

**HURRICANES VS.
WILDCATS SAT.
AT HAMILTON**

By F/O JIM MATTHEWS

A much discussed question as to the relative merits of service and civilian football will be answered next Saturday in Hamilton when the Camp Borden Hurricanes meet the Hamilton Wildcats in an exhibition game.

Several interesting angles present themselves in this tilt. First, it will be possible to compare the styles of Joe Krol and Doug Pyzer, both of whom are among the top ranking individual scorers in Canada. Second, the wiseacres will receive an answer to the question, "Which of the two leagues is the faster?" Third, are the public interested enough in football during wartime to give it wholehearted support, since this is probably the most unique and attractive game to be presented this season.

It will be a real afternoon of football, since this game will be one of a doubleheader in which the Hagersville Bombers will be out to give the St. Thomas Hornets their sixth straight defeat, and the game little Hornets, fresh from their almost successful attempt to upset the Navy last week, will be in there with all they've got to try and win at least this one game of the season.

As far as the Hurricanes' chances in the league playoffs this year are concerned, this game between Hagersville and St. Thomas will be a vitally governing factor, since, if the Bombers win, the Hurricanes are out, but should they lose, then the Hurricanes need only beat the Navy next week to obtain a berth in the playoffs.

The Hurricanes have been hard hit this season both with injuries and postings and the lineup that will be out there Saturday will be quite a bit different to the starting lineup of their first game of the season. Big genial Jake Gaudaur, Fred Kijek, Mike Ozarko, Doug Pyzer, Jerry Hooper and a few others are still with the team, however, and, with boys like these, any team would still be a threat.

It was an unfortunate break of the game last week when Doug Pyzer's break through for a major was brought back due to holding. This touchdown would have given Hurricanes the game and the playoff honors, as well as adding to Doug's own individual score sheet. However, that's football, so fill 'er up again, Lake!!
