**Don't Take Chances on a Poor Grindstone**  
Don't spoil your knives, axes, hoes or cutter-bar blades on some soft-spotted, lopsided, cheap stone. That's not economy!  
Here's a good stone—the CLEVELAND "STERLING." Guaranteed to wear evenly, grind quickly and put a keen edge on. Made of the only Berea rock, exactly the right grit for farm use. Ball-bearing, well-made steel frame. Works like a bicycle—and just as easy. Every stone personally selected by our expert judges.

## CLEVELAND Grindstones

We are the biggest producers of grindstones in the world. We own and operate the only Berea quarry, the standard by which all grindstones are compared. We have 17 other quarries. We've made grindstones for 60 years. 9 out of every 10 agricultural implement makers use our stones in their own shops. They know what's best. We treat our customers fairly. Money back if anything goes wrong. Write for booklet, "The Grit that Grinds," and name of dealer who will supply you. Insist on this trademark.

## "DOG DAYS" the best time to buy a DE LAVAL SEPARATOR

THERE WAS NEVER BEFORE as good a time to buy a De Laval Cream Separator as **right now**.

THE "DOG DAYS" ARE AT hand when dairying is most difficult without a separator and when the increase in quantity and improvement in quality of cream and butter are greatest through the use of a good separator.

THEN THERE IS THE GREAT saving of time and labor, which counts for more in summer than at any other season and often alone saves the cost of the

separator, aside from all its other advantages.

THIS IS LIKEWISE THE SEASON when De Laval superiority counts for most over other separators,—in closer skimming, larger capacity, easier running, easier handling, easier cleaning and absolute sanitation.

A DE LAVAL CREAM SEPARATOR bought now will easily save its cost before the end of the year, and it may be bought for cash or on such liberal terms as to actually pay for itself.

Look up the nearest De Laval agent AT ONCE, or drop us a line and we will have him look you up.

## When the Crop is in the Barn There is More Danger from Lightning

Every year many barns filled with crops are burned. Two-thirds of all rural barn claims settled by 40 Insurance Companies in Ontario during 12 years were due to lightning. If you eliminate the hazard of lightning you cut off two chances out of three of your barn burning.

"Lightning Rods, properly installed, are almost absolute protection." Ontario Dept. of Agriculture Bulletin 220.
