

Dr. Oronyathéka, supported by Lt. Hart, N. B. Engineers, advocated placing all prizes for Teams, in future Prize Lists, at or towards the end of such Prize Lists.

A large number of Competitors present advocated the above suggestion.

Colonel Laurie, D.A.G., supported by Lt.-Col. Bacon, 74th Batt.,

Considered it would be desirable for the future that competitors be called upon to make their entries in Matches at the Annual Prize Meeting in advance of the date at which the Meeting is held, instead of during the progress of the Meeting.

This suggestion met with general approval.

The President addressed the meeting on the subject of the presentation of the Prizes to successful competitors by H. R. H. The Princess Louise who had generously signified her willingness to do so, and urged all winners to be present on the occasion.

The President having expressed his views on the "Back Position" in favor of its abolition introduced to the meeting Capt. Costin, late Chief Executive Officer of the National Rifle Association, England, who had been present at the competitions during the meeting.

Capt Costin addressed the meeting at considerable length, pointing out the very nonmilitary effects of the "Back Position," and drawing attention to the fact of its being discountenanced in England, and strongly urged on all competitors to discard it in matches open to any position.

Capt. Costin's remarks were listened to with apparently very great interest by all present.

The President gave expression to the pleasure felt by himself and the members generally at the presence of so large a number of representatives from the Maritime Provinces and Manitoba.

A vote of thanks to the President for the able way in which he had presided over the meeting was proposed by Lt. Machnachtan and carried unanimously.

The meeting then dissolved.

C. STUART,
Secretary.

C. S. GZOWSKI, Lt.-Col.,
President.
