

BY THE SAME AUTHOR.

A Man of His Age,

By HAMILTON DRUMMOND.

ILLUSTRATED BY J. AMBROSE WALTON.

"Superior to anything that Mr. Stanley Weyman has written. Every scene in the story is presented as if we saw the whole thing happening before our eyes."—*Westminster Review*.

"The story is a masterpiece of historical fiction, full of stirring incident and originality of thought."—*Birmingham Gazette*.

"It would be hard to find a story that conformed more nearly to the ideal than A MAN OF HIS AGE. It is an almost perfect specimen (of the historical novel)."—*The Speaker*.

"Mr. Drummond's novel, A MAN OF HIS AGE, is an admirable contribution to historical literature. It is not given to every man to write a really readable historical romance, and a still rarer gift is it so to combine the fictitious with the actual, and so to hypnotise the reader as to make it for him a sheer impossibility to differentiate and decide between the two. Mr. Hamilton Drummond, however, possesses both these gifts; and while, as is perhaps inevitable, his circumstances and personages sometimes recall Mr. Stanley Weyman, he seems to have a way of shedding the glamour of verisimilitude still more seductively about his pages than does even that admirable author, and this is no detraction from Mr. Weyman's methods, but rather very high praise indeed for our present writer. The tale is imagined and carried out with admirable insight."—*Guardian*.

"A good story. The hero's adventures are as well told as they are numerous, and the historical setting is life-like and true."—*Pall Mall Gazette*.

"The story is exceedingly powerful. The many dramatic incidents are described with grim force, and the author has always an eye to picturesque effect. It is certainly a novel to read."—*Publisher's Circular*.
