The Right Honourable Arthur Meighen,
Ottawa.

Dear Mr. Meighen:

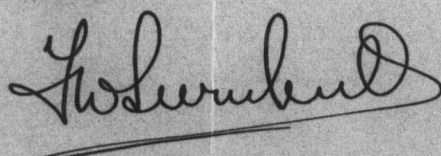

I have information from fairly direct sources that at a meeting of the Liberals held here about a week ago, it was agreed that the Honourable C.A. Dunning should join Mackenzie King's cabinet and that the Honourable James G. Gardner should become Premier in Saskatchewan.

It was stated that Gardner's friends and the President of the Leader Company were fairly insistent upon Mr. Dunning's new venture but that Mr. Dunning himself was not so keen on it.

The Regina Leader has been giving Gardner a good deal of publicity during the last year and it seems to me that he is their choice for the Premiership.

Yours truly,

F.W.T.
