

Mr. Workingman, the above article is published for the sole purpose of starting you thinking. If it has accomplished that we are satisfied.

The Socialist Party of Canada is not organized as other political parties are, to catch your vote, but to educate you to your own material interest. The ballot is used to obtain what you want, but unless you **know** what you want it is of **no use** to you.

Therefore our object in this leaflet is to start you thinking. Should you care to investigate the principles of Socialism further, we would advise the purchase of some of the following books, which can be obtained either from the Socialist Local in your town, or from the Western Clarion, Labor Temple, Vancouver, B.
