CROWN FORCES IN CONTROL AT BELFAST

BIGGEST YEAR ON GOOD ROADS DRAWS TO CLOSE

Little New Work Attempted From Now on But Finishing is in Progress
RESUME OF SITUATION
Highways Radiating From This City Not Completed Until Another Season

Work which has already been completed on the provincial highways, which is now under way, or is promised before the end of the year, indicates that considerable progress has been made on the big 1,800-mile scheme. While an inspection of the routes shows that the roads are in various stages of repair or construction, it has been possible to make an analysis of the highway situation and show fairly closely what is being done in the province.

"Highway men," or rather road officials in Belleville today confirmed the following reports:

Getting Ready for Paving.
From Toronto to the Quebec boundary: Pickering Township will have three and a half miles of asphalt completed by the end of September, the balance of the township main highway being macadamized in preparation for paving. Macadam is going in west of Oshawa, and from Oshawa to Trenton the grading is practically completed, while a gravel surface is being maintained. From Port Hope to Peterboro a strip three miles south of Peterboro will be macadamized this year, while the bridge and culvert structures on the entire road will be practically finished, and the balance of the road will be good gravel.

From Trenton to Belleville a gravel road is being maintained; from Belleville east there will be a fine strip of macadam for six or seven miles. It is now being graded. From Shanville to Deseronto gravel road is being maintained; the same applies from Deseronto to Napanee, but the latter strip will be almost completely macadamized. Belleville to Picton is being brought to a gravel surface, and from Belleville north to Foxboro, structures and grading will be finished this year, with two miles of macadam, with the balance smoothed.

Long Strip of Macadam.
Napanee to Kingston will be practically unbroken macadam by the end of the year. Nine miles of macadam are going in east of Kingston, and the balance to Gananoque will be maintained as macadam. From Gananoque east is being maintained to within three miles of Brockville; the rest will be tar penetration pavement this year. Brockville to Prescott will be good macadam, three-quarters finished, with gravel on the eastern part. Prescott to Johnstown has been finished with macadam; Johnstown to Manotick will be finished with gravel this year, with structures completed in three weeks. From Manotick north there are three miles of gravel, with balance of road to Ottawa good macadam. From Johnstown east to Morrisburg will be mostly macadam this year; east to Moultonville, in passable condition, maintained with gravel and stone; east to Cornwall, about three miles macadamized, with four or five miles of stone, being maintained east to Lancaster, and from Lancaster to the Quebec border will be macadam by the end of the year. From Ottawa east: Will finish three miles of asphalt linking up with three miles of macadam to Orleans; Orleans east will have eight or nine miles of asphalt penetration running to Rockland. Through Plantagenet and Alfred to Point Fortune, the balance is being maintained to the Quebec border at Point Fortune. There are some 200 culverts on this strip, which will be practically all completed this year. Ottawa to Kingston route: through Smith's Falls and Perth is being finished with tar macadam, with balance being graded, culverts going in and maintaining with gravel and stone.

SPAIN IMPOSES CENSORSHIP.
MADRID, Aug. 31.—The censor refuses to permit the cabling of extracts of articles printed in Madrid newspapers. The telegraphing also of news is forbidden.

JUTLAND BATTLE TO BE SHOWN IN MOTION PICTURES.

LONDON, Aug. 31.—The battle of Jutland is soon to be produced on the movie screen here. Its depiction will be to show the battle as it would have been seen from an airplane or airship. It is a product of two years' work by Major-General Sir George Aston, and has been made by taking fifty thousand pictures of one inch long as reproductions of vessels.

The actual course of the vessel was first traced with historical accuracy on a field ten feet square. The models were then taken after each stage of a sixteenth of an inch. All data was compiled and checked by officials who took part in the engagement.

WHO WILL BE LT. GOVERNOR?

Manitoba Also in Position Similar to Ontario With no One Eager for Office
NEEDS A RICH MAN
Several Names Mentioned but None Likely to be Man for the Position

OTTAWA, Aug. 31.—The regretted death of Hon. Lionel Clarke, lieutenant-governor of Ontario, produces for the government another quandary as to the succession. For months a successor to Sir James Alkens as lieutenant-governor of Ontario has been canvassed, but for the limited offers there are few takers.

The situation in Ontario is even more difficult. The provincial government has erected for the lieutenant-governor a palace of a place at which an ordinary domesticated man would shudder. Only one of great wealth could maintain it. In former years there was an allurements to such positions because knighthood was in prospect, but that flower has ceased to bloom and the wealthy are not attracted.

If he would accept, Sir Edward Kemp would have the call, but he declined once before and the understanding here is that his fixed purpose is to return to private life. Sir George Foster could gracefully retire to such a post, but he cannot afford it.

Names mentioned for the Ontario appointment also are Sir John Eaton, Toronto; P. D. Ross, Ottawa, and Sir Henry Egan, Ottawa.

The view expressed here today is that the new lieutenant-governor will likely be selected from without the ranks of statesmen or politicians, but as to who it will be there is no sign as yet. Meanwhile the administrator can carry on. Had he not been appointed before the death of the governor, however, it would have been necessary to fill the governorship immediately. There is no statutory provision for naming an administrator after the death of the occupant of the office. Whoever might be so selected would be the real governor.

It is understood that the Manitoba appointment has been offered informally to Hon. Robert Rogers, but his acceptance is uncertain.

IGNORE ORDER FROM HARDING AND OPEN FIRE

Border Patrol in West Virginia Mountains Was Made Target
SKIRMISH FOLLOWED
Attacking Party Driven Back by State Troops—Martial Law Expected

LOGAN, W. Va., Aug. 31.—A border patrol on Blair mountain was fired upon this morning by a party of men from the east slope. The fire was returned and the attacking party driven back by Logan county deputies, holding this sector. Sheriff Don Chaffin said the casualties had not been reported.

HARDING'S ULTIMATUM.

WASHINGTON, Aug. 31.—President Harding, in a proclamation last night, commanded all persons engaged in "unlawful and injurious proceedings" in the West Virginia coal fields to disperse and retire peacefully to their homes before noon of Thursday, September 1. Unless there is prompt compliance, the administration let it be known that martial law would be declared and Governor Morgan's appeal for Federal troops granted.

Meanwhile Brig. Gen. H. H. Bandholz, who made a preliminary investigation around the Mingo district last week, was ordered back to West Virginia to watch the situation and advise the War Department how the proclamation was received.

THINK "IMPORTER" LOST

VANCOUVER, B. C., Aug. 31.—Practically all hope for the Government steamer Canadian Importer has been given up. Captain Wingate of the Canadian Winner, who has been searching since Saturday morning sent this message today: "General opinion importer foundered."

A second discouraging aspect of the tragic affair is that rough weather has swept that part of the Pacific during the last three days. If Captain Blisset and the 32 members of his crew remaining on the vessel actually succeeded in getting clear in the ship's lifeboat, the heavy seas over the week-end would have given them a strenuous time.

FINISH TORONTO EASTERN

Oshawa Will Hold Meeting to Decide on Policy
OSHAWA, Ont., Aug. 31.—A meeting has been arranged by Mayor Stacey and the town council for the holding of a meeting in the Armories here on Friday night next to urge the completion of the Toronto and Eastern Radial Railway. It is expected that representatives from practically every municipality along the line will be present.

The speakers will be Mayor T. L. Church and Controller Maguire, of Toronto; Mayor W. S. Davis, of Oakville; and Reeve Fred Richardson, of Pickering.

SMUTS REACHES HOME

LONDON, Aug. 31.—A Reuter cable from Capetown, South Africa, reports the arrival there of General Smuts, Premier of the South African Union, who received an enthusiastic reception.

PROVINCE HONORS LIONEL H. CLARKE

Church, Military and State Dignitaries Pay Respects to Lieutenant-Governor
CROWDS AT FUNERAL
Lying-in-State Continued This Forenoon—Throng Passes

TORONTO, Aug. 30.—With all the reverential honors of church, military and state, the funeral of His Honor Lionel Herbert Clarke, Lieutenant-Governor of Ontario, and prominent citizen of Toronto, took place this afternoon to Mount Pleasant cemetery. Up till noon the remains lay in state at Government House and many hundreds of people, who were unable to pay their last respects yesterday, had an opportunity to do so today.

For two hours this morning and all day long yesterday a silent procession moved slowly through the great oak-paneled state dining room of Government House, where, on a special bier, covered in royal plush purple, rested the bronze casket containing the mortal remains of the late Lionel H. Clarke. It was a procession that numbered in its mournful ranks men and women from every walk in life and bore eloquent testimony to the catholicity of interests and friendships which marked the life of the Lieutenant-Governor.

Where were men and women who came to pay their last respects to a man whose loss is keenly felt by every class in the community. Over the casket was draped the Lieutenant-Governor's own flag, with the coat of arms of the province in the centre of the Union Jack. At each corner stood on guard a soldier of the Royal Canadian Regiment, with arms reversed and head bowed.

Final arrangements were completed last night for the public state funeral this afternoon. The public service at 2:30 o'clock at St. Paul's Anglican Church, Bloor street east, with the Bishop of Toronto officiating, assisted by Rev. Canon Broughall, rector of Grace Church-on-the-Hill, and Rev. Dr. H. J. Coffy, rector of St. Paul's, was preceded by a private one for the immediate family at Government House, at which Rev. Canon Broughall, of whose parish Mr. Clarke was a member, was in charge.

Orders were issued yesterday by General Victor Williams, G.O.C., M. D. No. 2, detailing two troops of cavalry from the Royal Canadian Dragoons and a band, to be composed of one warrant officer and twenty-nine bandmen from the Sixth Infantry Brigade, Toronto, for the funeral. The Dragoons and the band formed up on the Bloor street in front of the church immediately following the service.

A General Williams also announced that a place had been allotted in the procession for officers and ex-officers. These were to wear service dress with swords, while staff officers were to wear blue uniforms. Mourning bands were worn.

As far as the civilian portion of the procession is concerned, Col. Alexander Fraser, the Official Secretary, announced that during the service the motor cars would be parked on Jarvis street, north of Wellesley, facing north, and on Huntley street.

More Aircraft Casualties

NEW YORK, Aug. 31.—The dirigible balloon "D-6"—the largest United States naval aircraft of its type—and the kite Balloon "A-6" were destroyed by fire which also razed a hangar today at Rockaway Point Naval Air Station. Explosion of gasoline from an unknown cause started the blaze.

Although a number of men were in the hangar only one man was slightly burned.

STILL NO NEWS FROM NAPANEE

Chief Barrett Tells the Ontario They Have Nothing to Report
GANG STICKS TOGETHER!
Reports of Speeding Car From Two Points Traced by Belleville Officer

Chief of Police Barrett of Napanee, had nothing to report when questioned by The Ontario over the long distance telephone this afternoon. "We are running to earth all reports that we receive and that is all we are able to do," he said.

"As long as this gang stick together, we will not be able to do much, but once they separate, if they do, then they'll begin to distrust each other, and that may help us."

People living at Tamworth reported that an automobile passed through there at a very fast rate of speed between 2 and 3 o'clock on Sunday morning. There was also a report that an auto had passed through Roblin and Erieville early on Sunday morning. Believing that he might be able to pick up a clue regarding the car stolen from Mr. Robinson in Napanee, Provincial Constable Ward of Belleville, was sent to this ground, but his investigation did not give the police anything to work on.

Provincial Detective A. B. Boyd, Provincial Officer Ward, Chief of Police Barrett, Napanee; High County Constable Brain, Camden East, and County Constable McGreer, are all engaged on the case.

No Description of Man
At the resumed inquest at Napanee into the circumstances surrounding the killing of Constable Richard A. Beard early Sunday morning, Vincent Bova, Italian fruit dealer, declared that a man had pointed a gun at him from a laneway off Dundas street about three minutes after the shooting of Constable Beard took place. Witnesses could not say for sure whether it was a gun or a long stick the man had pointed at him.

Eight witnesses were heard and an adjournment made for two weeks in order to give the police time to work on the case. Not one witness could give a description of the three men said to have been in the alleyway. The revolver carried by the late Constable Beard was produced and it fact was established that his gun had not been discharged.

ROBBERS SECURE \$224,000.
CHICAGO, Aug. 31.—Robbers who looted nineteen deposit boxes in the Security Trust and Deposit Company's vault in the Masonic Temple obtained \$224,000, officials of the company announced yesterday. The loss is covered by insurance.

MARTIAL LAW APPEALED FOR BY CIVILIANS

Lord Mayor and Chief of Police Ask Troops to Regain Control
SNIPING AS AN ART
Field Glasses Used by Former Soldiers in Most Approved Manner

DUBLIN, Aug. 31.—Officers and men of the Irish "Republican" army have been ordered to hold themselves in readiness for instant mobilization.

BELFAST, Aug. 31.—Early today, Sir William Coates, the Lord Mayor, made strong representations to General Carter Campbell, commanding the British troops in Ulster, and Chief of Police Gelston, concerning the need for protection of the city's citizens.

Last night the Ulster special constabulary, nearly all former soldiers were in action in the Stanhope street area. Sniping is carried out on the most approved lines, field glasses being used by the snipers.

By mid-afternoon with a fighting still in progress in some areas since Monday night, the fighting was still in progress.

Between the fighting between Ulster Loyalists and Sinn Feiners continued here this morning causing scenes of the most atrocious in some of the city's main thoroughfares. Another man was killed at 8 o'clock, making the total dead up to then, nine. Staffs in hospitals have been strained to the utmost caring for those wounded in last night's rioting.

Military authorities, it was announced at mid-day, will assume control of Belfast within an hour as the result of representations of the Lord Mayor, as to the urgent necessity of affording this city's citizens protection in view of the fierce rioting and fighting in progress.

"ALL YOU CAN EAT FOR FIFTEEN CENTS"

New York's Shabbiest Bench Warmers Have a Friend
NEW YORK, August 31.—Chronic "habitués" of New York's park benches are gurgling the praises of their newest and most beloved benefactor, a West Thirty-Fourth St. restaurant.

Coincided with the recent opening of the doors of the new bean emporium there was an elaborate display of the sign painters' art, bearing the following magnetic phrases:

"All the beans you can eat for fifteen cents."
"All the spaghetti you want for fifteen cents."
"It's hell to be broke; if you're hungry, come on in anyway."
The proprietor declares the restaurant is a great success. "There are few," said he, "who haven't fifteen cents. Those who haven't are such good walking advertisements that it is a joy to see 'em eat."

MAKE WAY FOR BANK
Tailorcraft and Churchill Firms are Moving Next Door
Tailorcraft Limited and F. W. Churchill, upholsterers, are removing from 194 to 192 Front Street to make way for the Union Bank, the premises at 194 Front to be fitted up as an office of this financial institution.

NEW ALBERTA MINISTER.
EDMONTON, Aug. 31.—The first departmental change of consequence in the new Provincial Government since the taking of office by the Greenfield cabinet some days ago is announced by Hon. V. W. Smith, Minister of Railways and Telephones, who has selected John Callaghan of Calgary as deputy minister of these departments.
