MORTLEY F. PUMAVILLE, NEW LISKEARD, ONT.

November 9th, 1909.

Dear Sir:

Some days ago I received a letter from you asking for my views of the Canadian Law on Investigations of Industrial Disputes. At the time of receiving your letter, I was busily engaged in Court and as my time has been very much taken up since I find that your letter has remained unanswered. However, I shall give the matter my consideration during the next few days and endeavor to let you have the benefit of my opinion in this connection and trust that the same may yet be of use to you.

I regret that your letter should have been mislaid and have remained unanswered so long, I am,

Yours very truly,

W. L. Mackenzie King Papers
