Field hockey exhibition games
York vs Scarborough College
 The womens' field hockey finally did it — they didn't lose a game. But they didn't win either. Sounds confusing doesn't it? But that's how they played before they tied their first game of the year against a team from Scarborough College 0-0.
 The team played their best game of the season, and once again goalie Pat Ireson was the standout player for York.
York vs Havergal College
 Another first for the womens' field hockey team. In a game against Havergal College, the York team scored their first goal of the season.
 Both teams were evenly matched and it proved to be an exciting game to the players and the few fans who watched.
 The final score ended up 2-1 for Havergal with Sandi Stevens scoring the lone goal for York.

WEEKEND
 by
 Jean-Luc Godard
"A fantastic Film in which all of life becomes a weekend. A cataclysmic seismic traffic jam. The Film must be seen for its power, ambition, humor and scenes of really astonishing beauty. One of the most important Films Godard has ever made. There is nothing like it."
