Gentlemen:

Reference your cable SSW-1442, it is not clear here what disposition has been made of the Radio Active Mine Detector. However, it is not available in this office and, efforts are being made to find its whereabouts. Both Lt. Col. Morris and Captain Sherburne have returned to the United States.

The Office of the Chief Engineer, Washington, D.C. advises that the Engineer Board does not have the mine detector and Col. Morris is being contacted to find the disposition of same.

Sincerely yours,

John B. Fether
JOHN B. FETHER, JR.
Major, C.E.
Chief, Information Section.
