\$1110

f. o. b. point of shipment  
Including Five Wire Wheels  
Subject to change without notice

## Style and Utility

Here is the only smart sport model among low priced cars.

It has the style yet it is so economical that it makes an ideal utility car.

The smooth—lively—powerful motor makes it a wonderful performer.

Cantilever rear springs and four inch tires make it remarkably easy riding.

The unique seating arrangement provides ample room for four large passengers.

The front seats are adjustable forward or back.

Five wire wheels are regular equipment included in price.

Come in and look this car over.

## PETER REUBER

### Submarine No Longer A Menace.

Arthur Pollen, the famous British war expert, has made the following statement to the associated Press on the submarine war and the various political crises in Europe:

"Anything unsatisfactory in the military and political situation in Europe is balanced by the extraordinary news that the German submarine campaign has broken down altogether. The submarine is defeated. This is the most momentous event since the U. S. declared war. It means that we can all stay in, and that America can really come in. Six months ago shipping was being destroyed, according to some authorities, at a rate of nine million tons per annum. Had this loss continued, not indeed military victory but a piece that would mean something much less than defeat. This was Germany's only hope and it was the Allies only anxiety. For every one, including the German higher command knew that with sea communication reasonably safe, the military defeat of the German army was certain.

"In the first fortnight of November, the rate of loss of British tonnage of greater than 1,600 tons each, has fallen to about one million tons a year. The present ship building capacity of Great Britain alone can make this loss good in less than eight months. At the rate America, Great Britain, Japan are striving to attain, we should replace this loss in less than eight weeks. The rate of loss for the last week is actually less than the annual toll of wrecks in peace time. It is an amazing development. It is not to be expected that losses can remain as low as this. They must fluctuate up and down. But they will never cause us uneasiness again.

When a man gets the chicken house banked up for the winter, and the potato crop stowed away in a pit, and the storm window on, and the hammock off the verandah, and the pet rose bush tucked away in leavest and a new handle put on the ash sifter, and a couple of old shirts wrapped around the outside water tap—well, there's not much else to do until the snow comes.

### ALL AT HOME SHOULD PREPARE FOR WAR

The first test a man is put through for either war or life insurance is an examination of his water. This is most essential because the kidneys play a most important part in causing premature old age and death. The more injurious the poisons passing through the kidneys the sooner comes decay—so says Dr. Pierce of Surgical Institute, Buffalo, N. Y., who further advises all people who are past thirty to preserve the vitality of the kidneys and free the blood from poisonous elements, such as uric acid—drink plenty of water—sweat some daily and take Anuric, double strength, before meals.

An-uric is a discovery of Dr. Pierce, and can be obtained at drug stores. For that backache, lumbago, rheumatism, "rusty" joints, swollen feet or hands, due to uric acid in the blood, Anuric quickly dissolves the uric acid so that water does sugar. Send 10 cents to Dr. Pierce for trial pkg.

Theresa, Ont.—"I think Anuric is the best I have ever taken. My kidneys have given me trouble for some time. I would suffer from backaches and also swelling of the limbs. I took Anuric and it has entirely cured me of all my backache and has strengthened my kidneys so I feel safe in recommending it to others who suffer."—Mrs. G. A. Clarke, Box 1179.

Toronto, Ont.—"For the last eight years I have suffered with kidney trouble and rheumatism. It began with pains in my back and has strengthened my kidneys so I feel safe in recommending it to others who suffer."—Mrs. G. A. Clarke, Box 1179.

Women letter carriers have made their appearance in Washington. Just imagine the gay time they'll have riding all the post cards on their routes.

Not a little humour is coming out at the Tribunals. It is reported that a young man got examined, passed A 2, applied for exemption, which was not likely to be granted till he suddenly remembered he was a married man, though the international boundary has separated him and his spouse since five years before the war.

### How Dan Fell.

Mr. and Mrs. John McPhail of Otter Creek had further particulars regarding the death of their son, Pte. Dan McPhail, who was killed in action in France on September 20th, 1917. A letter received from Dan's cousin, Kenneth McLennan of Toronto, who was in the same Battalion at the Front, tells how the brave lad was killed in a heavy evening bombardment while out on a working party. He writes:—Dan was killed either the night of the 20th (Sept.) or very early morning of the 21st. Several of us, including Dan, had taken a short Machine Gun course and Dan was taken out of the platoon and put in the M. G. section (special). Well, this night we had to go up to the Front on a working party and Dan went up with gun crew. Fritz opened a heavy bombardment while we were there. Our platoon came off about the worst of the lot. I hadn't seen Dan for a couple of days and I did not see him that night. He was found with three others.—Telescope.

### Buy a Bond.

Do you know that Canada's victory bonds are the safest and surest investment obtainable?

That they can be paid for in installments spread over five months?

That you can buy victory bonds repayable at the end of 5, 10 or 20 years.

That you can sell them at any time?

That they pay interest at the rate of 5 1/2 per cent. per annum?

Do you know how simple it is to collect on a victory bond?

Every six months cut a coupon from the bond and present it to any bank, where it will be cashed as easily as changing a \$5 bill.

Remember the ownership of a victory bond is both good business and true patriotism.

Mennonites who are not aliens are not disqualified from voting at the Dominion election on Dec. 17th.

The Traffic by-law in Walkerton has been changed and now allows rigs and autos to remain on the street one hour instead of 20 minutes as formerly.

### The Draftees.

No one will blame the young men who are drafted for feeling somewhat put out about it. They had not been calculating on going away. They had their plans for the future and they were enjoying life as it was going on. They thought the war would be fought out without their assistance. They are not constituted to love adventure, and they have not that curiosity which creates a desire to see the big things at the front. Besides, going to the front is a serious proposition.

However, there is another side. This war has been thrust upon us. It must be fought out to victory. Only the fit young men can win the war, and they must go to the front and take chances if they are to win.

Going to take an active part in the war may be regarded otherwise than as being sent to a place of danger and hardship. A fit young man might well be glad that he is one who can contribute to the success of the Allies. That is how many who have gone do feel about it.

At any time the generation of fit young men must constitute the national guard. If they will not protect the country from the fate of Belgium, who will do it? The women and children and the older men cannot. The protection of the country necessarily falls to the young men.

### Off Less Than Acre.

Mr. Barney Ruland, Postmaster at Decemerton, is certainly an expert at this production business. Mr. Ruland had less than an acre under cultivation this year but he made it count. He produced altogether 7500 lbs. of dutch sett onions, which he sold at \$160 a ton, and also five hundred dollars worth of ginseng. That is a record which will stand some beating.—Telescope.

Collingwood, including \$2,000 voted by the town council, raised \$18,646 for the Red Cross. The work was done in a two days' campaign. Pretty good work for a town of 7,000 people. It is an average of \$2.66 per head.

## SELECT JEWELLERY

Diamond Rings, Cut Glass Necklaces, Silverware Brooches, Watches and Clocks

Fancy China and Glassware

WE INVITE YOUR INSPECTION.

C. Wendt

Jeweler

Capital paid up  
\$7,000,000 00

This is the school for those who want the practical training and the good positions—COMMERCIAL, SHORTHAND and TELEGRAPHY departments—Get our free catalogue, it will interest you.

W. J. Elliott, President. D. A. McLachlan, Principal.

A Wentworth County farmer has notified the Brantford police that his son, aged 31 years, who was afraid to enlist, had left his home and he did not know his whereabouts.

Only 952 men have registered under the Military Service Act with the postmaster at Kitchener, Ont. This is considered but a fair representation of the number of men in that city required to register. The rumor that there exists in the city a "Don't Registrar" Club is constantly gaining ground, and it is hinted that a number of the eligible employees of a certain factory have signified their intention of defying the act.

## Germania Farmers Mutual Fire Insurance Co.

ESTABLISHED 1878

HEAD OFFICE - AYTON

The Oldest, Cheapest and Safest Company in the Province.

Amount at risk, over for million dollars.

This Company pays market cash value for live stock killed by lightning.

J. M. Fischer

Agent - Mildmay

The war has not wholly swept the of its more peaceful forms of romance. Cases in point are the new motor that made more than sixty-one an hour, and the old schooner recently worked its way across the with a crew of boys and a Nova-hipper more than ninety years old.
