

ALL COME FROM THE SAME CAUSE

Why Dodd's Kidney Pills Cured Mme. Dufault's Ills

She Had Diabetes, Sciatica, Backache and Headache, but Found Speedy Relief in the Great Canadian Kidney Remedy.

St. Boniface, Man., (Special).—After suffering for three years from a complication of diseases, Madame Oct. Dufault, of 84 Victoria, Street, this city, is once more in perfect health and Dodd's Kidney Pills are credited with another splendid cure. Speaking of her cure, Madame Dufault says:

"Yes, I am again a well woman, and I thank Dodd's Kidney Pills for it. I suffered for three years and I may say I had pains all over my body. I had sciatica, neuralgia and diabetes. My back ached, and I had pains in my head. I was nervous and tired all the time; there were dark circles around my eyes which were also puffed and swollen, and heart fluttering added to my troubles.

"But when I started to use Dodd's Kidney Pills I soon began to get better. I took thirteen boxes in all, and I think they are a grand medicine."

Every one of Madame Dufault's ailments is a direct result of diseased kidneys. That's why Dodd's Kidney Pills so quickly cured them all.

American School of Music, 2 Lakeside Bldg., Chicago

When writing advertisers please mention The Western Home Monthly.

of the building, beautifully wrought of Saskatchewan River gold, the picture was memorable. Constable Moore of the Royal North West Mounted Police was outlined against the sky line as he paced to and fro, guarding the Royal Standard; a long line of scarlet coated guards sat immovable on their mounts, with swords and guns ready for instant use if necessary, and the youngest of all, the Boy Scouts stood at attention in line.

Attached to the latter corps as A.D.C. to the Chief Scout, Ven. Arch-Deacon Grey, was Miss Irene Keane, the only trained Girl Scout in Edmonton, who is one of the best known of the younger Canadian writers, her articles and stories having received the highest commendation.

Besides her unique position as a Scout, Miss Keane, who received the most gracious recognition from the Royal Party, has played a prominent part in these ceremonies all her life; as a wee child Lady Minto took a deep interest in her, and when the Vice-Regal party visited

Brantford, Ontario, she rode in their carriage, and presented flowers and silk copies of The Colonials and The Flag (the Canadian Empire Day Song, which was written and composed by her gifted mother, Mrs. (Dr.) Keane, for the Canadian South African Memorial Fund) while thousands of children sang it, the massed bands of the city regiments accompanying them.

When Lord Grey came to Brantford, she presented the flowers on behalf of the City of Brantford; hence it was when Lord and Lady Grey came to Edmonton, she was chosen as the only one who had previously been presented, and also because her mother's song was under the approval of His Majesty The King, as well as the personal patronage of the Governors-General, for a presentation, which marked another historic epoch in Alberta's history—the presentation in cap and gown of flowers to the Countess Grey and Lady Sybil Grey on behalf of the youngest university in the Empire, The University of Alberta.

The Young Woman and Her Problem

By Pearl Richmond Hamilton

YOUNG WOMEN'S CHRISTIAN ASSOCIATION

A World-wide Organization for Young Women

DURING the past year this department has printed a notice to young women directing those who contemplated coming to the city to place themselves under the protection of the Travellers' Aid representing the Young Women's Christian Association. Owing to the many applicants we have had I feel that a general outline of the work would be of interest to our readers. I shall give an outline, therefore, of the department of the Young Women's Christian Association that is most useful to young women living in the outlying districts and to our Old Country readers.

The Young Women's Christian Association is a world wide organization having associations in every continent and has half a million members. Its purpose is to give to all young women in every walk of life an opportunity through the various departments to develop them physically, intellectually, spiritually and socially. It aims to give such a physical development as shall fit young women everywhere for the wear and tear of life; to give such a social life as shall cause them to value the true worth of character wherever found; to give such an intellectual life as shall give them some degree of self-sufficiency and make them value a good place at housework over a poor place in a factory or shop; to give them such spiritual life as shall bring them into God's plan for the universe as children. This is the aim of the Association for all young women.

The growth of the Association work in the Dominion of Canada has been marvelous in the last few years. There are today thirty-three city associations, thirty-one student and four school branches with a total membership of 13,300. In Western Canada there are Associations at Winnipeg, Brandon, Saskatoon, Prince Albert, Regina, Moose Jaw, Calgary, Edmonton, Vancouver and Victoria.

The Association at each of these points invites young women throughout the country who contemplate going to any of these centers to communicate with them in order that the Association may be of assistance in meeting them at the train, finding them a comfortable boarding home and in obtaining a suitable position. The Travellers' Aid agents meet all trains, each agent, wearing a badge the shape of the Greek cross on which are the letters Y. W. C. A. Any girl can feel perfectly safe in accepting any information or following any direction the Travellers' Aid agent may give.

For example—the writer of this department received a letter from a reader of the Western Home Monthly stating that she had sent a girl into the city and she would arrive at seven o'clock in the morning. Now this is before daylight. The girl was without money and friends. I went to the general secretary of the Y. W. C. A. and stated the case and she very kindly offered to have the Travellers' Aid agent meet her at the train and kept her at the Y. W. C. A. till I found the girl a position. The women in charge of the Y. W. C. A. were so kind to the girl that she goes to the Y. W. C. A. every time she has an hour away from her work. The organization is "home" to her and the general secretary, Miss Elliott, is like an older sister to her and the girl loves her.

The agents of the Travellers' Aid help girls in all the large cities of the world.

Suppose a girl in England contemplates coming to Canada and desires to be met at each place where she must change; if she writes to the general secretary of the Y. W. C. A. in Quebec, Montreal, Toronto, Winnipeg and so on, these secretaries will see that she is met by a Travellers' Aid agent. I mention this because this department of The Western Home Monthly has had these requests from girls in England. I have also had such requests from young men in Western Canada whose sisters were coming to Canada and they, realizing the dangers on the way, wanted their sisters carefully protected.

I copy the following from the handbook I have regarding the Travellers' Aid. "The Travellers' Aid Society endeavors to guard respectable young women as they move from place to place in search of employment, from the dangers to which all young girls are exposed who have no natural guardian to protect them.

"It has workers in all quarters of the world, who are willing to befriend all girls who apply to them." On the steamer handbills this warning is in English, French, German and Norwegian.

"Young women going to a new neighborhood or a foreign country are most earnestly warned not to accept offers of help from men or women who are unknown to them, and not to go to any address given them by strangers. The objects of such persons may be to entice young girls to their ruin. Those who have no friends to meet them on their arrival are invited to write before hand to the Secretary, Travellers' Aid Society, 3 Baker Street, London, W., who will send them the address of some lady ready to give them information and help at the place to which they are going." (The address just given is for our readers in the Old Country.) If Canadian girls who contemplate going to any Canadian City will write to Miss Elliott, Gen. Sec. of Y. W. C. A.

Samoline Makes Housework Easy

Samoline is a great labor saver—it makes housework much easier. You'll be surprised when you see how quickly and easily it cleans and polishes silverware, glassware, mirrors, windows, furniture, woodwork, walls, ceilings, sinks, lavatories, bath tubs, metal surfaces of all kinds, marble, mosaic, tile, etc. Ask your dealer for a sample and a Booklet that tells its many uses.
