The annual educational sermon will
be delivered in the Victoria Avenue
Methodist Church on Sunday, by Rev.
W. H. Locke.

News has arrived in this city of the
serious illness of Mrs. E. N. Baker,
wife of Rev. E. N. Baker, formerly
pastor of the Park St. Church, but
now of Stratford. Four doctors were
in consultation regarding Mrs. Baker's
condition last week.

"The boys on our street are training
one of their dogs for circus purposes,"
said a resident of Victoria avenue.
The young fellows run through mud
puddles, and the dog in preference to
running through after them, jumps
over. The animal is now expected to
jump 20 feet, but the boys expect to
double the record before navigation
on the avenue closes. By the way, it
is decidedly unusual to see boys run-
ning barefoot on Oct. 26th.

Once you wear a \$2.50 Barrington
Hat you will have no other. To-mor-
row 400 of the new Fall shapes for
\$1.87 each, at The 2 T's.

Walter J. Humphrey, the three-
year-old son of Richard Humphrey,
Wellington street, died very suddenly
at 10 o'clock this morning. The lit-
tle fellow had been playing around
yesterday and last evening he ate
some chestnuts. Soon after Walter
complained of a pain in his stomach.
The little fellow's condition grew
worse and this morning he died. The
family have the sympathy of a large
circle of friends in their bereavement.

A DISHONEST WOMAN CAUGHT.
Yesterday afternoon a lady visited a
King street establishment and left her
pocket-book, containing some \$7, on the
counter. Returning a few moments later
she found it gone. Fortunately the pro-
prietor noticed a woman near the counter
at the time of the leaving of the purse. She
was followed up and when confronted with
the charge, restored the stolen goods.

THEY SAW HIS HOLINESS.
Letters were received yesterday from Dr.
McKeough giving a description of the ad-
ministration of the pope's blessing to the
only son of Sunday, 24 of October.

The Holy Father was carried in to St. Peter's,
seated in a golden chair and dressed in white
and gold, on the shoulders of a dozen young
men dressed in scarlet and followed by a
large number of cardinals, among whom was
the great Cardinal Rampolla, dressed in
red robes. The pope's arrival was announce-
d by most vociferous cheering and his re-
ception was most warm and enthusiastic.

The pope's arrival was very distin-
guished, being over 90 years old. He looks
naturally frail but his eye was clear and
piercing. He passed so close to Doctor and
Mrs. McKeough that they could have al-
most touched him. It was the grand-
est sight they have ever seen. From Rome
Dr. and Mrs. McKeough went to Naples and
back to Nice and the Riviera. They joined
Mr. and Mrs. James Gray in Paris, where
they remained a week and are now in Lon-
don. They sail for home on the 3rd Nov.

FOR MAKING GAS

Peat Has Been Found to be Very
Valuable—A Successful
Dryer.

J. I. Scott has returned from a
trip east, during which he visited the
peat fuel works near Peterboro.
These works are turning out large
quantities of peat which is all being
consumed in Peterboro, the nearest
market. That city's fuel supply has
therefore been solved. Mr. Scott's
visit to these works was to see a dryer
they had in operation. The dryers
hitherto in use, though costing some
\$3,000 each, have not been satisfactory.
However, the new machine, which is
an old invention, seems to fill the bill.
An American was visiting the Peter-
boro works and observed that the
main trouble in making peat fuel was
in the extraction of the moisture.

"Why don't you try one of these
machines they use for squeezing
pulp," he said.

The peat fuel people took the hint,
tried it and found it was just what
they wanted. The Chatham company
therefore will adopt this pulp ma-
chine for their works next summer.

"What I found most interesting,"
however," said Mr. Scott, "was to see
the use peat could be made of for
the production of gas. The works
are all lighted by gas made from peat.
They had a little retort there also for
experimental purposes. To show me
the value of the product they put two
pounds of peat in that retort and the
gas produced burned for an hour and
forty minutes with a big, strong
flame.

"To my mind," said Mr. Scott, "the
greatest value peat has is for gas
purposes. While I was there they
were sending three carloads of the
fuel to the other side to be tested by
a gas company."

An expert guarantees that peat
with 25 per cent moisture will pro-
duce 21,000 feet of gas to the ton, and
with ten per cent of moisture 38,000
feet. With the dryer they are now
using the peat runs about ten per
cent."

the pill demand—they're so pleasant

BOERS TAKE JACOBSDAL.
Cape Town, Oct. 26.—The Boers
have captured Jacobsdal, southwest
of Kimberley, after a stubborn re-
sistance on the part of the garrison,
which consisted of a detachment of
Cape Town Highlanders. The latter
suffered severely, losing 34 out of 52
men.

FIRE IN RALEIGH.
The barn and other farm buildings
of George Jordan, 8th con., Raleigh,
were completely destroyed by fire last
evening. The burning out of the
Richard Jordan, of Chatham, had been
busy all day at his brother's place and
it is believed that the fire was caused
by a spark from the engine. The fire
was first noticed about 7.40, and
within a short time all the buildings
and straw stack were in a blaze. Mr.
Jordan lost this year's crop and his
machinery in addition to his buildings.
Thrasher Richard Jordan, of Chatham,
has his separator burned. Mr. Jor-
dan had just put up a new residence,
but fortunately, the wind was in
the right direction, or it would have
gone, too.

A PLEASANT AFFAIR.
The lecture hall of Holy Trinity Church
was last evening the scene of a most enjoy-
able and successful entertainment under
the auspices of the Young People's Society
and Miss Baxter, the energetic and talented
convenor. Thos. Scullard occupied the
chair and proved himself a model presiding
officer. The program in its entirety was
well and the accompaniment throughout
were skillfully played by Miss Nellie Rhody.
The ladies' mandolin club, under the direction
of Miss Adele McLean, also contributed
much to the enjoyment of the evening.
