Permanent Cure of Chronic Constipation.

Perhaps you've suffered with constipation for years, tried all the pills and pury gatives you ever heard or read of, without yetting any more relief than the one does of the medicine afforded. The medicine afforded is the pills and pury and the medicine afforded of the medicine afforded. If the miserices of constipation - Head ache, Sick Stomach, Biliousness, Pimples, and a thousand and one other ills crowded back on you again with redoubled severity. Wouldn't you consider it a blessing to the cured of your constipation so that it would say cured? So that a repetition of all the suffering you have endured would never come again? Burdock Blood Bitters can cure you-cure so that the cure will be permanent.

Bitters can cure you—cure so that the cure will be permanent. That's where it differs from all other remedies. It makes a thorough renova-tion of the whole intestinal tract, tones the bowel wall, acts on the liver and stomach, and causes all the digestive and secretory organs to so work harmoniously and perform their functions properly and perfectly that constipation, with all its

Take up the printed announcements of makers and importers of Rerdy-made Clothing, and when they strive to give emphasis to the alleged merits of their clothing they in. variably tell how nearly they approach to tailor-made.

Here are some quotations : "Elegantly tailored," Cut and finished equal to ordered work," " Equal in quality, fit and finish to suits made to order," or similar statements

. Then tailor-made clothes are different from imported factory-made, otherwise there would be no need to make comparisons. If tailor made were not the better clothes they would not be held up as the ideal to which the ready-made strive to reach.

The fact is there is a great deal of difference between a factory-made imported suit and a tailor-made, in style and durability.

The man that is indifferent as to the appearance of his clothes when he buys them and when worn a month, may be satisfied with a factory-made, but if he has regard to looks and economy, he will buy tailor-made garments.

For those who are not disposed to give the prices usually paid for clothes made to special order and are not satisfied with the imported ready-made clothing, we have made, and are daily adding, Suits and Overcoats of superior workmanship that we are selling as low in price as imported makes of inferior quality.
