Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Ayer's Sarsaparilla is a tonic, a strong tonic. The only Sarsaparilla entirely free from alcohol. Do not stimulate unless your doctor says so. He knows. Ask him. Do as he says. J.C. Ayer Co., Lowell, Mass.

Constipation is the one great cause of sick-headache, biliousness, indigestion, bad breath, debility, nervousness. Has your doctor ever recommended Ayer's Pills to you?

No reports from teacher training, elementary, adult and I. B. R. A. departments. The only temperance army reported is in Newcastle Methodist.

Rev. Mr. Coffin gave a fine address on teaching training in Trinidad. There is the advantage of day schools being religious as well as Sunday schools. He praised Moravian work in that province especially.

Rev. S. J. MacArthur spoke on teacher training in New Brunswick. He said that everyone is conscious of the inefficiency of our Sunday Schools. In spite of the noble effort of the teachers, boys and girls entering college are sadly deficient in knowledge of the Bible. The pupil studies the Sunday School lessons at home only when he feels like it. Parents seem to take very little interest. We need more efficient training of teachers. They should be as systematically trained as are the day school teachers. He intended to have a Teacher Training class in connection with the St. James school the coming winter.

After session closed with continuation of Rev. Mr. Ross's excellent address of the forenoon.

The Secret of Good Pies

PIE CRUST, more than any other delicacy of the oven, ought to be tempting and appealing to the taste. You do not eat pie as a nerve tonic or to strengthen your appetite. You eat it for pleasure mostly. You want it, of course, to taste good, at the same time you want the crust to be light, flaky, wholesome. Now, pie crust properly made from

Royal Household Flour

is always good food, the absolute uniformity of this best of all flours eliminates failure entirely. You get the same delightful results every time and your pies are more healthful and nourishing than if made from ordinary flour. The reason is that "ROYAL HOUSEHOLD" having a larger percentage of high quality gluten, assimilates more readily, is more satisfying than ordinary flour, comes out of the oven flakier, more tender and more digestible. Be sure to try "ROYAL HOUSEHOLD" when next you make pies. It is the finest flour in the world not only for Pastry but for Bread and all family baking. "Optives Book For A Cook" containing 125 pages of tried and tested recipes will be sent free to any user of Royal Household Flour who asks for it.
