"Joker" Sears (22)PRETTY WEDDING
HELD AT BURFORDMiss Mary A. Bonney Unit-
ed in Marriage to
A. S. AmyA very quiet but pretty wedding
was solemnized at the home of Mr.
and Mrs. Wellington Bonney, Bur-
ford, Wednesday, March 28th, at
three o'clock, when their youngest
daughter, Mary A. (Baby) was unit-
ed in marriage to Mr. A. Stuart
Amy, only son of Mr. and Mrs. A.
E. Amy, the knot being tied by the
Rev. Seton-Adamson, of Paris.
The bride entered the draw-
ing room on the arm of her father to
the strains of the wedding march
played by her sister, Mrs. Harry
Rutherford and took their places be-
fore a bank of ferns and lilies. The
bride was becomingly gowned in
white Duchesse Satin with almost over-
dress, trimmed with seed pearls, and
carrying a bouquet of white roses and
carnations. After signing the regis-
ter the guests adjourned to the din-
ing room, which was prettily de-
corated with pink and white hyacin-
ths, where a bountiful wedding
breakfast was served.The happy couple left for Got-
terich and points west, the bride trav-
elling in navy blue serge suit with
black milan straw hat and white
Ostrich plume and black furs.
The bride was the recipient of
many beautiful presents including a
pearl necklace from the groom.
Their many friends wish them both
a long and happy wedded life.COMMENDATION
FOR RUSSIANSDewart Resolution to the
Duma Endorsed by
LegislatureToronto, March 31.—Applau-
se from both sides of the House greeted
the passing in the Legislature yester-
day of a resolution congratulating
the Russian Duma and the Russian
people upon the establishment of
free institutions and responsible
government. The resolution was in-
troduced by Hartley Dewart, K.C.,
who described the struggle of the
Russian people for freedom, and
spoke of the influence of the revolution
in strengthening Russia's contribu-
tion to the struggle for freedom.
The South-west Toronto member
used the occasion to pay a tribute to
the Jews who were fighting under the
banners of Russia, and to those who
were fighting in the British army,
particularly the Jewish refugees
from Palestine who were formed in-
to what was known as the "Zion"
Regiment, and fought at the Dar-
danelles."I may be pardoned," he said "for
making this reference in view of the
cheap sneers that have been uttered
and published with reference to my
hope that Palestine might be restor-
ed to the Jews under a British pro-
tectorate. The freedom of the Jews in
Russia has been maintained and the
Turk is being expelled from Pales-
tine."Geo. R. Gooderham seconded the
resolution, paying a tribute to the
many excellent qualities of the Rus-
sian people.Sir William Hearst supported the
resolution with an eloquent speech.
The people of Ontario were deeply
interested in the welfare of the Rus-
sian people and more confident than
ever now that they would remain by
the side of their allies until the war
was brought to a successful conclu-
sion. A new era had dawned, not only
by hearty tribute to the Russian peo-
ple for Russia, but for the whole
world.Mr. Rowell followed with an equal-
ly heart tribute to the Russian peo-
ple, laying special stress upon the
fact that, apart from the United
States, Russia was Canada's nearest
neighbor on the Pacific coast, and
that after the war Canada particu-
larly the West should benefit by the
marvellous industrial development
that was bound to come in Russia.

ment of the money on account of the
building operations now pending,
and Chairman W. E. Kelley, K. C.,
in submitting the report, stated that
the chairman of the finance commit-
tee of the council had requested that
such disposition of this fund would
assist in keeping down the town's in-
terest account. The report was
passed without alteration and the
secretary was instructed to forward
a copy to the clerk.Simcoe, March 31.—Mr. C. F.
Neff addressed the Board of Educa-
tion last night regarding the neces-
sity for launching the school gar-
den campaign at once. He had many
suggestions as to methodical pro-
cedure. Members all round the table
voiced the wisdom of the move in
the face of the possibility of a world
wide famine before a year passes
over.No Time for Golf.
In fact from the sentiments ex-
pressed by member after member, it
was quite apparent that golf and
other such non-productive recrea-
tions will not be popular in Simcoe
in 1917.Mr. Neff will, if possible, address
the townspeople on Monday even-
ing, and the combined meeting men-
tioned in our yesterday's despatch
will be held on Tuesday evening in
the town hall.Chairman A. M. Monroe was dele-
gated to attend the trustees depart-
ment at the O.A.E. convention in
Toronto, beginning on April 10th.The board will advertise for a
teacher of classics for the remainder
of the academic year.The next regular meeting night
falling on Good Friday, the board
will meet the following Friday.It is apparent from the estimates
that although it has been alleged
that all salaries are increasing, the
board does not contemplate any in-crease. Neither is it contemplated to
spend much on repairs, not even for
the high school heating plant.A suggestion that the North ward
school site be made a garden would
indicate that the board considers
building there this year quite out of
the question.Press Photographs

besides being a veteran of the Pen-
sioner's Aid of 1866, when he marched
away with the Fenwick Rifles to
help repel the invaders, has the dis-
tinction of being the oldest printer

has engineered the typographical de-
partment of the "British Canadian,"

oped some days ago.Obituary
Alexander Messacar died at his
home, 132½ Maple street early yester-
day morning, aged 71 years. He
was for the greater part of his life
a bachelor, but some five years ago
married Mrs. S. M. of Lyndoch. Mr.

Simcoe, March 31.—The sensa-
tion caused on Monday over a near
fatality, originating in another foot
with a fire-arm, has well nigh set-
tled down to quietude, and the af-
flicted citizen is well on the way to
recovery.For the latest re L. E. and N. ex-
tension, see Simcoe news.Millions of Young Fish to Replenish
Erie's Waters.Commencing on Tuesday and end-
ing to-day, Fisheries Inspector Jas.
Voices, of Nanticoke has superintend-
ed daily the placing of about 1,250,000
young white fish in the lake, at
Dover. About seven million in all
were committed to the lake by fish-
ermen here. This is a small frac-
tion of the hatch from spawn taken
at the Port and at Nanticoke last
fall, and developed in the hatcheries
at Erie, where about 105 millions
more were hatched. The Commercial
Perry is expected over with more later.
Blue pickerel and trout will also be
added as the season advances. The
fish placed this week were in ex-
ceptionally good condition, and were
carefully transferred from the cans
—resembling cream cans—in spite
of the rough weather, which has pre-
vailed for the past few days. Nets
were not lifted Wednesday or Thurs-
day, owing to rough weather. There
is less evidence of ice in the lake
and the boats out to lift nets had
not returned at 2.30 yesterday. The
Kolbe Co. has found a market for
the eel-pouts, which are taken in
considerable quantity along with the
white fish.The west end lamps were lighted
on Thursday by a boat from Port
Maitland, and the port beacon will
be in evidence next week.We learned with surprise that the
Normandale hatchery has a capacity
just a little in excess of the fish-
hatchery mentioned above, and it is
hoped that there will be an early
move on the part of the government
to provide the necessary equipment
for hatching here next winter.Dover Red Cross
The Courier man called at the
home of Miss V. Graham, secretary
of the Red Cross organization. (The
secretary was out, but Mrs. Graham,
who bade us welcome, gave us some
rather surprising details. Members,
only about 75, but then you know
we have some knitters besides, and
she remembered the Dover is rich,
comparatively rich in grandmothers,
who have known the soldier boys as
their own offspring, from childhood.Here are the figures for the last
four weeks, for they meet and ship
every week, and all are hand knit:
96 pairs, 72 pairs, 96 pairs, 153pairs, or 432 for March, and all sent
to the Red Cross headquarters since
the boys left home. "And were
you aware that for some months
Simcoe K. O. D. E. had almost all of
the 133rd to care for in a direct
way." Well perhaps, but our L. O.
D. E. I think works with Simcoe.
And there is another "chapter" to
hear from. So that the above is
only the rock end of one of Dover's
organizations. The Red Cross work
includes pyjamas, towels and hos-
pital supplies—in a word Dover is
doing its—more than bit. And the
port is getting awake to the possi-
bilities of vegetable gardening for
the summer cottage trade. In fact
some suggest that a turn at garden-
ing might have a wholesome effect
on visitors who are wont to make
the walk in ring while toiling hum-
anly is endeavoring to sleep and it
is whispered that the village J. P.
has a sentence ready for all who
disturb him charged with distur-
bing conduct o' nights. Brant-
ford sports take note.Mrs. D. T. Smith, Secretary of the
L. O. D. E. at Dover was out of
town, but the chapter is quite active
we are told.A. A. Culver breathed his last
at about 4.30 this morning.This morning states that Supt.
