

PROSPERITY AT BATH, NOW

Two Branch Banks Opened and Business Generally Going With a Swing — Personal News.

Bath, Carleton county, Dec. 10.—The improvement of the times and the large increase of business handled at this point, and being surrounded by one, if not the very best farming sections of this county, has induced the Canadian Bank of Commerce to establish a branch of their bank here. It is located in the fine new building of E. D. R. Phillips.

Not to be outdone in the financial world the Bank of Nova Scotia, which has always handled the business of this section through their East Florenceville branch, have, too, established a branch bank here under the management of their East Florenceville branch for the benefit of their patrons.

The snow has been a great benefit to the farmers who are busy hauling in their produce, especially potatoes. E. D. R. Phillips is still confined to his home.

Another potato house will be erected in the spring by the Pinsky Bros. of Florenceville, at this place. They have already secured a suitable site.

Mr. Powery, formerly manager of Bank of Nova Scotia at East Florenceville, was a visitor here this week. The crossing on the river at this point has been suspended owing to the closing in of the ice.

LATE SHIPPING

Norfolk, Vt., Dec. 10.—Artd: Schs Lewiston, Boston; Elizabeth Palmer, Bath, Maine.

Hoyt, do; Tarratine, Vinal Haven; John Paul, Calais; Warner Moore, do; Susan N. Pickering, Amesbury; Roma, St. John, N. B.; Pesadigo, do; Oregon, do; Hattie H. Barbour, do.

Burying the Past (Ottawa Citizen).

"Let us bury the past and look to the future," said Sir Wilfrid at Hamilton, Wednesday night. This is a common and effective method of deodorization. The only disadvantage in this instance is the probability that it will resemble the case of the man who tried to drown his troubles in drink. Afterwards he was asked if he succeeded, whereupon he replied: "No, the blamed things could swim. Memory dies hard."

Buchanan's RED SEAL Scotch

Forty Years A Favorite

If you try it, you'll always buy it. Red Seal is a mellow, mild-smooth Scotch Whisky, perfectly matured in sherry casks for 10 years, and always bottled at the distillery. So good that it is a "Government Standard" Whisky.

Quality, Reliability and Economy are all combined in Consumers' Coal Co.'s Coal.

FOUND STOLEN MONEY HIDDEN IN CORN SHUCKS

Albion, Neb., Dec. 10.—Hugh M. Fins, twenty years old, arrested two days ago on suspicion of being the man who robbed the bank at Primrose, Neb., last Thursday, confessed the crime today, according to Sheriff Carlson of Crosby county. His confession is said to have implicated Paul Carlson, a farmer living six miles from Primrose, and on Wednesday he was sent down on \$4,000 taken from the bank. The money was hidden in corn shucks. Carlson was arrested.

VICTIM OF POISON NEEDLE FIEND AND SUSPECT ARRESTED. NO ADDITION TO NAVAL FORCE AT MEXICO

ARMAND MEGARO

It is believed that the police of Newark, N. J., are on the trail of a band of men who have been jabbing poisoned needles into the arms of women, and in some cases trying to abduct them after the poison began to affect them. This was declared after Armand Megaro, a young South American, was held in \$20,000 bail in Newark on the charges made against him by Mrs. Marjorie H. Graf, a bride of a week, who accuses the young man of having stabbed her with a hypodermic needle while she was watching a vaudeville performance.

MINISTER OF FINANCE SPEAKS AT NEW YORK

Continued from page one.

What should it not be so? Neither nation seeks further territory. The bounds of our physical dominion are set. Both are profoundly interested in the peace of the world. No two peoples understand each other better than the American and Canadian. For years their history had flowed in the same channel. They speak the same language, worship in the same church—have inherited the same patriotic traditions. Freedom was to both the breath of their national life. On this continent they had encountered the same dangers and difficulties, and had achieved similar triumphs in subduing a wilderness, and in building up a great and advancing civilization.

Mr. White paid his tribute of respect to President Wilson for his splendid and persistent devotion to the lofty ideals which animated and inspired his public conduct. As to Canada, the dream of the fathers had been fulfilled. Confederation had welded together the scattered provinces of the great Dominion. As large as the United States, as large as Europe, such is the area in which Canadians are working out their great destiny. Rich they were in all the resources that make a people great and prosperous and powerful. Nine million people only as yet, but settled from the Atlantic to the Pacific. With three transcontinental lines of railway, with Europe to the east, with a billion of foreign trade, Canada would continue to be a great magnet to attract the enterprise, the capital, the immigration of the world. What a future, when the nine million would become twenty-five, and the twenty-five fifty, and the fifty a hundred, as the United States has today.

He spoke of the love and loyalty unchanged and unchangeable of Canada for the Empire of which the symbol was the Throne and Crown. As evincing the imperial interest in, and recognition of the greatness of Canada as a partner Dominion in the Empire, Canadians had now in their midst that gracious vicerey, His Royal Highness the Duke of Connaught, a son of the great Queen whose life spanned so many glorious years in the history of the British people.

In continuing, he spoke of the intertwined Stars and Stripes and the Union Jack, as Old Glory and the flag that braved a thousand years, the battle and the breeze, he hoped that they would long continue to wave—the Union Jack over the vast and magnificent and the stars and stripes over the splendid and stately United States of America, both being truly the lands of the free and the homes of the brave.

During the course of his remarks Mr. White spoke appreciatively of Sir George Carter, one of the Fathers of Confederation, and invited all to attend the Centennial celebration.

Quality, Reliability and Economy are all combined in Consumers' Coal Co.'s Coal.

BRITISH SHIP FOUND DESERTED OFF CHILE

Dalgomar Sighted Off Coast of Chile With Two Life Boats Missing — Crew Probably Lost.

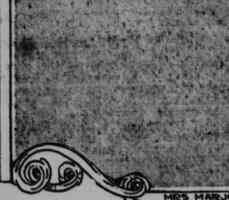

San Francisco, Dec. 10.—Dismasted and deserted, the British ship Dalgomar, from Callao for Talca, Chile, was sighted October 28 about 1200 miles west off the coast of Chile by the French barque Marie, Captain Norciet, which arrived here today from Liverpool.

The Dalgomar was a steel ship of 2,665 tons, built at Southampton, Eng., in 1892, and probably carried as many as thirty men. Two of her small boats were missing, but the others still swung from the davits. The cargo had shifted and she was lying almost on her beam ends. Her papers were missing.

Capt. Norciet thinks it unlikely the crew reached land unless picked up. The ship appeared to have been caught in a hurricane which shifted her ballast.

DYNAMITE CONSPIRATOR WHO IS REPORTED DYING

Ortie E. McManical

Ortie E. McManical, the confessed dynamite conspirator, who was reported dying in a hospital in Los Angeles, has been transferred from Washington to Los Angeles to a hospital.

THE LIFE OF LABOUCHERE IN ANECDOTE

Stories of the Man Who, in Many Ways, Was the World's Greatest Journalist — Editor of "Truth."

Labouchere's biography has been written by his nephew Algar L. Thorold, and is about to be published. Though Labouchere was one of the most remarkable figures in British politics during the last quarter of the nineteenth century and even earlier, it is not recorded that he was the author of no newspaper was as exercised by the great movement. As a critic, however, he was exercised by the great movement. As a critic, however, he was exercised by the great movement.

Let Me Give You My Experience and Medicine Free

A Generous Demonstration of My Remarkable Medicine and the Benefit of 28 Years Experience Free

I want to prove to every sufferer from Uric Acid diseases, such as Rheumatism, Kidney Trouble and Bladder Trouble, that I have a medicine that will give prompt and permanent relief in the most chronic long-standing cases. No matter how long you have suffered, nor how many other remedies and doctors you have tried, I feel sure that I have the right and treatment which will relieve you quickly and surely.

FREE MEDICINE COUPON

There are no strings to this liberal offer in every sense of the word. Just as soon as I receive your request, the Free medicine will be mailed to you addressed in plain wrapper, with full directions for taking. It is a gift from me and I will not expect payment for it now or at any future time.

FORGE AT MEXICO

Two More Cruisers May Be Sent to Give the Crews Already There a Relief.

London, Dec. 10.—No request for the strengthening of the British naval force in Mexican waters has been made so far as is known here where it is considered that the two vessels already there, the cruisers Berwick and Suffolk are quite sufficient for all purposes.

It is stated that if the cruisers Lancaster and Hermione have been ordered to proceed to the Mexican coast it is a local matter which has been decided by Rear Admiral Sir Craddock, the commander of the squadron, and it is thought possible he desires to give the crews of the Berwick and Suffolk a period of leave in which the Lancaster and Hermione would relieve them.

REQUEST FOR SUFFRAGE BILL TURNED DOWN

Premier McBride Refuses to Introduce it in British Columbia — Provincial Executive Not in Accord.

Victoria, B. C., Dec. 10.—Premier McBride refused today the request of the United Suffrage Societies of British Columbia for the introduction of a suffrage bill by the government. He suggested that the question would have to be brought up by a private member.

NEWS FROM ALBERT

Albert, Dec. 10.—Mrs. Armand Wilbur, of New Horton, died Thursday morning after three years illness, from tuberculosis. Mrs. Wilbur was the eldest daughter of Mr. and Mrs. Henry Copp, of Lowell, Albert county.

Typoid is quite prevalent in West River, Beaver Brook and New Ireland. Three cases in one house and six in a lumber camp are reported.

The heavy rain fall of Sunday night caused a heavy freshet in the streams and seems to have driven several bears out of their dens, as several were reported on the tramp through lumbermen yesterday.

The Oregon Indian Medicine Co. finished here on Thursday and are billed for Alms on Friday next.

The indications are that Alberta county will have an unusually large number of Christmas homecomers this year.

A CRIPPLE FROM RHEUMATISM

Tortured Four Years Until He Took "Fruit-a-Lives"

Ridgetown, Ont., May 21st, 1913.

"Your 'Fruit-a-Lives' cured me of Rheumatism. It was the only medicine that made any impression on me. I was a terrible sufferer from Rheumatism. I was laid up for four winters with Sciatica and Muscular Rheumatism, and was a cripple completely; not being able to do anything. I doctored with four different physicians, but they did not help me. Other advertised remedies were equally unavailing, and I have taken several.

Some neighbor of mine told me that 'Fruit-a-Lives' helped him and I took them faithfully every day and the result was marvellous. For over two years now, I have been free from any Rheumatic pains what ever, and give 'Fruit-a-Lives' the full credit for making a remarkable cure of my Rheumatism.

W. T. RACHER.

If you are subject to Rheumatic Attacks, Sciatica, Lumbago or Neuralgia, take 'Fruit-a-Lives' right now and start the permanent cure which 'Fruit-a-Lives' will complete if taken faithfully. 50c. a box, 6 for \$2.50, trial size, 25c. At dealers or sent on receipt of price. At 'Fruit-a-Lives' Limited, Ottawa.

NOTED AVIATOR CRASHED TO DEATH BY BIPLANE

Barbours, Department of Charente, France, Dec. 10.—Leon Letort, the French aviator, who on July 14 last made a record non-stop flight by flying 500 miles from Paris to Berlin in eight hours, was killed here today. The airman was about to land when his biplane turned over, fell on him and crushed him beneath the motor. Letort had been an aviator since 1910.

Dishartening Effect of Piles

It is not only the itching and stinging of the piles that is to be dreaded, but also the depressing and debilitating effect on the whole system. The victim of piles cannot do efficient work. There is an uneasiness and discomfort by day, and at night the distress from the itching prevents sleep and rest, and undermines the general health.

From almost the first application of Dr. Chase's Ointment you get relief from the annoying itching and burning, and gradually the ulcers are healed up, the disease thoroughly cured. Do not make the mistake of discontinuing treatment as soon as relief is obtained. Dr. Chase's Ointment is a proven cure, but depends on you to apply it persistently until a cure is effected.

Even the most severe cases of long standing piles, the scorching, healing influence of Dr. Chase's Ointment. Surgical operations are no longer necessary, for, as a matter of fact, Dr. Chase's Ointment has cured cases that were not cured by operations. No sufferer from piles can afford to delay the use of Dr. Chase's Ointment.
