## A CRYSTAL LIGHT.

Doesn't that suggest a clear, bright light? That is why the name CRYSTALITE was chosen.

TEXACO CRYSTALITE is a crystal light, giving forth mellow, penetrating rays. It gives no smoke nor smell, and is good to the last drop.

TEXACO CRYSTALITE will not fluctuate, it gives a steady glow. The next time you buy illuminating oil don't merely ask for "a gallon of kerosene". Ask for TEXACO CRYSTALITE and find out why this illuminating oil is known as "the light of the home".

TEXACO CRYSTALITE costs no more than ordinary kinds and most good stores have it.

Remember the name. It will be worth your while to discriminate.

There's hardly a household or hamlet where "Queen Quality" Shoes are not worn or known. Travelers too, see the familiar "Queen Quality" trademark sign in many foreign lands.

What greater proof of their quality and excellence than the fact that they are demanded year in and year out by over three million women the civilized world over? NONE.

## KORFF'S COCOA

(Established 1811.)

103 years ago Korff & Co. started manufacturing Cocoa in a very modest way. To-day they feel that there is no part of the world that Korff's Cocoa is not known and used.

The British Medical Journal has this to say:—"Korff's Cocoa is absolutely pure, and from a health standpoint can be highly recommended."

YOUR GROCER HAS IT.
