The Huron *Expositor* has been shown a stalk of barley on which were four separate and distinct heads. The main head was fully as large as an ordinary sized barley head, and out of it was growing three other heads, each of which would measure over an inch in length. This stalk was taken from a field of four acres of the same kind on the farm of Mr. William Matthews, First Concession of Ashfield. Mr. Matthews obtained the seed from the Old Country about three years ago. It yields nearly three times as much grain as ordinary barley.

STRAYED.

FROM the premises of Kenneth McGregor, near Kintail, Ashfield Township, about the 1st of July last, one dark brown horse about 15 hands high, stoutly built, nine years old, and has a small star on forehead. Any one finding and leaving said horse at George Black's Hotel, Port Albert, will be suitably rewarded.

W. OLD.

Aug. 7th 1874. 1434c

BY-LAW No. 29

Of the Township of Colborne, in the County of Huron, for the year 1874.

WHEREAS the public highway running through Block A in the Township of Colborne, in the County of Huron, known as the Saw Mill Road is precipitous near the bank of the Lake and the said Road would be more convenient for the Public if a deviation were made so that the said Road should run near the River.

And whereas Henry Yarwood Attrill, Esquire, the owner of the said Block A. has laid out, graded and fenced a road through said Block A. which is more convenient than the present travelled highway and is willing that this Municipal Corporation should open up and assume the same as a public highway in lieu of the present road, from about the boundary line between Block A and B to the foot of the hill near the Lake on the River flats on said Block A as hereinafter more particularly described, on his receiving as compensation therefor that portion of the old road lying between the points aforesaid for which the said new road is substituted.

Now be it enacted by the Municipal Corporation of the Township of Colborne in the County of Huron, and it is hereby enacted that from and after the passing of this By-law a deviation shall be made in the public highway running through Block A in the said Township of Colborne, known as the Saw Mill Road, such deviation commencing at a point at or near the boundary line between said Block A and Block B and terminating at the foot of the hill on the present road near Lake Huron, and that a new road be opened and the same is hereby opened as a public highway for ever between the points aforesaid, and which said road is one chain wide and may be known and described by metes and bounds as follows, — commencing at a post planted on the south easterly side of Saw Mill Road said post being due south thirty nine and a half degrees west and a distance of one hundred and ninety two links from the angle formed by the intersection of the south easterly side of road with the south side of the same (said angle being on or about the limit between Blocks A and B) thence due south seven hundred and seventy five links more or less to a post planted thence due south thirty nine degrees west eleven chains and seventy links thence due south twenty and a half degrees west twenty five chains and eighty seven links thence due south ten and a half degrees west four chains and eighty links thence due south twenty six and a half degrees west three chains and one link thence due south nine and a half degrees west one hundred and sixty seven links more or less to the intersection with new picket fence at top of hill thence due south seventeen degrees west forty six links thence due south fifty two and a quarter degrees west six chains thence due south forty seven and a quarter degrees west two hundred and twenty seven links thence due south sixty six and three quarter degrees west two hundred and twenty seven links thence due south eighty degrees west one hundred and seven and three quarter links thence due south eighty five and three quarter degrees, west nine chains and forty-nine links, thence due south seventy-nine and three quarter degrees, west nine chains and seventy links more or less to the intersection with the south-easterly side of old Saw Mill Road, thence due south nineteen degrees west along said limit of road one hundred and fourteen links more or less to the southerly side of this "new" road allowance, which must have a width of sixty-six feet (measured at right angles to its several courses throughout), thence north easterly parallel to the above described courses a distance of eighty-eight chains more or less to the intersection with the south-easterly side of old Saw Mill Road, thence due south thirty-nine and a half degrees, west one hundred and fifty links more or less to the place of beginning, the whole containing an area of eight acres and eight-tenths of an acre more or less; and that the present travelled public highway through Block A aforesaid commencing at the point aforesaid, at or near the boundary line between said Block A and Block B and terminating at the said point at the foot of the hill on the present Road near Lake Huron, be and the same is hereby closed as a public highway for ever, and the same and the land covered thereby is hereby given and sold to the said Henry Yarwood Attrill as the price and compensation for the land taken from him for the new road hereinbefore described, and which said Road so closed as aforesaid may be known and described by metes and bounds as follows:—Commencing at a post planted on the south-easterly side of Saw Mill Road, said post being due south thirty-nine and a half degrees west, and a distance of one hundred and ninety-two links measured from the angle formed by the intersection of the south-easterly side of Road with the south side of same (said angle being near the limit between Blocks A and B), thence due south thirty-nine and a half degrees, west sixty seven chains and eighty-nine links, thence due south twenty degrees east two chains and fifty-eight links, thence due south fourteen and a half degrees west seventy-seven links, thence due south forty-four degrees west one hundred and seventy links, thence due south fifty-five and three-quarter degrees west one hundred and thirty three links, thence due south forty-nine degrees west two hundred and twenty nine links more or less to a point north of the close board fence at the foot of the hill (said point being sixteen feet measured at right angles to the said fence), thence due south seventy-nine and three-quarter degrees west seventy-eight feet more or less to the intersection with the north-westerly side of old Saw Mill Road, thence north-easterly following the north-westerly side of Road (parallel to the several courses above described as along the south-easterly side of road), a distance of seventy-seven and a quarter chains more or less to a point due north of the starting point in this description, thence due south one hundred and sixty links more or less to the place of beginning the whole containing an area of seven acres and seven-tenths of an acre more or less, and that a Deed of Conveyance be executed by this Corporation to the said Henry Yarwood Attrill of the said last described piece of land and the Reeve of the said Township of Colborne is hereby empowered and requested to execute such Deed and affix the Corporate Seal of the Corporation of Colborne thereto on the said Henry Yarwood Atterell executing and delivering to the said Corporation a Deed of Conveyance to the said Corporation of the first hereinbefore described piece of land for the purpose of a public highway for ever.

TAKE NOTICE.

The above is a true copy of a By-Law to be taken into consideration by the Municipal Council of Colborne on the 22nd of October, 1874, at the hour of 1 o'clock, P. M., in the Town Hall, Smith's Hill. I hereby call upon all persons interested to take notice.
