<i>Free Smelting Value \$46.44 per ton</i>					
<i>Charles Knecht</i>					
ASSAYER,					

ST CATHARINES, ONT.

Sept. 24th, 1900.

g Co.,

Will find assays of samples handed me as coming
 for determination of gold values.
 No gold visible in any of the material assayed. The
 average of the entire samples submitted for assay.

Rock from main vein east of shaft	\$1162.39	per ton
in vein	234.30	" "
in vein	83.66	" "
in vein at 110' depth	55.26	" "
	702.66	" "

Given in tons of 2000 pounds.

Yours truly,

N. D. Lyman
