Mr. H. Rogers of Toronto was a business visitor in town yesterday.

Mr. and Mrs. F. Collins of Hamilton who have been visiting in town the past two weeks returned home this morning.

Mr. L. Bailey of London was in town yesterday on business.

LOCAL G.T.R. MEN WON.

The old time rivals the Grand Trunk staffs of Kitchener and Waterloo met in a hockey game last night at the Waterloo rink and after a fast and strenuous game which required ten minutes of overtime to decide the locals pulled out victors by a score of 8 goals to 6. When full time was up the score was a tie at 6 all and it was decided to play two extra periods of 5 minutes each. The first extra period was uneventful but in the closing period the locals succeeded in slipping two past Ruppel who by the way has had considerable O.H.A. Experience. Dinty Stuebing handled the ball to the entire satisfaction of teams and spectators alike. The teams lined up as follows:—

Kitchener: J. Ruppel, Goal; H. Rau, Left Defense; G. Hawkins, Right Defense; W. Schaefer, R. Wing; H. Young, L. Wing; A. Vetter, Rover; W. Heller, Centre.
Waterloo: A. Bean, Goal; J. Cunningham, Left Defense; F. Clarke, Right Defense; J. Hinchberger, R. Wing; C. Donnelly, L. Wing; F. Schickoff, Rover; W. Berges, Centre.
Referee, Otto Stuebing.

THE PRINCESS GOING STRONG

The Princess theatre is offering citizens, under the new management, some of the classic programs to be had, and without doubt the best program for the small admission that is given in Canada. For tonight and tomorrow the Princess has a specially strong feature, coupled up with good comedy and a Pathe news and travel film. The management says that if the people of Waterloo show their appreciation by patronage this cozy little theatre will make a name for itself.

Poultry Association Had a Good Year

There was a large attendance of members out last evening at the regular meeting of the Waterloo Poultry Association when reports for the past year were received and the association is in a good condition financially due to a certain extent to the great success attained at the recent annual show. It was decided unanimously not to succeed to the request of the Kitchener Association for the amalgamation of the two associations as the hearty support the local members are receiving both from exhibitors and patrons and the great success of their annual show did not warrant them amalgamating with the sister town's Society. They have achieved success in the past and, if the enthusiasm as displayed by the members is any criterion the coming year will be a bumper. It was decided to hold this year's show on the original dates namely Dec. 29th, 30th, 31st, 1919 and Jan. 1st, 1920.

Spartacans Are Beaten

QUIET PARTLY RESTORED.

Copenhagen, Jan. 9.—Government troops have occupied all the public buildings in Berlin and thousands of Government troops are still entering the capital.

The Berlin correspondent of the Berlingske Tidende, who sends this information, declares that the Spartacans have been beaten, and that quiet was partly restored to-day.

The failure of the newspapers to appear because of the act of the Spartacans in suppressing them has stimulated an over-production of rumors, contributing to the general feeling of insecurity. The Berlin population to-day is depending upon the telephone for news service and the wires are badly overtaxed.

The issuance of a stirring call by the Government for a volunteer army to repress the Polish invasion was a feature of the day.

The civil war fare already is estimated to have cost twenty times as many lives as were sacrificed in the overthrow of the Hohenzollern dynasty sixty days ago.

The conference between the Government and the Executive Committee of the Independent Socialists was resumed this morning, but is believed to be doomed to failure because Dr. Liebknecht and his followers, who comprise the great bulk of the rebels, refuse to deal with the "bloodhounds, Ebert and Scheidemann."

The Spartacan movement is beginning to affect other centres in Germany. In Brunswick the Red Guards and Independent Socialists have adopted a resolution in favor of a Spartacan uprising and seized the newspapers. It is reported that the Spartacans have taken over the Government at Mulheim and Oberhausen, near Essen.

The Berlin Independent Socialist organ, Die Freiheit, to-day throws off the pretence of following the independent leaders like Carl Kaatky, and says: "We summon the revolutionary workmen and the Socialists of Berlin to demonstrate again today their numbers and their decisions."

The paper calls on the revolutionaries to meet in the Siegesallee, where a great mass already has collected.

Revival Meetings

Evangelist Mrs. M.A. Durham gave an impressive message last night in the Alma St. Church on the subject of Slackers. The Evangelist said that the term was an odious one, and that no one wanted to be called a slacker, and yet people will be slackers in the Kingdom of God, and in the army of Christ without the least concern as to their responsibility to God, to the Church and to the unsaved. The speaker told of how Mrs. Widmore, the society woman, really found Christ, how with a beautiful pink rose and the love of Jesus she went into the slums and won Deliah for God, how Deliah transformed by the power of God, won 100 souls in eleven months from sin to Christ. Surely if Deliah, the converted denizen of the slum, could win in 100 in eleven months, we can win some one in a lifetime. If you do not put God's work first, and try really to win men for Christ and the Church,
