

Reserve in question. I may add that Mr L. O. Arcand P.L.S. of Three Rivers has been recommended to the Department recently for the work of surveying said boundaries; and it is stated, in connection with his application, that he is well acquainted with that part of the country, and is likely to give prompt attention to the matter if entrusted therewith.

It rests with you, however, to employ the surveyor, if the work has not already been completed; and I merely mention the above facts in case you should feel disposed to give the work to Mr Arcand.

I have the honor to be,

Sir,

Your obedient servant.

A. S. Campbell

Dep. Supt. General
of Indian Affairs
