In reply I beg to inform you that I have written Mr. Indian Agent English, informing him that all Indian Agents are expected to encourage those Indians who are fit for enfranchisement to avail themselves of the provisions of the law with a view to becoming enfranchised, and to this end he should assist such applicants, to the utmost of his ability, towards accomplishing the end in view.

Yours sincerely

*A. Pauhaugues*

Deputy Supt. General of

Indian Affairs.
