaped neck. The close hat and muff treated is of navy blue velvet with plush at the rim of the hat and on the ends of the muff.

The little white dancing dress is of accordion pleated mousseline.

Any girl who knows how to sew can make this little frock, as she can buy the accordion pleating at any dry goods store and the waist is the simplest kimono.

PARALYZED IN PEW SHE PRAYED 14 HOURS

The Church Worshippers Noted Nothing Amis in Woman Bowled in Worship

New York, Nov. 13—Beginning the day in prayer as she had always done, Hannah Moran, a seamstress, fifty years old, was stricken with paralysis while kneeling in a pew in the Church of St. John the Baptist. Many worshippers and the priests of the church saw the woman in prolonged meditation, but it was not until after a service at night that any one sought to investigate the cause of her long prayer. The fact was disclosed that she had suffered a stroke that was faint with hunger and unable to rise from her kneeling position.

At a hospital where she was taken, Miss Moran explained that after she felt the pangs of the paralysis in her legs she continued to pray, believing that her devotions would help her and only repeated her condition after fourteen hours when hunger to do so through weakness and hunger.

LOW SPIRITS FROM WEAK NERVES

Low spirits, depression, discouragement are a form of nervous disease. You worry over little things, and at the slightest ailment apprehend the gravest dangers and diseases. You form the habit of looking at the dark side of things.

Indigestion is a frequent accompaniment, and you probably do not sleep or rest well. The cause of the trouble is to be found in the exhausted condition of the nerves. To get well you must build up the feeble, wasted nerve cells by use of such treatment as Dr. Chase's Nerve Food.

This great food cure forms new, rich blood, and thereby nourishes the nervous system back to health and vigor. There is nothing like new nerve force to bring back hope and confidence to the weak and discouraged. This treatment works in natural ways to restore health, and, therefore, cannot fail to prove of benefit to you. Put it to the test and you will be surprised with the building-up influence that will result.
