Newcastle Holds The Lawlor Medal

By Narrow Margin of One Point Newcastle Curlers Defeat Chatham

The annual play for the Lawlor Medal between Newcastle and Chatham curlers took place yesterday on both Newcastle and Chatham ice, nine rinks from each club playing.

The Newcastle curlers finally emerged victorious by the narrow margin of one point in one of the most unique series ever played between the two clubs, for although Chatham won six of the games played and tied another, they failed to lift the medal, the big scores piled up by the Skips F. Russell and Eddie Dalton proving too big an obstacle to overcome.

The scores and games were:

| Newcastle | Chatham |
|------------------------------------|--------------------|
| Chatham Ice, Afternoon | |
| E. Dalton, 24 | E. W. Jarvis, 9 |
| J. R. Lawlor, 8 | J. A. Irving, 15 |

LEAGUE OF NATION'S WON'T STOP WAR

Such is Opinion of Distinguished Canadian Just Returned from Germany--Says Germans are a Shattered People

Halifax, Mar. 1—The White Star Liner Lapland, with two thousand returning officers and men of the Canadian Expeditionary Force and a large number of civilian passengers, most of whom are proceeding to New York docked this morning after an uneventful passage of eight days from Liverpool.

Among the distinguished soldiers returning on the Lapland was Colonel C.W. Peck, V.C., D.S.O., M.P., for Prince Rupert, who is proceeding to Ottawa on special leave for the purpose of attending the sessions of the house, as the representative of Skeena B.C. Colonel Peck stated that he intended meeting his regiment, the 16th Canadian Scottish Battalion, at the port of disembarkation, upon its arrival in the spring, accompanying it to its destination. Colonel Peck won the V.C. on the second of Arras, when accompanied by his pipers, he led his battalion in person before Cambrai, breaking down a resistance of machine guns that had defied the whole division. The pipers were all killed. His D.S.O. was won at Vimy Ridge, and a bar was added for work done in August of last year. Colonel Peck was mentioned five times in despatches and wears of course the ribbon of the 1914-15 star. He went overseas as a captain with the thirtieth battalion. This is the first trip to Canada since the outbreak of the war. He is a native of Albert County, New Brunswick.

Major Sir Andrew McPhail, Professor of the History of Medicine at McGill University, and editor of the University Magazine, is returning after two years spent with the medical staff of the second division. Sir Andrew stated that he left the Cologne bridgehead on January 9. It is his opinion that the Germans are a shattered people and know that their idols are fallen. He thought it probable that the Rhine would be held indefinitely, and that the Huns would be left to work out their own salvation. He stated that very little interest was being taken in the peace conference in England, and that the opinion prevailed that the League of Nations would keep the peace, so long as the nations were disposed to keep it and no longer. The League that could not protect Belgium was not likely to be any more effective in future, with Hottentots and Chinamen added to it, said the Major. As for the contribution made by the United States, Sir Andrew said nowhere was appreciation of the American effort so high as in the army, which alone knew the magnitude of the services rendered and the difficulties overcome. The unrest in England was merely the reaction that had come to the country after being bathed in blood for four years. The people were face to face with a new economic system. In times gone by the whole world worked in England and dumped on her shores food, raw material and more or less finished goods. That had been stopped, and now commodities were scarce and dear, and wages, as they always did, were lagging behind.

Thirsty Chatham

Thieves Are Caught "With The Goods"

Two and One-Half Cases of Whisky Taken From Hickey's and Wine Brands and Gin From McKenzie's

Chatham, Mar. 2—On Thursday night, C.P. Hickey's drug store was broken into and two and one half cases of whisky were stolen along with some cigarettes. The thieves broke in the cellar window and made their way up from the cellar to the store, making their exit through the door. The chief of police got busy and located some of the stolen goods at the home of a young fellow named Walter Cripps. He was arrested early Friday morning with Thomas McCarthy. Fred King was taken in charge later in the day. Later on the former two admitted they broke into the store and took the goods, and said King was with them. The prisoners were arraigned in the police court on Saturday morning when Cripps and McCarthy pleaded guilty. King pleaded not guilty and was held for trial.

The self-confessed burglars have not been sentenced.

On Friday night an attempt was made to enter Hickey's store again, but the burglars could not get in, but were successful in entering McKenzie's drug store by breaking in the glass in the drug store door. They got a few bottles of wine and brandy and a jug of gin. So far no arrests have been made for this burglary.

Money to burn. Secretary-Treasurer Williston in the presence of Councilors Vanderbeck and Gill recently confined to the flames \$25,000 worth of retired County Bonds.
