

falling off. Quotations follow: Yearling sheep, \$8 to \$8.25; spring lambs, ewts., \$8.50 to \$9.50; cull lambs, \$5.50 to \$6; light ewes, \$5.50 to \$6.25; heavy sheep and ewes, \$4.25 to \$5.25; culls, \$2.50 to \$3.50.

The hog market has quotations that are satisfactory to the shipper, but to the state of the market is unsatisfactory. The receipts continue to be heavy and packers are reported to be endeavoring to force down the market. Hogs are quoted off as follows: \$9.70 to \$9.95 for choice; light and heavy, \$9.30 to \$9.45; fed and weaned, \$9.50 to \$9.55.

Correspondence Invited.

**PRINCE EDWARD ISLAND**

**KINGS CO., P.E.I.**  
**MONTAGUE**, Oct. 21.—Potato digging is over and a very poor crop has been gathered. The potatoes are less than half a crop. The growers report that the grain is turning out well to the stock, but a lot of the grain was damaged by the wet weather. Very little shipping has been done yet. Eggs are getting very scarce, and prices are going up. 25c now. Oats, 30c a bush; potatoes, 20c a bush; beans, parsnips and carrots, 60c a bush—G. A. Christie.

**NORFOLK CO., ONT.**

**SIMCOE**, Oct. 20.—Stock of all kinds is in good condition for the winter with abundant pasture. At present time, wheat or wheat is making a fair growth where planted early. Roots are only a fair crop; potatoes almost a failure. Hay, 1st class, second growth, 45¢ to 50¢; stables; rough, 35¢; straw, load, \$3 to \$7. Apples are a very poor crop; other fruits, such as plums, etc., have been plentiful—F. O. B. Hastings Co., Ont.

**PWELL**, Oct. 21.—Silo filling has been the chief occupation. Corn was badly blown down and very difficult to harvest satisfactorily, but a heavy crop and well earled. A number of new silos were filled this year, and very little husking corn was grown—H. S. T.

**OXFORD CO., ONT.**

**WOODSTOCK**, Oct. 23.—Considerable wet weather, yet, but not as wet as it has been. The farmers are very busy threshing. Billings are being made and many may sales this fall and cattle are selling very high, \$90 to \$100 being the average. There is a strong cattle market, and prices are high also. Not much plowing has been done yet. Turkeys are still in the ground and are a fine crop. Potatoes are a failure, a great many of them being rotting, and a poor market. Beans are a fairly good crop. Pork sells at \$9.60 a cwt. Tomatoes were a failure, owing a good crop of rutabagas and another very many carrots and beets good, but rotting—A. M. McPherson.

**BRITISH COLUMBIA**

**NEW WESTMINSTER DIST., B.C.**  
**ORILLIACK**, Oct. 23.—Only two more days until the pleasant shooting season will be in and every old rusty brook in the country will be blazing away at the feathered creatures. Several apple trees in this district are covered with blossoms. In some garden ripe strawberries can still be had—N. C.

**SALE OF GLENHILL AYRSHIRES**

**ABOUT 300** admirers of the Ayrshire breed were in attendance at Mr. B. A. Murray's sale at Glenhill Stock Farm, Marlinton, Ont., on Wednesday of last week. The total receipts of the sale amounted to \$4,700, and while not a high average, was very fair when it is taken into consideration that of the 52 head sold, a goodly number were calves and yearlings. Some of the best prices were as follows:

Buttercup of Glenhill \$100, sold to D. A. Egan, Marlinton; Sunburst of Glenhill \$130, W. C. Tully, Athol, Que.; White Floss of the Glen, \$100, W. D. Hall, Curvill; Battle of the Glen, \$120, A. A. Bruce, Huntington, Que.; Lily of the Glen, \$120, Cummings, Que.; Lancaster, Ada of Glenhill, \$120, A. Watt, Lancaster; Pearl of the Glen, \$120, A. A. Bruce; Gurnea of the Glen, \$120, Robertson, near Marlinton; Thelma of the Glen, \$145, D. A. McLean, Williamstown; Mollie of the Glen, \$120, MacLennan, Dalkeith; Daisy of the Glen, \$157.50, Wm. McLaughlin; Glenhill Cadara, \$127.50, W. Leitch; Glenhill Echo, \$120, Wm. Leitch; Glenhill Rose, \$127.50, A. Watt; Glenhill Victoria, \$120, John Sandilands; White of the Glen, \$120, Scott Fraser, Lancaster; Edith of the Glen, \$105, Albert McGehe, Gurnea; Corny Twin Bell of the Glen, \$107.50, W. McLean, Northfield; Mabel of the Glen, \$115, A. A. Bruce; Gladys Girl of Glenhill, \$115, W. C. Tully; Glenhill Linnaea, \$120, Stuart Melphoy, Marlinton; Glenhill Hazel, \$120, J. F. Annable, Mountieau; Umbell Queen, \$100, Isaiah McEldrie, North Bay; Lizzie Glen's Opinion, \$100, A. Watt; Glenhill Pippin, \$110, Cummings.

**Don't Break Your Back!**  
**Make More Money, Make Barn Cleaning Easy, Save HALF THE Time!**

**This Wonderful New Book Tells How! It's FREE Mail Coupon or Postal NOW for Your Copy**

Cleaning the barn with a wheelbarrow is the dirtiest, most disagreeable and hardest work on the farm. It's a job that's shirked by hired men, boys and owners as often as possible. It's a job that "tries men's souls." It's a task that drags the profession of Farming down to the point where it's next to impossible to keep good help—and almost a sin to keep boys at home.

Cleaning a barn with a wheelbarrow is back-breaking, heart-aching slavery. Yet, in fair weather and sloopy weather, if must be done. You may skip a day, but you have a double task the next day. And your barn rats, your cows suffer and your profits suffer, if the work isn't done regularly and thoroughly. It's costly, wasteful, disagreeable, behind-the-times, and unnecessary.

**The New Way To Clean Barns Quick**

The New Way—the Dillon Way—takes the hard work out of barn cleaning, makes it easy for even a boy to do the work in a jiffy. It consists of a galvanized steel overhead carrier, mounted on a solid steel track, arranged anywhere in the barn. The tub is raised and lowered by the endless chain leverage principle which raises an 800-pound pull with a 50-pound pull. The carrier runs easily with a slight push—out of the barn, and dumps its load right into the wagon or spreader or on a pile any distance you like, away from the barn.

The Dillon Carrier makes play out of barn cleaning. It cuts the work into less than half. It saves time, preserves all the valuable liquid manure for your land, keeps the barn clean so cows don't lie in filth, don't breathe disease, and milk isn't contaminated. Keeps manure away from dirt—no disagreeable odor, no rotting boards, no weak eyes or lungs. It saves a few of the ways a Dillon Manure Carrier saves you in time and money and adds to your profits. Other ways are told about in our new, fine book which we will send you free. Mail coupon or just a postal now.

**The Dillon Manure Carrier, Direct From Factory, 60 Days Trial, Freight Paid, Money-Back Guarantee! Get Our Price!**

The Dillon Manure Carrier is made so we can afford to send it to you on the most liberal selling plan ever devised. The tub holds 18 bushels of all stock, every part of it is made too heavily galvanized and simple braced. Raises and lowers with a little pull on the chain. Friction clutch keeps it from coming down too fast. Overhead track made of high carbon steel, yet easy bent cold for curves. Easily hung with our double wheel track makes tub run smoothly and easily. Stay Set Sprockets and Safety Stop Switches prevent accidents and wear fast! Outside Swing Pole and patented Outside Track—features, are exclusive features that place the Dillon far ahead of all others.

**Get Our Price and New Book Free**
