

## LIVE STOCK MARKETS. TORONTO.

Receipts of live stock at the City Cattle Market amounted to 53 cars, containing 945 head of cattle, 1,560 sheep and lambs, 200 hogs and 131 calves.

With a run of hardly forty loads of cattle trade was naturally brisk, with prices on the whole firmer. There were practically no really choice cattle offered and buyers who were after this class had to be content with medium quality.

No good export cattle were offered and trade was confined to a few heavy bulls which sold between \$3.50 and \$4. The number being marketed is small and it generally takes buyers a week to get a load together for shipping. The scarcity of choice cattle on the market recently has compelled large exporters with space to fill to go to the country after supplies. Farmers have been holding back their best cattle, sending in only the poor stuff, which will not pay to winter-keep, and the only way shippers can get the kind they want is to go after them. This method generally means paying higher prices, but when there is space that must be paid for, whether filled or not, buyers have to put up with it.

Further depreciation in the quality of butchers' offerings was noted to-day, and a bunch of what were probably the best cattle on the market sold at \$4.10, medium grade steers sold from \$3.50 to \$4. Common to medium, \$2 to \$3.40 and canners at \$1 to \$1.50.

Stock trade was fairly steady but there were not enough cattle of the right weights. Good quality stockers of 800 to 900 lbs sold at \$2.60 to \$3, with light medium quality of 600 to 800 lbs selling \$3 to \$3.50; common, \$1.60 to \$1.75. There was no demand for distillery feeders.

Choice milkers were in demand at \$45 to \$60, with medium at \$30 to \$40. Offerings were light.

Calves were in steady demand under a very light run. Quotations unchanged at 3c to 6c per lb.

Sheep held steady with little change in quotations. Export ewes, \$3.50 to \$4; bucks and culls, \$3 to \$3.50; lambs, choice, \$4.75 to \$5.25; common to medium, \$4 to \$4.50.

The prospects of further declines in hog prices acted as a check upon deliveries and today only about 200 hogs were marketed. Quotations were 25c lower at \$5.50 for select and \$4.50 to \$4.75 for lights and fats.

## HUSBAND AND WIFE.

A man is not happy when he is continually being made to feel that he has acted like a brute. Nor does any man like to have a woman, however dearly he loves her, peering forever into the recesses of his mind with a view to finding out if he cares for her as much as he did yesterday. I have seen many a decent fellow made almost brutal by this sort of affectionate inquisition. No man enjoys having his affections pulled up by the roots to see if they have grown or not since yesterday. In short, every human being feels the need of a little decent mental privacy. Every one has a right to thoughts of his own, a right to variations of emotions that he is not bound to tell about. Women do not think this; they will relentlessly track every feeling their husbands have to its last hiding-place. Then, when all spontaneity is dead, they mourn for it.—A "Husband," in Harper's Bazar.

## EASY TO MIX THIS.

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription, as formulated by a noted authority, who claims that he has found a positive remedy to cure almost any case of backache or kidney or bladder trouble in the following simple prescription, if taken before the stage of Bright's disease:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take a teaspoonful after each meal and at bedtime.

A well-known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic affections with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

## OPTIMISTIC BROWN.

Brown's cheerfulness was a source of wonder and admiration to his friends. Either his religion or his philosophy taught him to accept everything as a wise dispensation. But then he had a large share of worldly goods, his friends argued, and nothing but adversity would shake his faith.

Therefore when a promising crop was washed away by a flood the neighbors were much astonished to hear him say: "It's all for the best. I was blest with an overabundance last year."

In the winter his house was burned to the ground. To his neighbors' solicitations he calmly responded: "The house never suited us anyway, so it is all for the best."

Other calamities befell Brown, but still he refused to be disheartened. The climax came when he was in a railroad accident. Both feet were so badly crushed that amputation was necessary.

Sympathetic friends gathered from all quarters. They dreaded to hear the lamentations they were sure would greet them, for even Brown could hardly be expected to pass this lightly by.

"Guess you are pretty well discouraged aren't you, with both feet cut off?" ventured some one. "Do you think this is all for the best?"

But Brown nodded his head, smiling wanly, and said: "They were always cold anyway!"

FRANK RUETZ, Prop.

Hamilton, Nov. 21.—The police yesterday made an arrest in a sensational manner, when they took into custody Louis Levi, a well-known metal dealer; W. Brooks, Joseph Goldberg, Albert Dunsmore and Harry Weinstein, charged with the theft of nearly a ton of copper wire from the Brantford & Hamilton Railway. For several months complaints have been made by the Toronto & Hamilton Railway, and others, about thefts of this kind. A squad of detectives waited all night five miles from the city for the men to call for wire, which had been hidden. The five arrived yesterday morning. The officers watched them chop the wire up, and tracked them through the marsh to Levi's place. P. C.'s Barrett and Brannon rushed in on the men and knocked them down with their clubs. Brooks escaped, but surrendered after several shots were fired. The five were handcuffed at the point of a revolver. Bail was fixed at \$2,500 each.

Recently a young lady in Stirling boarded a tram car and began to distribute tracts to the passengers. One man who looked like an artisan handed his back with the remark: "Much obliged Miss, but I'm a married man, and my wife might object if she knew it." The title of the tract was "Abide with me." The lady blushed, and left the car hastily at the next stopping place.

## Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made. A perfected, dependable prescription. Without that last ingredient, I successfully treated many. Many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore such dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as fully as does sugar when added to pure water. And then, when dissolved, these poisonous wastes simply pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend
