If there are any "Ladies or Knights of the Maccabees of the city" who will help them to communicate with Mrs. Phillips, Provincial Commander, at the Grand Union Hotel.

On Saturday there were a number of Americans and ladies from the out-of-town getting their summer suits at the Irish Linen Store, 602 Centre street. They appear to know a good thing when they see it, and were simply tickled to death over them. The old adage says: "A stitch in time saves nine," so don't wait till the dress-makers are full up with work and then worry the poor things. Get your suit now and your turn will be next.

Bernard's Musical Merry Makers are producing the proper entertainment, and that is the reason the Orpheum is crowded each night. Matinee every day, catering to ladies and children.

## The Lyric Theatre

"Paid in Full" is replete with bright and witty sayings. In fact, the humorous author has never crowded so many clever lines into one comedy-drama. It sparkles constantly and sends waves of laughter and merriment over any audience in swift succession. There are some tremendous scenes in "Paid in Full," scenes that grip and carry one along. It will be beautifully staged and acted by the Lyric company.

## The Grand National Steeplechase

Today is the first day of the exhibition of Starland's special photographic pictures of England's great sporting event, which dates back to the Norman Conquest, and with which every Briton is familiar. This year's steeplechase, which took place on March 23rd of this year, is not a whit inferior to those of previous years, and was won by Jenkinson, practically on a level with the best. The pictures are clear, 440 feet in length, and most pleasing, except when two jockeys were badly thrown as they were taking difficult jumps. The winner was behind for a good part of the race, but eventually made a splendid finish and won by a good margin. Out of the 25 horses which made the start only half were still in the field at the finish, the distance of 4 miles, 485 yards, having been covered in 1 hour, 10 minutes, and 10 seconds.

## CLAREMONT WILL HAVE NEW GENERAL HOSPITAL

Nomination of Candidates for Vacancies in Council and School Board

Claremont, May 14.—A large meeting of citizens was held last night in the town hall with the view of instituting an up-to-date hospital for the town and district. There is a small hospital at present being run by the town, but it is not nearly large enough and is merely a makeshift. An enthusiastic meeting a committee was appointed to make the preliminary arrangements and to raise the sum of \$10,000 for the purchase of the large residence of H. L. Wannamaker at the west side of the town. A bylaw will be passed to enable the council to dispose of the present hospital.

The nomination for vacancies in the council and school board took place today, when T. C. Milnes, real estate agent, and K. Ferguson, factor, were nominated to fill the vacancy caused by the death of Alderman Jas. Clark. Mr. W. T. Rigby was nominated for school trustee in room of E. C. Camles, Fred.

Leeds & Elliott of Willow Creek, have disposed of their fine shire stallion, "Gillbrand Flag," to Geo. Hoadley of Okotoks.

## UNDECIDED AS TO WHICH SERVICE TO ATTEND

Representatives of Different Military Organizations Discussed Matter.

Representatives of the different military organizations in the city met at the C. M. R. on Saturday night to make arrangements for a general turnout of the forces on the day of King Edward's funeral, May 29.

No arrangements could be made as to whether the different corps would attend the joint services in Sherman's auditorium or those to be held in the cathedral, and the matter was left over to the understanding that the forces will meet on Friday morning next at ten sharp at the C.M.R. hall and decide then as to which service they will attend.

Colonel Walker occupied the chair and there was a large turnout.

## TAKE 12 HOURS TO PASS COMET'S TAIL

Earth Will Be Enveloped in Vapor of Tail of Halley's Comet From Noon to Midnight of May 18

Pasadena, Cal., May 14.—At six o'clock the evening of May 18, Halley's comet will pass between the earth and the sun, according to computations completed by Professor George Ellery Hall, director of the Carnegie observatory on Mount Wilson. The passage of the nucleus of the wanderer over the face of the sun will occupy 50 minutes he declared.

Professor Hall estimates that the comet's tail is between 20,000,000 and 25,000,000 miles in length.

His observations further lead him to believe the earth will enter the tail about noon on May 18 and will be surrounded by the vapor until nearly midnight.

During the time the earth is enshrouded in this mist, phenomena such as shooting stars and peculiarly tinted clouds may be noted. This, he stated, however, is purely problematical.

Professor Hall agrees with astronomers at the university of California that the comet will be invisible from May 16 to May 20. This is owing to the transparent nature of the matter which composes the nucleus of the head of the celestial wanderer. At May 20 the comet will appear in the evening sky and during the latter part of May it will be an object of great splendor for several hours after sunset.

## MEMORY OF LATE KING HONORED

(Continued from page 1.)

Of his 11th eldest brother, "Ninety-four years ago there was born a man who was destined to be the King of Kings, and who set an example to be found associating with them in the homes, in the market place or in the temple. He took hold of the hearts of the people and wielded an influence which permeated society to its very depths. He founded an enduring Kingdom and gave it a constitution and laws in his session on the throne. He spent three years in doing his work on earth, and took his throne from the cross of Calvary, with the motto 'It is finished.' The King of Kings died on a Friday, and King Edward V. also died on a Friday.

The late King's memory is not beloved, respected, revered and mourned by everyone on account of his own true greatness, but because of his own true nobility and nobility of character.

Why is Britain great today? It is said Mr. Hillocks, because of the words of the King of Kings and because the Bible is made the basis of the British constitution, and also because both Queen Victoria the Good and King Edward the Peacemaker made the Bible their constant companion and friend.

The late King was the friend of all classes and conditions of men, and he gave himself unreservedly for the good of the people who loved him.

In the case of the King of Kings the cross was the throne, and in that of King Edward the throne was the cross. His dying words, "It is finished," are just like those that came from the cross of Calvary. In them was summed up his whole life work. The world calls him the great peacemaker, and well he earned the title, because he tried to fashion his life after that of the Prince of Peace. In the years to come the names of "Victoria, the Good and Edward the Peacemaker" will be linked together, and above them the King of Kings and Prince of Peace, whose example they tried to follow.

Although King Edward is dead, we can all heartily say, "Long live King George V."

At the conclusion of Rev. Mr. Hillocks' eloquent address, everyone present joined heartily in singing the National Anthem, after which the lodge of mourning was closed in due form.

## Cremations in England

The movement in favor of cremation in England continues to make slow but steady progress, writes the London correspondent of The New York Medical Journal. During 1909 the number of cremations carried out in Great Britain was 856, an advance of sixty as compared with 1908.

The first crematorium in England was opened at Woking in 1885, and the total number of cremations since that time is 8,121. There are now at least thirteen crematoria in Great Britain, and this number will probably soon be increased. The Cremation Society of England has been very active in its propaganda work, and public interest is slowly being aroused.

Recently a cremation society was formed in Edinburgh. The object of the society is to promote the practice of cremation and burial reform by means of meetings, lectures and publications or otherwise. There are already about 100 members, including many well-known persons.

## OLDEST HORSE IN AMERICA

"Samuel J. Tilden," Veteran Maryland Equine, is 41 Years Old

Chestertown, Md., lays claim to the oldest horse in America. This horse, which is the property of Joseph Guest, a retired merchant, was foaled May 6, 1869, and was then owned by the late Thomas Van Dyke of near Kennebunkville, Me. Van Dyke sold the horse at public auction to Thomas Bosson, who subsequently sold it to the present owner.

On April 19 last Enoch King of Millington, called on Mr. Guest to take a look at the old horse and said: "I am 49 years old. When a small boy my father lived on Mr. Thomas Van Dyke's farm and I often drove up the horses from the pasture field and Stone wall, as is his name, was among them. On the day of the nomination of Samuel J. Tilden for President of the United States, Mr. Van Dyke drove the horse to Middletown, Del., a distance of some twenty-five miles, and being a great admirer of Mr. Tilden, Mr. Van Dyke then and there changed the name of the animal to Samuel J. Tilden, by which he has since been known."

Mr. Guest has made numerous efforts to discover an older horse, but has been unable to find a horse in the country than Tilden. He has written to the owners of all the horse reviews in the country, but up to the present he has been unable to find a horse in the country that is as old. The nearest approach to it was a horse owned by a gentleman in Pennsylvania who claimed the honor of seniority. A comparison of ages, however, revealed the fact that the Pennsylvania animal was several years younger than Samuel J. Tilden.

Mr. Guest says he will let the horse spend the remainder of his days in peace and quiet, enjoying the verdure of his pasture lot and the comfort of good stable quarters.

## Population of Nations

The unofficial estimate of the population of the United States is \$1,424,423, a gain of 15,000,000 in ten years. This places the Republic very high in the list of nations in respect to population.

The most populated nation in the world has usually been said to be China, but the latest information given out on this subject suggests that this may be an error, and that India may be entitled to the first place, but as India is not one nation, in point of fact the population of China is probably less than that of the British Empire. But accepting China at the figures usually given we find the population of the leading nations as follows:

Chinese Empire	400,000,000
British Empire	368,000,000
Russia	130,000,000
United States	91,000,000
German Empire	66,000,000
Austria-Hungary	47,000,000
Japan	46,000,000
France	39,000,000
Sweden	36,000,000
Italy	35,000,000
Turkey	25,000,000
Spain	20,000,000
Spain	20,000,000
Myore	18,000,000
Baroda	15,000,000
Gwalior	14,000,000
Madagascar	14,000,000

The population of Great Britain and Ireland is probably 45,000,000.

## Canadian Representatives to Funeral

It is announced that Lord Strathcona along with the Hon. Messrs. Aylesworth and Fisher will represent Canada at the funeral.

In a drizzling rain early today mounted artillery men left St. John Wood barracks to travel to London to be taken by the King's funeral procession on Tuesday from Buckingham Palace to Westminster Hall. A small carriage carrying sixty-eight horses, called at Chelsea barracks for a gun limber on which was placed a canvas coffin. The Duke of Connaught has taken a last look at his brother, King Edward was removed from the room in which His Majesty passed away, to the throne room of Buckingham Palace.

## 70 Years Old

GRATEFUL FOR MEDICAL AID.

"Though I had passed my seventieth birthday," writes E. A. Silvers from Duncan P. O. "I am painfully aware that one of the penalties of old age is the slowing down of the activities of the system. One of the most dangerous conditions of old age is constipation, an indirect cause of many sudden deaths. I have used many medicines, but none so suited to old age as Dr. Hamilton's Pills. They are wonderful regulators—keep the stomach and bowels in perfect condition, prevent indigestion, biliousness, liver complaint and constipation. I recommend Dr. Hamilton's Pills because they never grip nor cause distress—just a mild tonic laxative."

By using Dr. Hamilton's Pills regularly you have a guarantee of good health, 25c per box, at all dealers, or The Catarthosone Co., Kingston, Ont.
