## PRESTON SAFE LOCK SHINGLES

**TIGHT?** not a break in the joints

Rain and winds play queer tricks with shingles. If there are openings where the joints lap, trust the wind to find them and drive in water and snow.

You cannot force water through a PRESTON roof, even with a fire hose. Be sure to see how the joints of the Preston Safe Lock Shingles hook together. They are continuous wind-and-water-proof joints. Solid at the corners and solid along the top and sides. All joints—four sides—are lock-joints; no lapping, but solid, tight locks that water cannot penetrate—that sagging, or wind storms cannot pull apart.

### STANDARD GAS ENGINE OIL

It has been the farmer's friend for years. It is especially adapted for tractors with long stroke, low-compression engines.

# Polarine

A lighter oil than Standard Gas Engine Oil; the proper lubricant for the more expensive and finely constructed tractors. It will stand a zero cold test. Besides Polarine Motor Oil, there is a Polarine oil or grease for every running part of your tractor.

The cleanest and cheapest way to buy Standard Gas Engine Oil and Polarine is in our non-leakable steel barrels with faucets attached.

## Secrets of the German War Office

By Dr. A. C. GRAAVES

This is one of the most sensational war books published. Dr. Graaves was for 15 years a secret service spy in the employ of the Kaiser.

He "knew too much" and was betrayed by the Germans into the hands of the British and spent some time in an English prison. Upon his release he wrote this famous exposure of the German spy system and the German War Office. He shows how the German Kaiser employed men and women in all the leading courts of Europe to outwit the British and French. He tells of secret meetings between Winston Churchill and German war lords and other startling facts. It is the inside story of the German plot to rule the world. Printed in large clear type. Postpaid **\$1.60**

### Secrets of the Hohenzollerns—By the same Author

The family name of the German Kaiser is "Hohenzollern" and the title of this book would be better as the "Secrets of the German War Lords." This book gives the inside story of how the German War Lords made their preparations for the war. It tells how the great war Zeppelins were made in parts and secretly stored away and the same thing with regard to submarines. It tells how the Kaiser was injured as a child and still has one withered arm, and of his hatred of his mother as a result. This is a companion book to the one described above and every page contains startling revelations of the German plans to wipe out the other nations and rule the world alone. Postpaid **\$1.60**
