NEW HUNTER'S ACT - For sale under the new Highway Act are farms at the ADVANCE OFFICE.

THE "ADVANCE" is for sale at Johnson's Bookstore, and the circulating library, Diamond building, next door to the Telephone Exchange.

DEATH OF JAS COOK - James Cook, for many years legislative clerk, died at his home in St. Mary's last Saturday morning. He was 54 years old and one of the old-time stage coachmen on the route from Fredericton to Miramichi.

PHOTOGRAPHY - Mr. Messers in doing excellent work in photography. He has improved his studio and added to his facilities and stock as to make his establishment very complete. His work which has, heretofore, been very fine, fully keeps pace with the rapid advancement in the photographer's art.

NEWCASTLE has taken steps towards testing the feeling of people on the question of becoming incorporated, a meeting of its ratepayers having appointed a committee, consisting of Messrs. Donald Morrison, John Ferguson and J. D. Creaghan to circulate a petition asking that a vote be taken on the subject on the day of the Municipal election in October.

PERSONAL - J. Inglis Street, Esq. of Malton, Mass., has been visiting his brother, Collector Street of Fredericton, E. Lee Street of Newcastle and Rev. T. W. Street of Bathurst.

Mr. and Mrs. E. B. Eddy are in town. Mr. Murray McLaren and Major J. Twining Hart of St. John, were in Chatham this morning, and are to leave early for a fishing trip on the Tracadie with Mr. W. B. Sawchuk.

REMOVAL OF TAILORING ESTABLISHMENT - Mr. Wilson, owing to illness, died at his home in St. Mary's last Saturday morning. He was 54 years old and one of the old-time stage coachmen on the route from Fredericton to Miramichi.

KEST CO. - The death of David Langdon, father of Frederick Langdon, of Kingston, Keat Co. occurred on Sunday morning 18th inst. The deceased had reached the age of ninety-four years and his residence in this country extended over a century.

DEATH OF MRS. BEEK - Much sympathy is extended to Auditor General Beek, whose wife passed over to the "glorious majority" last week at Fredericton. She had been an invalid for almost two years, being rendered so by paralysis, of which she had a renewed attack on 1st inst. Her death was a great loss to the family, as she was a devoted mother and a devoted wife. She was 67 years of age.

WELL DONE DOAKTONS - The comparative efficiency record of the militia camp recently held at Sussex are as follows: 74th, 219.01; 67th, 116.65; 72nd, 116.77; Captain Messers, of Doakton, had the most efficient record in camp; Captain Morrison, of Sussex, had the best company in the 74th, and Captain Park, of Sussex, had the best in the 67th. The 74th, and Woodstock company, of the 74th, also stood well up on the list.

NEW COMPANIONS DOWN RIVER - Mr. Cornwall's body was found in the river near where he disappeared.

EDUCATIONAL - Attention is directed to the advertisement of the young ladies' school connected with the convent of the congregation of Notre Dame, at Newcastle, which is fully maintaining its accustomed efficiency and claims upon those for whose benefit it was founded. The branches taught include Greek and Latin, English and French, the sciences, music, drawing and painting, fancy work, deportment, etc. The surroundings are homelike and attractive, and no pains are spared to render full value for the moderate charges of tuition.

THE CIRCUS - Leon Wahbren's circus visited Chatham on Tuesday. It was late arriving and, perhaps, did not appear at the time. The street parade was not much to look at, the manager's second class, the side show ditto; the main afternoon performance better than was expected and well worth seeing. The jump from a fire ladder sixty feet high was successfully made afternoon and evening outside as a free show. The aerial flight of a woman, a distance of 125 feet through the air from a powerful bow, failed to materialize. It was absent from the afternoon performance, but announced from the ring for the evening, but the audience was again disappointed. The evening show was very poor, and what there was of it was carried on while the time of embarkment for the next town was being done. There was a great deal of disturbance and fighting in town, and the whole effect of circus-day was demoralizing.

DECEASED - Last Friday a woman named J. Jackson, 72 years old, carpenter of the Norwegian barque Nello Moody, was drowned by falling from that vessel as she lay loading at the Snowball mill wharf. He had along a short ladder, as a stage coachman, to examine the top of the stage, and was on one projecting end of

Chatham and Newcastle and since itself during the burning zone of Ottawa. We fear that there is some subtle influence in fact, as Mr. P. H. L. A. is concerned, which produces what is known as the "big head." This would account for the expectation which appears to have been entertained by the great P. H. L. A., that Ottawa was to be brought to the wheels of his chariot, and forced to confirm his foolishly and, perhaps, corruptly, made pre-emptive promise of a light keepship, notwithstanding the fact that his leader and his leader's first lieutenant desired to bestow the office elsewhere.

Our Harwich correspondent will, doubtless, therefore understand that the situation, so far as the P. H. L. A. is concerned, seems to us no ludicrous that it would spoil the fun to publish his letter, which is of a rather serious cast. The spectacle of Mr. Williston and his friend of the World working out their revenge on Messrs. Mitchell and Crocker for being instrumental in defeating Mr. Williston in the discharge of his self-assumed function of dispenser of Ottawa patronage connected with the lights on Miramichi Bay, should not be spoiled by any diversion of the would-be-dispenser's attention from the adventures which his own party who have thus presumed to cross his path. "The great Tim-Johnny fight," perchance, will be relegated to a secondary place in presence of the coming conflict between these gladiatorial contestants for political patronage, pelf and pickings. Let our correspondent, therefore, possess his soul in patience and wait until the time for when the P. H. L. A. makes his way to Fox Island, seeking the gore of Mr. Crocker, he will, no doubt, feel like saying with the spring poet -

There's a house among the skaters,  
A waking up of snakes  
A tramp among the bullfrogs  
And all creation shivers.

St. Michael's Bazaar.

The grand bazaar of St. Michael's pro-cathedral congregation closed on Monday, after a very successful season of five evenings. All the departments were well and satisfactorily managed, and the patronage was good - excellent, considering the weather and the necessity of travelling the uphill road to reach the pavilion. On Monday evening there were the usual drawings of prizes and auctioning of the few things still unsold, which closed one of the most successful seasons of the church fairs and fancy sales. We understand that the net receipts were about \$1,900.

Following is a list of the prizes drawn -

Grand Lottery.

Reverend H. T. Joyce, bill of flour.  
Mr. Wm. Rice, parlor set.  
Reverend N. Power, Dickens watch.  
Messrs. Adams, diamond watch.  
Mr. William Halbert, silver watch.  
Mrs. G. Grant, ivory tea set.  
Mr. John Patterson, clock.  
Mr. George Lavassier, 1 chest of tea.  
Mrs. N. S. McFarley, easy chair.  
Mrs. G. Cady, jr., picture.  
Hotel Diet, cushion.

Single Lotteries.

Mr. C. Hickox, set of harness.  
Miss L. White, china tea set.  
R. V. Sister Laffin, sewing machine.  
Mr. Wm. Walsh, parlor lamp.  
Miss A. E. Leggie, easy chair.  
Mrs. George Ryan, music box.  
Hon. John Wilkinson, model of the Hotel Diet, Chatham.

Mr. Wm. Connors, pair of oil paintings.  
Mr. Lawrence Wallace, fancy cushion.  
Mrs. A. Rogers, fancy cushion.  
Miss Maggie Ryan, handsome painting.  
Reverend H. T. Joyce, rocking chair.  
Miss Nellie Campbell, handsome cushion.  
Mr. Michael Conway, parlor banner.  
Reverend S. C. McFarley, picture.

Mr. Michael Gorman, autograph.

Search the Wardrobes and Closets.

In almost every home half-worn garments and goods are stored away in wardrobes and closets that can be made as good as new and fitted for months of wear.

The operation of recreating and beautifying is simple, the cost is trifling, and the general benefit beyond the comparison of those who are acquainted with the work of home dyeing.

Dresses, jackets, capes, vests, pants, ribbons, etc., faded and worn, and things worn and faded can be transformed into things of beauty and fashion at a cost of from ten to twenty cents.

A thousand of Canadian families use Diamond Dye every year and save a great deal of money. All users of Diamond Dye say it is so easy to use them. The directions are so explicit and simple that a child can do good work.

As there are many imitations and worthless dye sold, see that your dealer gives you the Diamond Dye when you ask for them. Common dyes ruin your goods; Diamond Dye brings success in color and beauty.

Andrew's Experiment.

Berlin academy of 19th inst. say -

The best scientific opinion here is that of the success of the experiment of the undertaking. Further details have been received as to the exciting circumstances under which the ascent was made from the island of Tromsø, and the ascent of the balloon, which frequently blew in force gusts. The crew had carefully stowed in a small barrel the first dinner to be eaten aloft, and the crew had carefully stowed in a small barrel the first dinner to be eaten aloft, and the crew had carefully stowed in a small barrel the first dinner to be eaten aloft.

Death of Mr. Robert Murray, Esq.

On Saturday 17th inst. Mr. Robert Murray, Esq., one of Chatham's oldest and best citizens, died at his residence in this country, after a long illness.

Mr. Murray was born in Scotland, and came to Chatham in 1840. He was a member of the Chatham and Newcastle and since itself during the burning zone of Ottawa. # CONVENT OF THE CONGREGATION OF NOTRE DAME, NEWCASTLE, N. B.

Proximity to the International Railway, a desirable and healthy location overlooking the Miramichi River, and the fact that the convent is situated in a healthy and pleasant neighborhood, make it a desirable place for the education of young ladies. The course of studies embraces the Ancient and Modern Languages, viz., Greek and Latin, English and French; while the scientific department aims at thoroughness.

Music - vocal and instrumental - sacred and secular - Drawing, Painting, and all kinds of Fancy Work receive special attention and extra charges.

case is irritability, then causes dependency, often followed by terrible insanity.

How can nervous exhaustion be cured so that insanity and death may be avoided?

Pain's experience and medical testimony answer this question fully. Pain's Celery Compound is the only medicine that can surely overcome the troubles of the nervous system, gives strength to the muscles and tissues, makes pure, rich blood, gives perfect digestion and sweet, sound sleep.

In this age of overwork, worry and fast living, Pain's Celery Compound is a shield and protection against the ravages of nervous ailments. Medical men and druggists having a full knowledge of the virtues of Pain's Celery Compound are recommending it every day.

It is the surest, safest, most superior and useful; its work in public institutions has given it a popularity never possessed by any other medicine. Try it, nervous one; it will quickly give you that condition of health that you are looking for.

Great Britain and Her Gold Regions.

[New York Evening Post.]

These gold fields are in British territory. The Klondike branches from the Yukon near the Alaskan boundary, and the gold has been discovered mainly along its course in the Northwest Territory. Yet the successful miners, the men who have come home with tales of fabulous wealth attained in a few weeks, are largely American citizens. That is to say, they are "aliens," foreign "devils," allowed to go freely into British territory and carry away its chief treasure without let or hindrance. Imagine the case reversed! Imagine the gold field on our side of the Alaskan border, and Englishmen swarming in to despoil our land of its high treasure and appeals to congress there would be! We should have laws in a twinkling to make all alien miners pay nine-tenths of their findings into our treasury. We should take care to get into the territory, and not let them get out without paying the uttermost farthing. What some of our states have done in the way of legislation to make alien miners smart is a lesson for us to learn. It is a lesson which indicates what we would do in the case of high treasure and appeals to congress there would be! We should have laws in a twinkling to make all alien miners pay nine-tenths of their findings into our treasury. What some of our states have done in the way of legislation to make alien miners smart is a lesson for us to learn. It is a lesson which indicates what we would do in the case of high treasure and appeals to congress there would be! We should have laws in a twinkling to make all alien miners pay nine-tenths of their findings into our treasury. We should take care to get into the territory, and not let them get out without paying the uttermost farthing.
