The practical side of science is reflected in

A monthly publication of inestimable value to the student of every day scientific problems, the mechanic, the industrial expert, the manufacturer, the inventor - in fact, to every wide-awake person who hopes to better his condition by using his brains. The inventor, especially, will find in The Patent Record a guide, philosopher and friend. Nothing of importance escapes the vigilant eyes of its corps of expert editors. Everything is presented in clean, concise fashion, so that the busiest may take time to read and comprehend. The scientific and industrial progress of the age is accurately mirrored in the columns of The Patent Record, and it is the only publication in the country that prints the official news of the U.S. Patent Office and the latest developements in the field of invention without fear

THE PATENT RECORD, Baltis

proprietors have adhered strictly to the rule of pub-lishing none but genuine testimonials.

Mr. CHAS. SUDDS. "You are at perfect liberty to use my name if it will be of any benefit to rheumatic sufferers," writes Mr. Charles Sudds (farmer), Simcoe Island. Mr. Sudds says that he suffered untold agony with rheumatism for eight years. The disease affected him in the back, hip, and down the sciatic nerve. The pain and loss of sleep he experienced made life not worth the living He might as well have taken so much water as the various other rheumatic remedies he tried. The truthful aspect of the test-imonials in favor of Dr. Hall's Rhunghard Curn induced him to try a bottle, and he felt the effects of the first dose. He used half a bottle, and has not half a pain or ache since, although he half been a sufferer for eight years.

Dr. Hall's Rheumetic Cure is put up in 30 cent bottles containing ten days' treatment. For sale by all druggists and dealers. have taken so much water as the
