Peter Robertson I think now to remind
thee of thy promise thinking that in the
multiplicity of thy business thou hast
forgotten that thou promised to prepare
my deed and send it to me as I have
the ~~note~~ out for the money which I shall
be due in Brantford. I hope thou wilt
be but little delay in forwarding my
deed as it will be of great importance
to me as I am under a bond to another
person to give him a deed and I fear that
delay may cause me trouble. I send this
letter by Jedidah Jackson and wish
thee to send ^{me} the deed by him if possible
and oblige thy friend Rufus Houghton
