At Woodstock early Wednesday morning an alarm of fire was given and it was found that the house of Mr. Colpitts, Scott Act inspector, was in danger.

The coroner's inquest into the Meadow Brook tragedy closed Saturday evening, when the jury found that Elias and Harry Ditcher came to their deaths by foul means, with reasonable grounds to believe from the evidence submitted, that John E. Sullivan, now under arrest, was implicated in the same. The evidence Saturday afternoon was important.

Miss Hester swore that on Friday following the fire she saw Sullivan in the Brunswick hotel bar take from his pocket a roll of bills as large as his wrist and turn over bills to find a one dollar bill with which to pay for the drinks.

There were five and ten in the roll and witness thought twenty. His opinion in the roll contained between two and three hundred dollars. His attention had been called to Sullivan as the man suspected of being implicated in the fire and he positively identified the prisoner as the man.—Sun.

JOHNS.—At Kars, Kings Co., N. B., Sep. 4, of cancer, Mrs. Mary Ann Johns, aged 71 years, leaving two sons and two daughters, besides many other loved ones. When but 15 years of age our sister professed faith in the Saviour and was baptized by Rev. W. H. Beckwith, and has always adhered to his Christian profession, by straight forward consistency of life and conversation. Her illness was long and painful, but borne with a true spirit of resignation. Her end was peace.

CLARK.—At her home in Canaan, Queens Co., N. B., Sep. 11, Sarah E. Clark, relict of the late Charles Clark, passed peacefully to her rest, being in the 79th year of her age. Mrs. Clark had been for many years a consistent member of the Canaan Baptist church. Her funeral was very largely attended, the services being conducted by Rev. J. J. Grant, who is for a few weeks supplying the pulpit at Eastwick.

WEBBER.—Joseph Webber died at his home, Windsor Road, Feb. 24, aged 82 years. Bro. Webber was converted many years ago in a revival, under the labors of the late Rev. I. J. Skinner, and was baptised with 20 others the same day, into the fellowship of the Chester Baptist church. He never turned back from his profession of love to the Saviour. He bore his last illness with patience, and gave his clearest evidence of a sound hope of God. May the sustaining grace of God be imparted to the widow and the three sons and two daughters left behind.

HARRIS.—At the residence of her son, C. B. Harris, at Somerville, Mass., Elias Harris, of Margareville, relict of Dea. James Harris, in the 90th year of her age. On Friday, the 11th inst, she died suddenly, but not unexpectedly. The deceased was a busy and successful business woman, and a number of her friends were with her at the time of her death. She was a devoted wife and mother, and was well respected in the community. Her death was a great loss to her family and to the church.

Simpson and the late Prof. Benj. Simpson are among her survivors. Also seven grand-children and 18 great-grand-children surviving. At such a ripe age and with a life so full of usefulness and Christian hope, it is most becoming to desire that she may rest in peace.

TAYLOR.—After a long illness, which she bore with Christian hope, at the home of her son, Edward, at Charlottetown, P. E. I., on Sep. 14, Sarah G., widow of the late William Taylor, aged 88 years. Sister Taylor was baptised by Bro. Chipman and united with the church when quite young. During the last days of her illness, though a great sufferer, she could always talk of a Saviour's love, and her last words were, Lord Jesus, come quickly. She leaves eight children, four of whom are home, and three sons in the Western States, and a daughter, Mrs. Capt. Balgoin, in Victoria, B. C. She spoke to the writer often of the absent ones, and particularly of the daughter, and her wish was that she could have shared with them. God has been merciful to her, and she has seen the absent ones as the light of the home is severed, and may they understand the blessed hope that in Jesus is given.

WINT.—At Lunenburg, N. B., Sep. 2, of typhoid fever, Lida Wint, daughter of Solomon and Eliza Wint, aged 17 years. Our sister came to us from her home in Mill's Village about two years ago. She immediately gave evidence of deep religious convictions by becoming a constant attendant on the services of the church, and in many ways manifesting her interest in the cause of God. Though she had previously been converted, yet it was not until April 1895 that she gained courage to follow Christ in baptism. Her happiness in Christian life was noticed by all. She will be greatly missed from her place in the church, Sunday school and Young People's Society.

WINT.—At Lunenburg, N. B., Sep. 3, of typhoid fever, Jessie Wint, daughter of Solomon and Eliza Wint, aged 19 years. It was with deep sorrow that we carried the remains of our two beloved sisters from one to the other during the same week. On Wednesday, Lida, had been laid in the last resting place, and on the following Friday we performed the same solemn rite for her sister. Our sister Jessie came to our town on December 1894. She had a Christian disposition and sweet Christian character she soon won many friends. She was a member of the Mill's Village Baptist church, but during her brief stay in Lunenburg she manifested a deep interest in every department of our church work. A large circle of friends mourn their loss. On Sunday, Sep. 13, a memorial service was held. The music rendered consisted of the favorite selections of our deceased sister. Addresses were delivered by the pastor, representing the church, by Dea. U. A. Parker, representing the Sunday school; by Dea. J. W. Dimock, their N. S. teacher; and by Bro. W. L. Archibald, representing the Young People's Union. They were young and pleasant in their lives, and in death they were not divided.

A TRAPPER'S STORY.

A CALLING THAT REPAIRS HIGH HARDSHIP AND EXPOSURE.

One Case in Which the Exposures Brought on La Grippe and Serious After Treatment—How the Victim Secured Restored Health from the Brookville Hermit.

Brookport is but a small hamlet, but it has achieved a wide reputation owing to the fact that it is situated in the very heart of the far-famed Thousand Islands, and for this reason attracts during the summer months hundreds of pleasure-seekers. Among the residents of the village none is better known than William A. Root. During the summer months he follows the occupation of an oarsman, and some know better than he the haunts of the gamey bass and pickerel. In the winter and spring months Mr. Root follows the occupation of trapping and this pursuit requires one to be out in all sorts of weather, and in the winter frequently at a time of the year when the winter is in its prime. As a result of a long winter's tramping, one after another developed into a grippé, which took such a firm hold upon his system that for a time he was unable to leave the house. His kidneys became affected, and the sufferer was in a most deplorable condition. There was a feeling of continuous tiredness, which no amount of rest or sleep seemed to relieve. The appetite was soke, and there was an inability to eat or to work. A number of remedies were tried, one after the other, but without any beneficial results. At this juncture a friend strongly advised that Dr. Williams' Pink Pills be given a trial. They had cured thousands of others, and why not her? Acting on his friend's suggestion Mr. Root procured a single box of the Pink Pills, and before all were used felt an improvement. This encouraged him to persevere with the treatment, and after the use of a few more boxes of the pills Mr. Root found his health fully restored, all the pains and aches had disappeared, and with their disappearance came renewed strength and activity. Mr. Root says: "I firmly believe Dr. Williams' Pink Pills to be unsurpassed as a medicine, and I advise any who are ailing to give it a fair and honest trial."

HORN-FLY VS. POTATO BUG.

The horn-fly like the potato bug has come to stay. Intelligent farmers do not smear their potato leaves with filthy greasy mixtures to keep off the bugs, no, they use something to kill them, so with the horn-fly, the sensible up-to-date farmer does not cover his cattle with kerosene or axle grease, because he knows these things will not kill a single fly while they taint the milk and injure the health of the animal, but they do use Shives' Insect Powder which kills the flies and is harmless to the animals. Be sure you get from your merchant or druggist genuine Shives' Powder, it is cheap and sure. It kills the flies every time. The label, sample can see. Same size. For the same as J. W.
