## DISTRICT NEWS.

### APPLETON

Special to THE HERALD.  
Mrs. Robt. Baird, received a message  
Saturday informing her of the death of  
her nephew, Pte. Thomas Guthrie, at  
St. John's, Quebec.

Mr. James Paul, who was visiting his  
friends in Poland, returned last evening  
very much improved in health.

Nurse Irene Syme, who has been very  
ill, is improving we are pleased to hear  
and her physician thinks she is out of  
danger.

The Misses Teskey are home from  
Ottawa, the schools being closed on  
account of so much sickness.  
There was no service in St. Andrews  
last Sunday evening.

Mr. Howett, of Almonte, preached in  
the Methodist church in the afternoon.  
The Ladies Aid will meet at the home  
of Mrs. Cavers on Thursday afternoon.

Mrs. Watt, who has been very ill for  
the past week, is reported to be recover-  
ing and will soon be out again.

We had one of the worst storms on  
Saturday night we have had in years.  
It was accompanied with hail.

Mr. and Mrs. W. Spinks have moved  
into their own house again, after being  
absent from it for a year.

### LANARK

from the Rta.  
Mr. John Watt succeeds Mr. W. D.  
Cuthbertson as accountant for the Boyd  
Caldwell Company, Ltd.

Chief of Police Hugh Wilson of Car-  
leton Place paid the village a visit last  
Friday while on his way to spend the  
day at McDonald's Corners Fair.

Yesterday morning there came over  
the telephone the shocking news that  
Mrs. James W. Campbell had died  
suddenly in Kingston. It appears that  
she went to bed in her usual state of  
health on Monday night and was found  
dead in her bed on Tuesday morning.

She lived with her daughter Lila, Mrs.  
Wm. Drysdale, in the city but kept up  
an active correspondence with friends,  
and retained a constant interest in her  
old home in Lanark. Elizabeth Mc-  
Kerracher, for that was her maiden  
name, was born at the village of Brooke,  
in Bathurst, in the year 1860. She was  
a daughter of the late Mr. and Mrs.  
Daniel McKerracher. When twenty  
years old she became the wife of Mr.  
James Campbell, of Lanark Village.

In 1899, Mr. Campbell died, and the  
wife and four children were left. In  
the family were John, Maynard, Wilmer,  
and Lila. Although very young the  
eldest sons managed to carry on the  
business, which has been continued  
down to this day under the ownership  
and personal management of Mr. John  
Campbell. Maynard accepted a position  
in Sudbury, Ont., with a successful  
business firm. Wilmer held a position  
with Messrs. Boyd Caldwell and Co. at  
Appleton until the war broke-out when  
he enlisted and went overseas with the  
21st Battalion.

On Wednesday, Sept. 25th, at three  
o'clock p.m., the marriage of Miss Jessie  
Eleanor Stewart, daughter of Mr. and  
Mrs. Wm. Stewart of Mr. Robert Harvey  
Percy, both of Poland, was quietly  
splendidly at the manse, Watson's  
Corners, Rev. R. J. Wilson officiating.

### PERTH.

From the Courier.  
The water in the Tay is being lowered  
three and a half feet to enable the gov-  
ernment dam to be repaired.

The fall statutory non-jury sitting of  
court met and adjourned Tuesday at 10  
o'clock, no cases being on the docket.

Sir Thomas White, Minister of  
Finance, has wired His Honor Judge  
Scott, asking him to accept the chair-  
manship of the county organization for  
the approaching Victory Loan flotation.

Timmins Bros., recently purchased  
Mr. Frank Haughlan's farm in Burgess  
and have commenced sinking shafts for  
graphite, where some large deposits are  
centred. They have some 40 men at  
work. The town's engine and stone  
crusher has been rented for use at the  
mine. This machinery was taken up  
via the barge route this week.

The stringing of the Hydro-Electric  
wire from Smiths Falls towards Perth  
has been completed for upwards of three  
miles, and the latest estimate is that  
Hydro from here in two months' time. The new  
stepping-down station in town is having  
the finishing touches put on this week,  
and some of the equipment has arrived.

Nursing Sister Lillian J. Spence,  
sister of Mr. Thos. Spence, town, who  
has been serving in France for over a  
year at the Hospital Militaire, V.R. 76,  
has been decorated by the French gov-

ernment with two palms and a cross,  
accompanied by a citation expressing  
appreciation for the work she had  
accomplished. Nursing Sister Spence  
is the first nursing sister from this dis-  
trict thus honored.

An effort was made last week to lift  
the big hammer once owned by the  
Factor Car Wheel Company from its  
place in the cement foundation, by men  
employed by the purchasers at Toledo.  
The tackle was too weak and the  
attempt was unsuccessful. Probably a  
wrecking outfit from some railway shop  
will have to be used for the job. The  
hammer, anvil and leaning uprights are  
all ponderous affairs, and need powerful  
apparatus to lift them. Much of the  
steel attachments belonging to the  
working parts has been taken down, and  
lies all over the ground—shafts, alleys,  
dies, etc., waiting for shipment away.  
Col. Edward Watt is engaged by Mr. T.  
B. Caldwell to take the buildings down,  
and good progress is being made. It  
will be taken in pieces to the Caldwell  
woolen premises and re-erected there as  
a warehouse.

### ALMONTE

From the Gazette.  
Miss Ruby Williams is spending a  
couple of weeks holidays in Galt, the  
guest of Mr. and Mrs. Jas. Cram.

Mr. J. B. Illingworth motored over to  
Kingston on Monday with Mr. H. W.  
Lundy, who was going there to assume  
his duties as manager of the Kingston  
Hosiery Co.

The marriage was quietly solemnized  
on Saturday in the vestry of Chalmers  
Presbyterian church, Ottawa, of Miss  
Sarah Evelyn Hamilton, daughter of  
the late Mr. and Mrs. J. N. Hamilton,  
of Almonte, and niece of Mrs. W. H.  
Adams, to Mr. Samuel Gilbert Burgess,  
son of the late A. M. Burgess, a former  
deputy minister of the interior, and Mrs.  
Burgess, of Delaware avenue. Rev.  
Wesley Megaw officiated and the couple  
were unattended, only the immediate  
relatives being present.

Miss Jessie McDonald who had her  
holidays extended for a few weeks owing  
to the illness of her father, Mr. L. Mc-  
Donald, left last Friday for Medicine  
Hat to resume teaching.

Mr. E. B. Dowdall, when in town a  
few weeks ago, arranged to have the  
building next to Mr. Gannon's raised  
and altered so as to put it in comfortable  
shape for a dwelling house. Mr.  
Dowdall contemplates making his home  
in Almonte in the near future, and will  
reserve a portion for his own accommo-  
dation.

The paper chase held by the Epworth  
League on Friday evening was quite  
successful. Gordon Fraser and Edgar  
Lee were "hares" and when they  
entered all their paper, they showed  
the propensity of the coon rather than  
of the bunny, as they shinned up a  
couple of trees and waited until the  
hunters had passed in full cry, and then  
made their way back to the starting  
point. On the return of the hares an  
enjoyable hour was spent in the lecture  
room of the church with games and  
amusements.

The war is doing something for civil-  
ization. It is estimated that table  
waste in Toronto has been reduced  
75 per cent. since 1914.

The amount of a cheque John Gil-  
bert brought home from Simcoe (North  
folk County), Ont., recently for a load  
of alsike clover seed was \$1,039.87. A  
neighbor was paid \$869.40 for a load of  
the same seed.

Montreal has 18,639 city lots, hereto-  
fore vacant, under cultivation this  
year. The estimated value of the vege-  
tables grown on them is \$500,000.

Before a gathering of 400 rural teach-  
ers and 80 school inspectors at Guelph  
recently, Dr. H. J. Cody, the new Minis-  
ter of Education for Ontario, intimat-  
ed that medical and dental inspection  
would be made compulsory in rural  
schools. "The greatest conservation of  
all is that of human life," said Dr.  
Cody, "and the nation must get out  
of the bodies of its people the very  
best that is in them."

## RETREAT ON HIS FRONT

German Defences Are Now Go-  
ing to Pieces.

Magnificent Gains Have Been Made  
by Franco-American Armies In  
the Great Champagne Smash—  
Troops Under Leadership of Gou-  
raud, Mangin, Berthelot and  
Pershing Score Victories.

PARIS, Oct. 7.—A magnificent re-  
sult has been achieved by Gouraud's  
army—the enemy have evacuated  
Moronvillers massif and Fort Bri-  
mont. Thus one of the strongest  
positions of the whole fighting, the  
possible menace to Gouraud's flank,  
has been removed and his whole line  
brought level.

French troops have smashed  
through the German positions in the  
Champagne over a wide front. They  
have crossed the Aisne Canal and  
have reached the outskirts of Aguil-  
court and are approaching Aumena-  
court-le-Petit, eight miles north of  
Reims.

Further east the French are ad-  
vancing on a line north of the towns  
of Pomacle, Lavannes and Epoye,  
and have captured Faverger on the  
Suippe river.

As a result of the various victories  
of the French-American forces a  
general foe retirement toward the  
Suippe and Arnes rivers has been  
made on a front of twenty-eight  
miles. The Germans have abandoned  
strongly-fortified positions held for  
four years.

Could there be a more eloquent  
tribute to the success of Foch's sys-  
tem of manoeuvre? While the Ameri-  
can victory has carried their line  
east of the Argonne almost to the  
eastern end of the Grand-Pre defile,  
where they will soon be able to join  
hands with Gouraud's men and clear  
the forest below of boches, the  
Franco-American attacks in the  
eastern Champagne are steadily  
gaining ground.

The French have consolidated the  
occupation of Autry Station, which  
had already been taken and lost in a  
counter-attack. Farther west Ber-  
thelot's army, which has crossed the  
line of the Aisne Canal due north of  
Reims, is stabbing hard at the en-  
emy retreating from the centre of the  
great salient. On Berthelot's left  
Mangin also is gaining ground, de-  
spite a heavy fire of gas and high ex-  
plosives. Beyond him Debeney's  
troops made a brilliant local attack  
Saturday night above St. Quentin and  
carried the heights southeast of Char-  
donvert, taking 450 prisoners.

Up to Friday night the Franco-  
Americans had taken over 3,000  
prisoners and nearly 40 guns.

Fires observed in the region of  
Laon may be a significant indication  
of the effect of the combined efforts  
of the French forces from west and  
south against the corner-stone of the  
German positions around St. Gobain  
Forest.

Throughout the front the defence  
is being strained to the breaking  
point. Captured German orders  
illustrate the handicaps under which  
the enemy is laboring. One refers  
to the shortage of horses for artiller-  
y, and directs local commanders to  
utilize for batteries horses from the  
transport service, even at the risk of  
interfering with the latter's efficiency.  
Another refers to the jamming of  
machine guns due to substitution of  
iron for copper cartridge cases and  
the inferior quality of "ersatz"  
grease, where the guns are lubricated.  
A third insists on the absolute  
necessity of a better liaison be-  
tween the artillery and infantry, to  
avoid cases where "artillery has been  
400 short—that is, fell upon its own  
trenches—throughout the whole day,  
despite the remonstrances of our  
infantry."

Two others contain instructions  
for special measures against tanks  
and artificial fogs, thus proving their  
efficiency in the recent fighting. The  
most numerous of all are injunctions  
in the most stringent terms to hold  
on to every foot of ground and  
maintain the morale of the soldiers  
by every means possible. Elaborate  
"schools of patriotic instruction"  
have been installed in every Ger-  
man army, with eloquent spellbinders  
from the universities and other  
branches of civil life appointed to  
galvanize the waning spirit of the  
troops. In short, everything denotes  
that the German leaders realize the  
imminence of collapse and are striv-  
ing vainly to avert it.

Dead 50, Wounded 100.

NEW YORK, Oct. 7.—Danger of  
further serious explosions of tanks  
and artificial fogs, thus proving their  
efficiency in the recent fighting. The  
most numerous of all are injunctions  
in the most stringent terms to hold  
on to every foot of ground and  
maintain the morale of the soldiers  
by every means possible. Elaborate  
"schools of patriotic instruction"  
have been installed in every Ger-  
man army, with eloquent spellbinders  
from the universities and other  
branches of civil life appointed to  
galvanize the waning spirit of the  
troops. In short, everything denotes  
that the German leaders realize the  
imminence of collapse and are striv-  
ing vainly to avert it.

Alsace Retreat Prepared.

GENEVA, Oct. 7.—Forty villages  
in Alsace-Lorraine, from Basel to  
Colmar, have been evacuated by the  
civil population, according to Demo-  
crats.

The Germans, adds the news-  
paper, have now ordered the inhabi-  
tants of Mulhausen, Altkirch, and  
other smaller towns to prepare to  
leave immediately.

Broke Altitude Record.

NEW YORK, Oct. 7.—Capt. R. W.  
Schroeder's world record-breaking  
altitude flight at Wilbur Wright  
Field, near Dayton, Ohio, Sept. 18,  
was certified at 28,900 feet in a state-  
ment by the Aero Club of America.  
The previous world's record, made  
in 1913 by G. Legagneux in France,  
was 20,258.

Freeman Smith, St. Thomas, was  
fined \$50 for permitting gambling in  
his apartments.

With Acknowledgments to Luke Fildes, R.A.

To every home there comes a time when every thought,  
every hope, every prayer for the future centres on the  
recovery of one loved one. In that hour of anguish, every  
means to recovery is sought—the highest medical skill, trained  
nurses, costly treatment. Does the price matter?

It may be so great as to stagger  
the imagination—a sum beyond  
the possible.

But does anyone ask, "Can we  
do it?" Money or no money, they  
do it. And somehow they pay.

It may mean doing without  
things they think they need. It  
may mean privations, sacrifices,  
hardships. They make unbelieve-  
able savings, they achieve the  
impossible, but they get the money  
to pay.

To-day in this critical period of  
our nationhood, there is impera-  
tive need for MONEY—vast sums  
of money. Only one way now  
remains to obtain it.

The nation must save, every  
community, every family, every  
individual Canadian must save.

If anyone says "I cannot save"  
let him consider to what extent he

would pinch himself to relieve the  
sufferings of a loved one at home;  
and surely he would not pinch  
less for our fighting brothers in  
France.

Without suffering actual priva-  
tions, nearly every family in Can-  
ada can reduce its standard of  
living, can practice reasonable  
thrift, can make cheerful sacrifice  
to enrich the life-blood of the  
nation.

You who read this, get out  
pencil and paper NOW. Set  
down the items of your living  
expense. Surely you will find  
some items there you can do with-  
out.

Determine to do without them.

Start TO-DAY. Save your  
money so that you may be in a  
position to lend it to your country  
in its time of need.

Published under the authority of the  
Minister of Finance of Canada.
