### ONLY ONE CURE FOR A BAD STOMACH

#### Indigestion and Similar Troubles Must be Treated Through the Blood.

Indigestion can be treated in many ways, but it can be cured in only one way—through the blood. Purgatives cannot cure indigestion. By main force they move the food on still undigested. That weakens the whole system, uses up the natural juices of the body and leaves the stomach and bowels parched and sore. It is a cause of indigestion—not a cure. Others try pre-digested foods and peptonized drugs. But drugs which digest the food for the stomach really weaken its power. The digestive organs can never do the work properly until they are strong enough to do it for themselves. Nothing can give the stomach that power but the new, rich, red blood so abundantly supplied by Dr. Williams' Pink Pills. So the reason for their success is plain. The health of the stomach depends upon the blood in its delicate veins. If that blood is weak and watery the gastric glands haven't the strength to secrete the juices which alone can digest the food. If the blood is loaded with impurities it cannot absorb the good from the food when it is digested. Nothing can stimulate the glands, and nothing can absorb the nourishment but pure, red blood. And nothing can give that pure, red blood but Dr. Williams' Pink Pills. Mrs. Alfred Gallant, Mill River, P. E. I. says: "For several years, previous up to two years ago, I suffered continually from indigestion. I could not eat enough to keep my strength, and what little I did eat, no matter what kind of food, caused great pains, so that I became much reduced in flesh, strength and energy. I consulted several doctors and took medicine from them but about any benefit whatever. On the advice of a friend I began to take Dr. Williams' Pink Pills and soon good results were noticed. I could slightly increase the amount of food day after day, and suffered no inconvenience, until after taking ten boxes I could eat any kind of food and in a short time got back to my normal state of health and feel that Dr. Williams' Pink Pills have surely cured me of a most stubborn case of indigestion."

You can get these Pills from any dealer in medicine or they will be sent by mail at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

### COMPLEXION BEAUTIFIERS

#### Spinach, Watercress and Onions Good in Spring Time.

There is scarcely anything that can compare with spinach, watercress and young onions as complexion beautifiers. The girl who will religiously eat these early spring vegetables will soon conquer the complexion ills of the springtime. A dish of spinach, watercress, or onions every evening at dinner for a week is worth many bottles of cure for "that tired feeling."

The juice of a lemon squeezed into a glass of cold water and taken the last thing at night or the first thing in the morning has a beautifully clearing effect on the complexion. It acts on the liver, whitens the skin, and makes the eyes bright and sparkling. After taking the lemon juice, however, the teeth should be brushed carefully, as the acid promotes decay.

Many women have drab complexions because they drink far too little water. At least six tumblerfuls of pure water should be drunk every day, preferably on arising, between meals and just before retiring. Dry and salt foods need an occasional swallow of water while being eaten. There should be a happy medium, however, observed between taking no water at all during a meal and the other extreme of flooding the stomach with it.

Unless the pores of the face are kept open the skin becomes dry and leathery and prematurely wrinkled.

### KEEP CHILDREN WELL DURING HOT WEATHER

Every mother knows how fatal the summer months as to small children. Cholera, infantum, diarrhoea, dysentery and stomach troubles are alarmingly frequent at this time and too often a little life is lost after a few hours' illness. The mother who keeps Baby's Own Tablets in the house feels safe. The occasional use of the Tablets prevents stomach and bowel troubles or if the trouble comes suddenly will bring the little one through safely. Mrs. Geo. Howell, Sandy Beach, Que., says: "My baby was suffering from colic, vomiting and diarrhoea, but after giving him Baby's Own Tablets the trouble disappeared." Sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

The British Government owns 25,000 camels.

### REDOUBTABLE OLD SHIP

#### NELSON'S FLAGSHIP VICTORY IS 144 YEARS OLD.

#### She Had Established a Glorious Record Long Before Trafalgar Was Fought.

The Victory was 144 years old last month. The redoubtable old ship was put afloat at Chatham Dockyard on May 7, 1765, and her age at Trafalgar, therefore, was more than forty years, or double the effective life of a modern warship.

The first Victory of which any record appears in the annals of the British Navy bore the flag of Admiral Sir John Hawkins, in the conflict with the Spanish Armada. The immediate predecessor of the existing ship was a first-rate of the line of one hundred guns. During a violent tempest on Oct. 8, 1744, she was caught in the Race of Alderney and lost. There perished in her Admiral Balchen, "one hundred gentlemen's sons," and her crew of close upon a thousand hands. This is believed to be the most disastrous shipwreck in all history.

### A GLORIOUS RECORD.

Although popular idea associates the present Victory with Nelson's immortal triumph, she had established a glorious record long prior to Trafalgar. She carried the flags of Keppel and D'Orville at Brest, of Howe at the relief of Gibraltar, of Hood at Toulon, of Hotham off Hyeres, and of St. Vincent in the famous fight of 1797.

At the date of her launch she was the veritable Dreadnought of her age, her burthen being 2,164 tons. At the present time she only carries twenty-four light guns for saluting purposes—nearly a hundred fewer than formed her armament at Trafalgar.

### MUCH CHANGED.

The Victory has recently been restored more closely to the semblance of her original appearance, save that her spars remain much more dwarfed than when she sailed the seas. She was the first ship of war to carry royals and topgallant studding-sails. Her topsides are still in a good state of preservation, albeit showing many signs of wood-worm. Her bottom, however, consists very largely of bricks and mortar.

Probably less than one-third of the original woodwork now remains in the hull, which was severely knocked about during the French wars. It is computed that if all the trophies fashioned out of "genuine timber from the Victory" could be collected they would suffice to build at least four such ships as she.

### A Great Record

An illustrated booklet of St. Margaret's College gives the record of its pupils for the year—EIGHTEEN attended Universities. FOURTEEN taught Music. FOUR had their paintings accepted by the Ontario Society of Artists. TWO exhibited their paintings at exhibition of the Royal Canadian Academy. FOUR are engaged in teaching. THREE are in active journalism. NINE are employed as trained nurses.

The illustrated prospectus may be had by applying to the "Secretary," St. Margaret's College, Toronto.

"I'll have to ask you to pay in advance," remarked the hotelkeeper. "Isn't my luggage good enough security?" "I fear it is a little too emotional," "Emotional?" "Yes. Easily moved."

Much distress and sickness is caused by worms. Mother Graves' Worm Expeller gives relief by removing the cause. Give it a trial and be convinced.

### UNCONQUERABLE SOULS.

The English soldier who sent his people the tunic he had worn in a battle at the beginning of the South African War, and wrote from hospital, "You will see that there are eleven bullet-holes in it, but I was awfully lucky; only six of them hit me," has a rival in an English schoolboy of ten, whose cheerful acceptance of the "bludgeonings of chance" a writer in St. James Budget has made public.

"My life has been a very lucky one," wrote the ten-year-old. "When I was three years old I fell down-stairs and cut my head. When I was five years old I was looking at some hens, and a dog bit my leg.

"When I was eight I went with my brother in the trap, and the horse fell and threw us out of the trap; my brother lit on his feet and I hit on the horse's back.

"Last year I was playing, and ran into a lorry and cut my eye-brow, and it has left a mark.

"One day I went into the slaughter-house, and a big sheep ran after me and knocked me down, and broke my arm.

"I have had a happy life."

He is anything but a good barber who cuts an acquaintance.

### Bull Dog Brand AMMONIA POWDER

It Has no Equal Ask Your Grocer For It Don't Accept Just as Good WE CLEAN UP EVERYTHING Save the Coupons enclosed in each package and compete for a Prize, Five Dollar Gold Piece for Whole complete Dog. Beautiful Metalized Rose Hat Pin for Half Dog. Manufactured by J. B. PAINE CO., Ltd., Toronto.

### A PROMISING APPRENTICE.

Carpenter—"Now, I told you this morning to grind all the tools during my absence. Got 'em all done?" Apprentice—"All but the saw, sir. I haven't finished that yet."

Carpenter—"How's that?" Apprentice—"Haven't got all the gaps out of it yet, sir."

Small but Potent.—Parmelee's Vegetable Pills are small, but they are effective in action. Their fine qualities as a corrector of stomach troubles are known to thousands and they are in constant demand everywhere by those who know that a safe and simple remedy they are. They need no introduction to those acquainted with them, but to those who may not know them they are presented as the best preparation on the market for disorders of the stomach.

### DETAINED.

Papa—"I can't see why that young man who is calling on Minnie hasn't sense enough to go home. It's nearly midnight."

Johnny—"He can't go, father. Sister's sitting on him!"

### A Standard Medicine—Parmelee's Vegetable Pills.

entirely vegetable substances known to have a revivifying and salutary effect upon the digestive organs. have through years of use attained so eminent a position that they rank as a standard medicine. The ailing should remember this. Simple in their composition, they can be assimilated by the weakest stomach and are certain to have a healthful and agreeable effect on the sluggish digestive organs.

### "Young man," said the pompous individual.

"I did not always have this carriage. When I first started in life I had to walk."

"You were lucky," chuckled the youth. "When I first started in life I had to be carried."

### If allowed to roam over your house those few innocent-looking house flies may cause a real tragedy any day, as they are known to be the principal agents for the spread of those deadly diseases, typhoid fever, diphtheria and small-pox. No other fly killer compares with Wilson's Fly Pads.

### "Aw, it seems to me, Miss Brown," said a "golden youth" to a pretty young lady, "I have forgotten something—aw, let me see!"

She suggested gloves as the absent article. "Oh, no! Now I remember. Aw—will you mawmy me!"

### Red-bank, Warty, Watery Eyes

Relieved by Murine Eye Remedy. Compounded by Experienced Physicians. Murine Doesn't Smart, Soothes Eye Pain. Write Murine Eye Remedy Co., Chicago, for Illustrated Eye Book. At Druggists.

### Eminent Teetotal Doctor (to applicant for situation as coachman):

"There's one more question—Are you sober?" Applicant: "Oh, yessir, very often, sir!"

### Attacks of cholera and dysentery come quickly, there seldom being any warning of the visit. Remedial action must be taken just as quickly if the patient is to be spared great suffering and permanent injury to the lining membranes of the bowels. The readiest preparation for the purpose is Dr. J. D. Kellogg's Dysentery Cordial. It can be got at small cost at any drug store or general dealer's, and it will afford relief before a doctor can be called.

### Fiction is stranger than truth, in spite of the proverb. Here is a striking example of the contrast between "the way it is in books" and real life. In the book this is the method used:—"Outside the wind moaned unceasingly, its voice now that of a child which sobs to itself in the night, now that of a woman who suffers her great pain alone, as women have suffered since life began, as women must suffer till life wears to its weary end. And mingled with the wailing of the wind, rain fell, fell heavily, intermittently, like tears wrung from souls of strong men." In real life we simply say:—"It's raining."

### Holloway's Corn Cure destroys all kinds of corns and warts, root and branch. Who, then would endure them with such a cheap and effectual remedy within reach?

### Fortunate is the bride who marries the best man at her wedding.

### SEE THAT YOU GET THE REAL THING.

—Unscrupulous makers are putting up a counterfeit of "The D. & L." Menthol Plaster. The genuine is made by Davis & Lawrence Co.

### PAID IN ADVANCE.

Mrs. Rockefeller, mother of the great J. D., millionaire, was rather a strict disciplinarian, and upheld the standard of the family with a birch switch when it showed a tendency to deteriorate.

Once, when J. D. was being punished for some unfortunate doings which had taken place in the village school, he felt called upon to explain, after the whipping had begun, that he was entirely innocent of the charge preferred against him.

"Never mind," replied his mother, "we have started on this whipping, and it will do for next time."

Lots of self-made men manage successfully to conceal it.

A man may know his wife like a book, but he can't shut her up like one.

### SLEEP FOR THE SLEEPERS.

#### Specialist Woes Slumber for His Wide Awake Patients.

A French specialist has come to insomnia. His method is somewhat vaguely described as "lulling the wide awakes to unconsciousness such as babies are put to slumber."

"It is a perfect palace of peace that he has opened in lovely Touraine," says the Lady's Pictorial. "Here is never a disturbing sound. The silence is broken only by the absolutely monotonous and soothing tick, tick, tick of solid grandfather clocks, and the scarcely perceptible drip of unseen fountains."

"Everything is seen through a cerulean haze, everybody moves in best slippers, the air is fresh but full of faint perfume. Before the eyes of very refractory patients slowly revolve colored balls, not the smallest rose leaf is allowed to crumple in any bed, each being so designed that there is no possibility of the body growing wearier. Here, in fact, the wooing of sleep has been made a positive science, and it is said no one can keep awake here, however hard he may try."

### AN INTERMITTENT MEMORY.

A small customer appeared at the grocery-store, and the smiling grocer asked him what he wanted.

"Please, mister," said the boy, "I can't remember what ma sent me for, but you can give me two cents' worth o' peppermint candy, 'cause she said I could keep the change."

### FOR YOUR GARDEN PARTY
