

Wins Ontario Plowmen's Sweepstakes from 26 Competitors

This Remarkable Feat Demonstrates the Superiority of the

CASE

Kerosene Tractor

THIS is the latest record of the Case 10-18 Kerosene Tractor—established in the Ontario Plowmen's Association Sweepstakes, held at Chatham, Oct. 23rd. **Q** This was not a test of speed but of performance, by actual farmers, and results—and the Case won over 17 other makes of tractors. **Q** This is the tractor that won over all competitors at the fuel tests of the Cercle Agricole of St. Blaise, Que. This is the tractor you need on your farm. **Q** The Case 10-18 Kerosene Tractor has a four cylinder valve-in-head motor, set crosswise on a one piece main frame. This frame construction assures permanent alignment of all shafts, bearings and gears. No bevel gears, chains, worms or friction drive parts required. **Q** It also permits of placing the belt pulley on the crankshaft, giving a direct drive. It affords the use of all spur gears which save power. All gears cut steel, enclosed

and running in oil. Other exclusive features include the patented Case air washer, preventing dust from entering the motor, thereby prolonging its life. The Sylphon Thermostat keeps the engine at a uniform temperature, important for successfully and economically burning kerosene. Copper fin and tube non-clogging radiator with removable cast frame. Hyatt Rollers for all important bearings. **Q** The Case 10-18 is adaptable for plowing, discing, seeding, harrowing, haying, harvesting, threshing, silo filling, hauling, and many other farm jobs. Holds records for fuel economy. Develops 20% more belt power than rated. Weight only 3500 pounds. **Q** You cannot afford to overlook the outstanding advantages of the Case if you want the most value your money will buy. **Q** Let us show you why the Case Tractor out-distances all competition.
